TEMPLATE FOR CHILD HEALTH PLAN UNDER TITLE XXI OF THE SOCIAL SECURITY ACT CHILDREN'S HEALTH INSURANCE PROGRAM

(Rec	uired	under	4901	of the	Balanced	Budget	Act of 199	7 (New	section	21010	b)	1)
М					0		_ ~~~		, (=	00001		. – ,	,,

State/Territory:	
	(Name of State/Territory)

As a condition for receipt of Federal funds under Title XXI of the Social Security Act, (42 CFR, 457.40(b))

(Signature of Governor, or designee, of State/Territory, Date Signed)

submits the following Child Health Plan for the Children's Health Insurance Program and hereby agrees to administer the program in accordance with the provisions of the approved Child Health Plan, the requirements of Title XXI and XIX of the Act (as appropriate) and all applicable Federal regulations and other official issuances of the Department.

The following State officials are responsible for program administration and financial oversight (42 CFR 457.40(c)):

Name: Position/Title: Name: Position/Title: Name: Position/Title: Name: Position/Title:

^{*}Disclosure. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148 (CMS-10398 #34)0938-0707. The time required to complete this information collection is estimated to average 80 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, write to: CMS, 7500 Security Blvd., Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

Introduction: Section 4901 of the Balanced Budget Act of 1997 (BBA), public law 105-33 amended the Social Security Act (the Act) by adding a new title XXI, the Children's Health Insurance Program (CHIP). In February 2009, the Children's Health Insurance Program Reauthorization Act (CHIPRA) renewed the program. The Patient Protection and Affordable Care Act of 2010 further modified the program.

This template outlines the information that must be included in the state plans and the state plan amendments (SPAs). It reflects the regulatory requirements at 42 CFR Part 457 as well as the previously approved SPA templates that accompanied guidance issued to States through State Health Official (SHO) letters. Where applicable, we indicate the SHO number and the date it was issued for your reference. The CHIP SPA template includes the following changes:

- Combined the instruction document with the CHIP SPA template to have a single document. Any
 modifications to previous instructions are for clarification only and do not reflect new policy
 guidance.
- Incorporated the previously issued guidance and templates (see the Key following the template for information on the newly added templates), including:
 - Prenatal care and associated health care services (SHO #02-004, issued November 12, 2002)
 - Coverage of pregnant women (CHIPRA #2, SHO # 09-006, issued May 11, 2009)
 - Tribal consultation requirements (ARRA #2, CHIPRA #3, issued May 28, 2009)
 - Dental and supplemental dental benefits (CHIPRA # 7, SHO # #09-012, issued October 7, 2009)
 - Premium assistance (CHIPRA # 13, SHO # 10-002, issued February 2, 2010)
 - Express lane eligibility (CHIPRA # 14, SHO # 10-003, issued February 4, 2010)
 - Lawfully Residing requirements (CHIPRA # 17, SHO # 10-006, issued July 1, 2010)
- Moved sections 2.2 and 2.3 into section 5 to eliminate redundancies between sections 2 and 5.
- Removed crowd-out language that had been added by the August 17 letter that later was repealed.

The Centers for Medicare & Medicaid Services (CMS) is developing regulations to implement the CHIPRA requirements. When final regulations are published in the Federal Register, this template will be modified to reflect those rules and States will be required to submit SPAs illustrating compliance with the new regulations. States are not required to resubmit their State plans based on the updated template. However, States must use the updated template when submitting a State Plan Amendment.

Federal Requirements for Submission and Review of a Proposed SPA. (42 CFR Part 457 Subpart A) In order to be eligible for payment under this statute, each State must submit a Title XXI plan for approval by the Secretary that details how the State intends to use the funds and fulfill other requirements under the law and regulations at 42 CFR Part 457. A SPA is approved in 90 days unless the Secretary notifies the State in writing that the plan is disapproved or that specified additional information is needed. Unlike Medicaid SPAs, there is only one 90 day review period, or clock for CHIP SPAs, that may be stopped by a request for additional information and restarted after a complete response is received. More information on the SPA review process is found at 42 CFR 457 Subpart A.

When submitting a State plan amendment, states should redline the changes that are being made to the existing State plan and provide a "clean" copy including changes that are being made to the existing state plan.

