**TITLE OF INFORMATION COLLECTION:** *Eunice Kennedy Shriver* National Institute of Child Health and Human Development (NICHD) Customer Satisfaction Survey on Continuing Education (CE) Activity on Risk Reduction for Sudden Infant Death Syndrome (SIDS) and Other Sleep-Related Causes of Infant Death: Curriculum for Nurses.

**PURPOSE:** The Safe to Sleep® campaign (formerly Back to Sleep) was launched to raise the public’s awareness of ways to reduce the risk of Sudden Infant Death Syndrome (SIDS) and to help inform all parents and infant care givers about the importance of back sleeping. The launch was supported by the *Eunice Kennedy Shriver* National Institute of Child Health and Human Development (NICHD) in collaboration with the American Academy of Pediatrics (AAP), the SIDS Alliance (now First Candle/SIDS Alliance), the Association of SIDS and Infant Mortality Programs (ASIP), and the Maternal and Child Health Bureau of the Health Resources Service Administration (HRSA).

Since the launch of the Safe to Sleep® campaign, NICHD has conducted the Continuing Education (CE) Activity on Risk Reduction for Sudden Infant Death Syndrome (SIDS) and Other Sleep-Related Causes of Infant Death: Curriculum for Nurses (formerly Nurse Continuing Education (CE) Program on SIDS Risk Reduction) to educate nurses on safe sleeping and to help reduce the risk of SIDS and other sleep-related causes of infant death. The purpose of this data collection is to assess the nurses’ satisfaction with the education activity and their satisfaction with using the campaign materials and information in health care delivery settings.

**DESCRIPTION OF RESPONDENTS:** Nurses who completed the online or live (in-person) version of the NICHD’s CE Activity on Risk Reduction for Sudden Infant Death Syndrome (SIDS) and Other Sleep-Related Causes of Infant Death: Curriculum for Nurses between calendar years 2016 and 2017.

**If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:**

**The selection of your targeted respondents**

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?  
 Yes       No

The universe of potential respondents are nurses who completed the CE Activity between 2016-2017 and have a valid email address in the nurse online CE Activity database. There are approximately 6,000 nurses in the database and it is expected that at least 30 percent (1,800 respondents) will complete the survey.

**Administration of the Instrument**

1. How will you collect the information? (Check all that apply)  
 Web-based or other forms of Social Media  
 Telephone  
 In-person  
 Mail  
 Other, Explain
2. Will interviewers or facilitators be used?  Yes  No

**Please make sure that all instruments, instructions, and scripts are submitted with the request.**