The template includes the following sections:

- 1. **General Description and Purpose of the Children's Health Insurance Plans and the Requirements** This section should describe how the State has designed their program. It also is the place in the template that a State updates to insert a short description and the proposed effective date of the SPA, and the proposed implementation date(s) if different from the effective date. (Section 2101); (42 CFR, 457.70)
- 2. General Background and Description of State Approach to Child Health Coverage and Coordination- This section should provide general information related to the special characteristics of each state's program. The information should include the extent and manner to which children in the State currently have creditable health coverage, current State efforts to provide or obtain creditable health coverage for uninsured children and how the plan is designed to be coordinated with current health insurance, public health efforts, or other enrollment initiatives. This information provides a health insurance baseline in terms of the status of the children in a given State and the State programs currently in place. (Section 2103); (42 CFR 457.410(A))
- 3. **Methods of Delivery and Utilization Controls** This section requires a description that must include both proposed methods of delivery and proposed utilization control systems. This section should fully describe the delivery system of the Title XXI program including the proposed contracting standards, the proposed delivery systems and the plans for enrolling providers. (Section 2103); (42 CFR 457.410(A))
- 4. **Eligibility Standards and Methodology** The plan must include a description of the standards used to determine the eligibility of targeted low-income children for child health assistance under the plan. This section includes a list of potential eligibility standards the State can check off and provide a short description of how those standards will be applied. All eligibility standards must be consistent with the provisions of Title XXI and may not discriminate on the basis of diagnosis. In addition, if the standards vary within the state, the State should describe how they will be applied and under what circumstances they will be applied. In addition, this section provides information on income eligibility for Medicaid expansion programs (which are exempt from Section 4 of the State plan template) if applicable. (Section 2102(b)); (42 CFR 457.305 and 457.320)
- 5. **Outreach** This section is designed for the State to fully explain its outreach activities. Outreach is defined in law as outreach to families of children likely to be eligible for child health assistance under the plan or under other public or private health coverage programs. The purpose is to inform these families of the availability of, and to assist them in enrolling their children in, such a program. (Section 2102(c)(1)); (42CFR, 457.90)
- 6. **Coverage Requirements for Children's Health Insurance** Regarding the required scope of health insurance coverage in a State plan, the child health assistance provided must consist of any of the four types of coverage outlined in Section 2103(a) (specifically, benchmark coverage; benchmark-equivalent coverage; existing comprehensive state-based coverage; and/or Secretary-

- approved coverage). In this section States identify the scope of coverage and benefits offered under the plan including the categories under which that coverage is offered. The amount, scope, and duration of each offered service should be fully explained, as well as any corresponding limitations or exclusions. (Section 2103); (42 CFR 457.410(A))
- 7. **Quality and Appropriateness of Care** This section includes a description of the methods (including monitoring) to be used to assure the quality and appropriateness of care and to assure access to covered services. A variety of methods are available for State's use in monitoring and evaluating the quality and appropriateness of care in its child health assistance program. The section lists some of the methods which states may consider using. In addition to methods, there are a variety of tools available for State adaptation and use with this program. The section lists some of these tools. States also have the option to choose who will conduct these activities. As an alternative to using staff of the State agency administering the program, states have the option to contract out with other organizations for this quality of care function. (Section 2107); (42 CFR 457.495)
- 8. **Cost Sharing and Payment-** This section addresses the requirement of a State child health plan to include a description of its proposed cost sharing for enrollees. Cost sharing is the amount (if any) of premiums, deductibles, coinsurance and other cost sharing imposed. The cost-sharing requirements provide protection for lower income children, ban cost sharing for preventive services, address the limitations on premiums and cost-sharing and address the treatment of pre-existing medical conditions. (Section 2103(e)); (42 CFR 457, Subpart E)
- 9. **Strategic Objectives and Performance Goals and Plan Administration** The section addresses the strategic objectives, the performance goals, and the performance measures the State has established for providing child health assistance to targeted low income children under the plan for maximizing health benefits coverage for other low income children and children generally in the state. (Section 2107); (42 CFR 457.710)
- 10. **Annual Reports and Evaluations** Section 2108(a) requires the State to assess the operation of the Children's Health Insurance Program plan and submit to the Secretary an annual report which includes the progress made in reducing the number of uninsured low income children. The report is due by January 1, following the end of the Federal fiscal year and should cover that Federal Fiscal Year. In this section, states are asked to assure that they will comply with these requirements, indicated by checking the box. (Section 2108); (42 CFR 457.750)
- 11. **Program Integrity** In this section, the State assures that services are provided in an effective and efficient manner through free and open competition or through basing rates on other public and private rates that are actuarially sound. (Sections 2101(a) and 2107(e); (42 CFR 457, subpart I)
- 12. **Applicant and Enrollee Protections** This section addresses the review process for eligibility and enrollment matters, health services matters (i.e., grievances), and for states that use premium assistance a description of how it will assure that applicants and enrollees are given the opportunity at initial enrollment and at each redetermination of eligibility to obtain health benefits coverage other than through that group health plan. (Section 2101(a)); (42 CFR 457.1120)

Program Options. As mentioned above, the law allows States to expand coverage for children through

a separate child health insurance program, through a Medicaid expansion program, or through a combination of these programs. These options are described further below:

- **Option to Create a Separate Program** States may elect to establish a separate child health program that are in compliance with title XXI and applicable rules. These states must establish enrollment systems that are coordinated with Medicaid and other sources of health coverage for children and also must screen children during the application process to determine if they are eligible for Medicaid and, if they are, enroll these children promptly in Medicaid.
- **Option to Expand Medicaid** States may elect to expand coverage through Medicaid. This option for states would be available for children who do not qualify for Medicaid under State rules in effect as of March 31, 1997. Under this option, current Medicaid rules would apply.

Medicaid Expansion- CHIP SPA Requirements

In order to expedite the SPA process, states choosing to expand coverage only through an expansion of Medicaid eligibility would be required to complete sections:

- 1 (General Description)
- 2 (General Background)

They will also be required to complete the appropriate program sections, including:

- 4 (Eligibility Standards and Methodology)
- 5 (Outreach)
- 9 (Strategic Objectives and Performance Goals and Plan Administration including the budget)
- 10 (Annual Reports and Evaluations).

Medicaid Expansion- Medicaid SPA Requirements

States expanding through Medicaid-only will also be required to submit a Medicaid State Plan Amendment to modify their Title XIX State plans. These states may complete the first check-off and indicate that the description of the requirements for these sections are incorporated by reference through their State Medicaid plans for sections:

- 3 (Methods of Delivery and Utilization Controls)
- 4 (Eligibility Standards and Methodology)
- 6 (Coverage Requirements for Children's Health Insurance)
- 7 (Quality and Appropriateness of Care)
- 8 (Cost Sharing and Payment)
- 11 (Program Integrity)
- 12 (Applicant and Enrollee Protections)
- **Combination of Options** CHIP allows states to elect to use a combination of the Medicaid program and a separate child health program to increase health coverage for children. For example, a State may cover optional targeted-low income children in families with incomes of up to 133 percent of poverty through Medicaid and a targeted group of children above that level through a separate child health program. For the children the State chooses to cover under an expansion of Medicaid, the description provided under "Option to Expand Medicaid" would apply. Similarly, for children the

State chooses to cover under a separate program, the provisions outlined above in "Option to Create a Separate Program" would apply. States wishing to use a combination of approaches will be required to complete the Title XXI State plan and the necessary State plan amendment under Title XIX.

Proposed State plan amendments should be submitted electronically and one signed hard copy to the Centers for Medicare & Medicaid Services at the following address:

Name of Project Officer Centers for Medicare & Medicaid Services 7500 Security Blvd Baltimore, Maryland 21244 Attn: Children and Adults Health Programs Group Center for Medicaid and CHIP Services Mail Stop - S2-01-16

Section 1.	General Description and Purpose of the Children's Health Insurance Plans and the Requirements				
1.1.	The state will use funds provided under Title XXI primarily for (Check appropriate box) (Section 2101)(a)(1)); (42 CFR 457.70):				
<u>Guidance</u>	: Check below if child health assistance shall be provided primarily through the development of a separate program that meets the requirements of Section 2101, which details coverage requirements and the other applicable requirements of Title XXI.				
1.1.1.	Obtaining coverage that meets the requirements for a separate child health program (Sections 2101(a)(1) and 2103); OR				
<u>Guidance</u> 1.1.2.	: Check below if child health assistance shall be provided primarily through providing expanded eligibility under the State's Medicaid program (Title XIX). Note that if this is selected the State must also submit a corresponding Medicaid SPA to CMS for review and approval. Providing expanded benefits under the State's Medicaid plan (Title XIX) (Section 2101(a)(2)); OR				
<u>Guidance</u> 1.1.3.	: Check below if child health assistance shall be provided through a combination of both 1.1.1. and 1.1.2. (Coverage that meets the requirements of Title XXI, in conjunction with an expansion in the State's Medicaid program). Note that if this is selected the state must also submit a corresponding Medicaid state plan amendment to CMS for review and approval. A combination of both of the above. (Section 2101(a)(2))				
1.1-DS	The State will provide dental-only supplemental coverage. Only States operating a separate CHIP program are eligible for this option. States choosing this option must also complete sections 4.1-DS, 4.2-DS, 6.2-DS, 8.2-DS, and 9.10 of this SPA template. (Section 2110(b)(5))				
1.2.	Check to provide an assurance that expenditures for child health assistance will not be claimed prior to the time that the State has legislative authority to operate the State plan or plan amendment as approved by CMS. (42 CFR 457.40(d))				
1.3.	Check to provide an assurance that the State complies with all applicable civil rights requirements, including title VI of the Civil Rights Act of 1964, title II of the Americans with Disabilities Act of 1990, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, 45 CFR part 80, part 84, and part 91, and 28 CFR part 35. (42CFR 457.130)				

Guidance: The effective date as specified below is defined as the date on which the State begins to incur costs to implement its State plan or amendment. (42 CFR 457.65) The implementation date is defined as the date the State begins to provide services; or, the date on which the State puts into practice the new policy described in the State plan or amendment. For example, in a State that has increased eligibility, this is the date on which the State begins to provide coverage to enrollees (and not the date the State begins outreach or accepting applications).

1.4. Provide the effective (date costs begin to be incurred) and implementation (date services begin to be provided) dates for this SPA (42 CFR 457.65). A SPA may only have one effective date, but provisions within the SPA may have different implementation dates that must be after the effective date.

1.4- TC Tribal Consultation (Section 2107(e)(1)(C)) Describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment, when it occurred and who was involved.

TN No: Approval Date Effective Date

Section 2. <u>General Background and Description of Approach to Children's Health Insurance Coverage and Coordination</u>

Guidance: The demographic information requested in 2.1. can be used for State planning and will be used strictly for informational purposes. THESE NUMBERS WILL NOT BE USED AS A BASIS FOR THE ALLOTMENT.

Factors that the State may consider in the provision of this information are age breakouts, income brackets, definitions of insurability, and geographic location, as well as race and ethnicity. The State should describe its information sources and the assumptions it uses for the development of its description.

- Population
- Number of uninsured
- Race demographics
- Age Demographics

- <u>Info per region/Geographic information</u>
- 2.1. Describe the extent to which, and manner in which, children in the State (including targeted low-income children and other groups of children specified) identified, by income level and other relevant factors, such as race, ethnicity and geographic location, currently have creditable health coverage (as defined in 42 CFR 457.10). To the extent feasible, distinguish between creditable coverage under public health insurance programs and public-private partnerships (See Section 10 for annual report requirements). (Section 2102(a)(1)); (42 CFR 457.80(a))

Guidance: Section 2.2 allows states to request to use the funds available under the 10 percent limit on administrative expenditures in order to fund services not otherwise allowable. The health services initiatives must meet the requirements of 42 CFR 457.10.

- **2.2. Health Services Initiatives-** Describe if the State will use the health services initiative option as allowed at 42 CFR 457.10. If so, describe what services or programs the State is proposing to cover with administrative funds, including the cost of each program, and how it is currently funded (if applicable), also update the budget accordingly. (Section 2105(a)(1)(D)(ii)); (42 CFR 457.10)
- 2.3-TC Tribal Consultation Requirements- (Sections 1902(a)(73) and 2107(e)(1)(C)); (ARRA #2, CHIPRA #3, issued May 28, 2009) Section 1902(a)(73) of the Social Security Act (the Act) requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular, ongoing basis from designees of Indian health programs, whether operated by the Indian Health Service (IHS), Tribes or Tribal organizations under the Indian Self-Determination and Education Assistance Act (ISDEAA), or Urban Indian Organizations under the Indian Health Care Improvement Act (IHCIA). Section 2107(e)(1)(C) of the Act was also amended to apply these requirements to the Children's Health Insurance Program (CHIP). Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

Describe the process the State uses to seek advice on a regular, ongoing basis from federally-recognized tribes, Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments, waiver proposals, waiver extensions, waiver amendments, waiver renewals and proposals for demonstration projects prior to submission to CMS. Include information about the frequency, inclusiveness and process for seeking such advice.

Section 3. Methods of Delivery and Utilization Controls Check here if the State elects to use funds provided under Title XXI only to provide expanded eligibility under the State's Medicaid plan, and continue on to Section 4.

Guidance: In Section 3.1., discussion may include, but is not limited to: contracts with managed health care plans (including fully and partially capitated plans); contracts with indemnity health insurance plans; and other arrangements for health care delivery. The State should describe any variations based upon geography, as well as the State methods for establishing and defining the delivery systems.

Should the State choose to cover unborn children under the Title XXI State plan, the State must describe how services are paid. For example, some states make a global payment for all unborn children while other states pay for services on fee-for-services basis. The State's payment mechanism and delivery mechanism should be briefly described here.

Section 2103(f)(3) of the Act, as amended by section 403 of CHIPRA, requires separate or combination CHIP programs that operate a managed care delivery system to apply several provisions of section 1932 of the Act in the same manner as these provisions apply under title XIX of the Act. Specific provisions include: section 1932(a)(4), Process for Enrollment and Termination and Change of Enrollment; section 1932(a)(5), Provision of Information; section 1932(b), Beneficiary Protections; section 1932(c), Quality Assurance Standards; section 1932(d), Protections Against Fraud and Abuse; and section 1932(e), Sanctions for Noncompliance. If the State CHIP program operates a managed care delivery system, provide an assurance that the State CHIP managed care contract(s) complies with the relevant sections of section 1932 of the Act. States must submit the managed care contract(s) to the CMS Regional Office servicing them for review and approval.

In addition, states may use up to 10 percent of actual or estimated Federal expenditures for targeted low-income children to fund other forms of child health assistance, including contracts with providers for a limited range of direct services; other health services initiatives to improve children's health; outreach expenditures; and administrative costs (See 2105(c)(2)(A)). Describe which, if any, of these methods will be used.

Examples of the above may include, but are not limited to: direct contracting with school-based health services; direct contracting to provide enabling services; contracts with health centers receiving funds under section 330 of the Public Health Service Act; contracts with hospitals such as those that receive disproportionate share payment adjustments under section 1886(d)(5)(F) or 1923 of the Act; contracts with other hospitals; and contracts with public health clinics receiving Title V funding.

If applicable, address how the new arrangements under Title XXI will work with existing service delivery methods, such as regional networks for chronic illness and disability; neonatal care units, or early-intervention programs for at-risk infants, in the delivery and utilization of services. (42CFR 457.490(a))

3.1. Delivery Standards Describe the methods of delivery of the child health assistance using

Title XXI funds to targeted low-income children. Include a description of the choice of financing and the methods for assuring delivery of the insurance products and delivery of health care services covered by such products to the enrollees, including any variations. (Section 2102)(a)(4) (42CFR 457.490(a))

Check here if the State child health program delivers services using a managed care delivery model. The State provides an assurance that its managed care contract(s) complies with the relevant provisions of section 1932 of the Act, including section 1932(a)(4), Process for Enrollment and Termination and Change of Enrollment; section 1932(a)(5), Provision of Information; section 1932(b), Beneficiary Protections; section 1932(c), Quality Assurance Standards; section 1932(d), Protections Against Fraud and Abuse; and section 1932(e), Sanctions for Noncompliance. The State also assures that it will submit the contract(s) to the CMS Regional Office for review and approval. (Section 2103(f)(3))

Guidance:

In Section 3.2., note that utilization control systems are those administrative mechanisms that are designed to ensure that enrollees receiving health care services under the State plan receive only appropriate and medically necessary health care consistent with the benefit package.

Examples of utilization control systems include, but are not limited to: requirements for referrals to specialty care; requirements that clinicians use clinical practice guidelines; or demand management systems (e.g., use of an 800 number for after-hours and urgent care). In addition, the State should describe its plans for review, coordination, and implementation of utilization controls, addressing both procedures and State developed standards for review, in order to assure that necessary care is delivered in a cost-effective and efficient manner. (42CFR, 457.490(b))

3.2. Describe the utilization controls under the child health assistance provided under the plan for targeted low-income children. Describe the systems designed to ensure that enrollees receiving health care services under the State plan receive only appropriate and medically necessary health care consistent with the benefit package described in the approved State plan. (Section 2102)(a)(4) (42CFR 457.490(b))

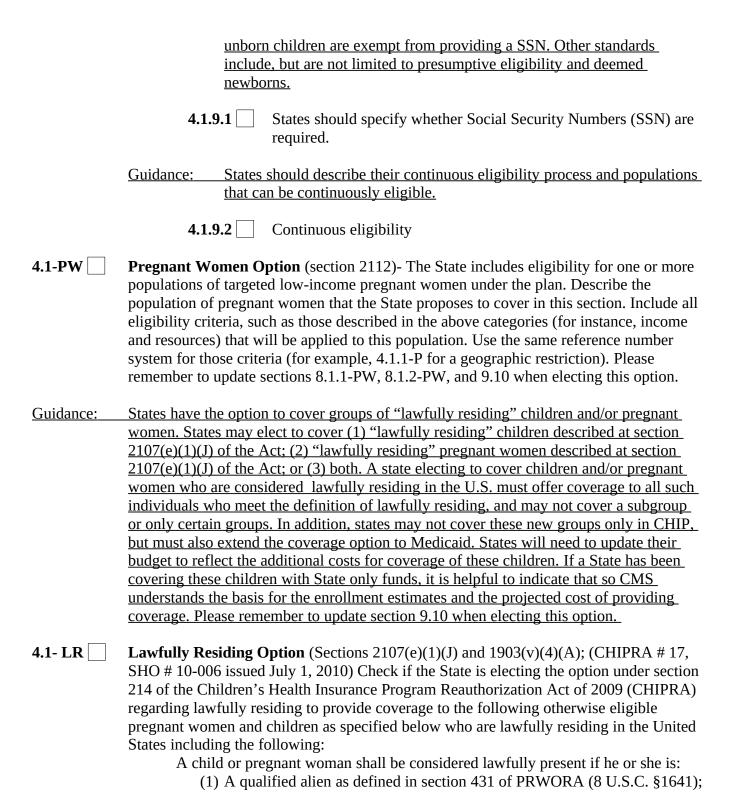

Section 4. <u>Eligibility Standards and Methodology</u>

Guidance:

States electing to use funds provided under Title XXI only to provide expanded eligibility under the State's Medicaid plan or combination plan should check the appropriate box and provide the ages and income level for each eligibility group. If the State is electing to take up the option to expand Medicaid eligibility as allowed under section 214 of CHIPRA regarding lawfully residing, complete section 4.1-LR as well as update the budget to reflect the additional costs if the state will claim title XXI match for these children until and if the time comes that the children are eligible for

Medicaid.

4.0.	Medicaid E	xpansion
	4.0.1.	Ages of each eligibility group and the income standard for that group:
4.1.	=	rogram Check all standards that will apply to the State plan. (42CFR and 457.320(a))
	4.1.0	Describe how the State meets the citizenship verification requirements. Include whether or not State has opted to use SSA verification option.
	4.1.1	Geographic area served by the Plan if less than Statewide:
	4.1.2	Ages of each eligibility group, including unborn children and pregnant women (if applicable) and the income standard for that group:
	4. 1	through birth (SHO #02-004, issued November 12, 2002)
	4.1.3	Income of each separate eligibility group (if applicable):
	4.1.4	1.3.1-PC 0% of the FPL (and not eligible for Medicaid) through of the FPL (SHO #02-004, issued November 12, 2002) Resources of each separate eligibility group (including any standards relating to spend downs and disposition of resources):
	4.1.5	Residency (so long as residency requirement is not based on length of time in state):
	4.1.6	Disability Status (so long as any standard relating to disability status does not restrict eligibility):
	4.1.7	Access to or coverage under other health coverage:
	4.1.8	Duration of eligibility, not to exceed 12 months:
	4.1.9	Other Standards- Identify and describe other standards for or affecting eligibility, including those standards in 457.310 and 457.320 that are not addressed above. For instance:
	Guidance:	States may only require the SSN of the child who is applying for coverage. If SSNs are required and the State covers unborn children, indicate that the

- (2) An alien in nonimmigrant status who has not violated the terms of the status under which he or she was admitted or to which he or she has changed after admission;
- (3) An alien who has been paroled into the United States pursuant to section 212(d)(5) of the Immigration and Nationality Act (INA) (8 U.S.C. §1182(d)(5)) for less than 1 year, except for an alien paroled for prosecution, for deferred inspection or pending removal proceedings;
- (4) An alien who belongs to one of the following classes:
 - (i) Aliens currently in temporary resident status pursuant to section 210 or 245A of the INA (8 U.S.C. §§1160 or 1255a, respectively);
 - (ii) Aliens currently under Temporary Protected Status (TPS) pursuant to section 244 of the INA (8 U.S.C. §1254a), and pending applicants for TPS who have been granted employment authorization;
 - (iii) Aliens who have been granted employment authorization under 8 CFR 274a.12(c)(9), (10), (16), (18), (20), (22), or (24);
 - (iv) Family Unity beneficiaries pursuant to section 301 of Pub. L. 101-649, as amended;
 - (v) Aliens currently under Deferred Enforced Departure (DED) pursuant to a decision made by the President;
 - (vi) Aliens currently in deferred action status; or
 - (vii) Aliens whose visa petition has been approved and who have a pending application for adjustment of status;
- (5) A pending applicant for asylum under section 208(a) of the INA (8 U.S.C. § 1158) or for withholding of removal under section 241(b)(3) of the INA (8 U.S.C. § 1231) or under the Convention Against Torture who has been granted employment authorization, and such an applicant under the age of 14 who has had an application pending for at least180 days;
- (6) An alien who has been granted withholding of removal under the Convention Against Torture;
- (7) A child who has a pending application for Special Immigrant Juvenile status as described in section 101(a)(27)(J) of the INA (8 U.S.C. §1101(a) (27)(J));
- (8) An alien who is lawfully present in the Commonwealth of the Northern Mariana Islands under 48 U.S.C. § 1806(e); or
- (9) An alien who is lawfully present in American Samoa under the immigration laws of American Samoa.

Elected for pregnant women.
Elected for children under age

4.1.1-LR The State provides assurance that for an individual whom it enrolls in Medicaid under the CHIPRA Lawfully Residing option, it has verified, at the time of the individual's initial eligibility determination and at the time

of the eligibility redetermination, that the individual continues to be lawfully residing in the United States. The State must first attempt to verify this status using information provided at the time of initial application. If the State cannot do so from the information readily available, it must require the individual to provide documentation or further evidence to verify satisfactory immigration status in the same manner as it would for anyone else claiming satisfactory immigration status under section 1137(d) of the Act.

they are enrolled in a group health plan or health insurance offered through an employer. The State's CHIP plan income eligibility level is at least the highest income eligibility standard under its approved State child health plan (or under a waiver) as of January 1, 2009. All who meet the eligibility standards and apply for dental-only supplemental coverage shall be provided benefits. States choosing this option must report these children separately in SEDS. Please update sections 1.1-DS, 4.2-DS, and 9.10 when electing this option.
Assurances The State assures by checking the box below that it has made the following findings with respect to the eligibility standards in its plan: (Section 2102(b)(1)(B) and 42 CFR 457.320(b)) 4.2.1. These standards do not discriminate on the basis of diagnosis. 4.2.2. Within a defined group of covered targeted low-income children, these standards do not cover children of higher income families without covering children with a lower family income. This applies to pregnant women included in the State plan as well as targeted low-income children. 4.2.3. These standards do not deny eligibility based on a child having a pre-existing medical condition. This applies to pregnant women as well as targeted low-income children.
Supplemental Dental - Please update sections 1.1-DS, 4.1-DS, and 9.10 when electing this option. For dental-only supplemental coverage, the State assures that it has made the following findings with standards in its plan: (Section 2102(b)(1)(B) and 42 CFR 457.320(b)) 4.2.1-DS

4.3. **Methodology.** Describe the methods of establishing and continuing eligibility and enrollment. The description should address the procedures for applying the eligibility standards, the organization and infrastructure responsible for making and reviewing eligibility determinations, and the process for enrollment of individuals receiving covered services, and whether the State uses the same application form for Medicaid and/or other public benefit programs. (Section 2102)(b)(2)) (42CFR, 457.350) The box below should be checked as related to children and pregnant women. Guidance: Please note: A State providing dental-only supplemental coverage may not have a waiting list or limit eligibility in any way. **4.3.1. Limitation on Enrollment** Describe the processes, if any, that a State will use for instituting enrollment caps, establishing waiting lists, and deciding which children will be given priority for enrollment. If this section does not apply to your state, check the box below. (Section 2102(b)(2)) (42CFR, 457.305(b)) Check here if this section does not apply to your State. Guidance: Note that for purposes of presumptive eligibility, States do not need to verify the citizenship status of the child. States electing this option should indicate so in the State plan. (42 CFR 457.355) **4.3.2.** Check if the State elects to provide presumptive eligibility for children that meets the requirements of section 1920A of the Act. (Section 2107(e)(1)(L)); (42 CFR 457.355) Describe how the State intends to implement the Express Lane option. Include Guidance: information on the identified Express Lane agency or agencies, and whether the State will be using the Express Lane eligibility option for the initial eligibility determinations, redeterminations, or both. **4.3.3-EL Express Lane Eligibility** Check here if the state elects the option to rely on a finding from an Express Lane agency when determining whether a child satisfies one or more components of CHIP eligibility. The state agrees to comply with the requirements of sections 2107(e)(1)(E) and 1902(e)(13) of the Act for this option. Please update sections 4.4-EL, 5.2-EL, 9.10, and 12.1 when electing this option. This authority may not apply to eligibility determinations made before February 4, 2009, or after September 30, 2013. (Section 2107(e)(1)(E)) **4.3.3.1-EL** Also indicate whether the Express Lane option is applied to (1) initial eligibility determination, (2) redetermination, or (3) both.

agencies.

4.3.3.2-EL List the public agencies approved by the State as Express Lane

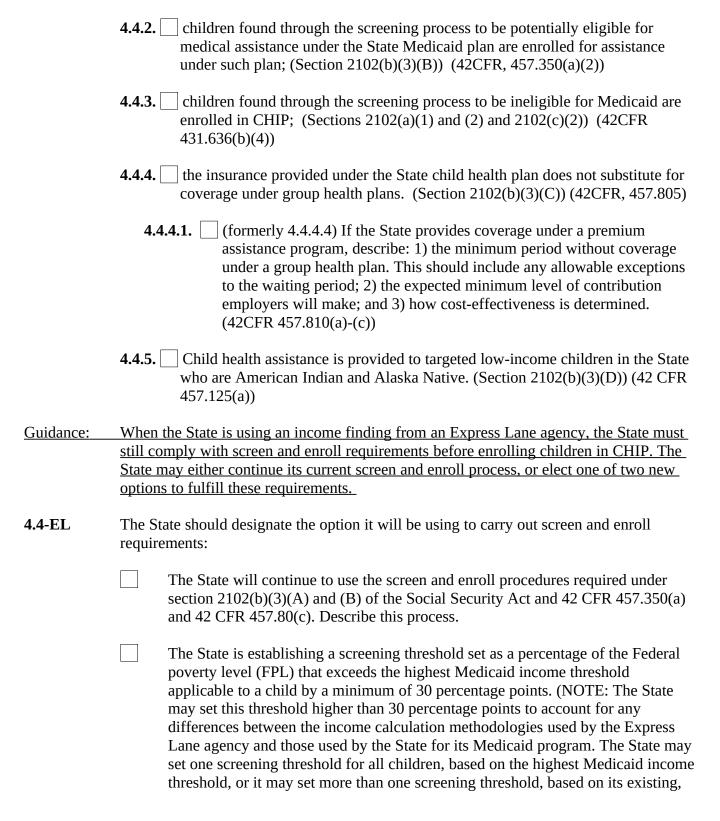

- **4.3.3.3-EL** List the components/components of CHIP eligibility that are determined under the Express Lane. In this section, specify any differences in budget unit, deeming, income exclusions, income disregards, or other methodology between CHIP eligibility determinations for such children and the determination under the Express Lane option.
- **4.3.3.3-EL** List the component/components of CHIP eligibility that are determined under the Express Lane.
- **4.3.3.4-EL** Describe the option used to satisfy the screen and enrollment requirements before a child may be enrolled under title XXI.

Guidance:

States should describe the process they use to screen and enroll children required under section 2102(b)(3)(A) and (B) of the Social Security Act and 42 CFR 457.350(a) and 457.80(c). Describe the screening threshold set as a percentage of the Federal poverty level (FPL) that exceeds the highest Medicaid income threshold applicable to a child by a minimum of 30 percentage points. (NOTE: The State may set this threshold higher than 30 percentage points to account for any differences between the income calculation methodologies used by an Express Lane agency and those used by the State for its Medicaid program. The State may set one screening threshold for all children, based on the highest Medicaid income threshold, or it may set more than one screening threshold, based on its existing, age-related Medicaid eligibility thresholds.) Include the screening threshold(s) expressed as a percentage of the FPL, and provide an explanation of how this was calculated. Describe whether the State is temporarily enrolling children in CHIP, based on the income finding from an Express Lane agency, pending the completion of the screen and enroll process.

In this section, states should describe their eligibility screening process in a way that addresses the five assurances specified below. The State should consider including important definitions, the relationship with affected Federal, State and local agencies, and other applicable criteria that will describe the State's ability to make assurances. (Sections 2102(b)(3)(A) and 2110(b)(2)(B)), (42 CFR 457.310(b)(2), 42 CFR 457.350(a) (1) and 457.80(c)(3))

- **4.4. Eligibility screening and coordination with other health coverage programs** States must describe how they will assure that:
 - **4.4.1.** only targeted low-income children who are ineligible for Medicaid or not covered under a group health plan or health insurance (including access to a State health benefits plan) are furnished child health assistance under the plan. (Sections 2102(b)(3)(A), 2110(b)(2)(B)) (42 CFR 457.310(b), 42 CFR 457.350(a)(1) and 42 CFR 457.80(c)(3)) Confirm that the State does not apply a waiting period for pregnant women.

age-related Medicaid eligibility thresholds.) Include the screening threshold(s) expressed as a percentage of the FPL, and provide an explanation of how this was calculated.

The State is temporarily enrolling children in CHIP, based on the income finding from the Express Lane agency, pending the completion of the screen and enroll

Section 5. Outreach and Coordination

process.

- **5.1.** (formerly 2.2) Describe the current State efforts to provide or obtain creditable health coverage for uninsured children by addressing sections 5.1.1 and 5.1.2. (Section 2102)(a) (2) (42CFR 457.80(b))
 - Guidance: The information below may include whether the state elects express lane
 eligibility a description of the State's outreach efforts through Medicaid and stateonly programs.
 - **5.1.1.** (formerly 2.2.1.) The steps the State is currently taking to identify and enroll all uninsured children who are eligible to participate in public health insurance programs (i.e., Medicaid and state-only child health insurance):
 - Guidance: The State may address the coordination between the public-private outreach and the public health programs that is occurring statewide. This section will provide a historic record of the steps the State is taking to identify and enroll all uninsured children from the time the State's plan was initially approved. States do not have to rewrite his section but may instead update this section as appropriate.
 - **5.1.2.** (formerly 2.2.2.) The steps the State is currently taking to identify and enroll all uninsured children who are eligible to participate in health insurance programs that involve a public-private partnership:
- Guidance: The State should describe below how it's Title XXI program will closely coordinate the enrollment with Medicaid because under Title XXI, children identified as Medicaid-eligible are required to be enrolled in Medicaid. Specific information related to Medicaid screen and enroll procedures is requested in Section 4.4. (42CFR 457.80(c))
- 5.2. (formerly 2.3) Describe how CHIP coordinates with other public and private health insurance programs, other sources of health benefits coverage for children, other relevant child health programs, (such as title V), that provide health care services for low-income children to increase the number of children with creditable health coverage. (Section 2102(a)(3), 2102(b)(3)(E) and 2102(c)(2)) (42CFR 457.80(c)). This item requires a brief overview of how Title XXI efforts particularly new enrollment outreach efforts will

be coordinated with and improve upon existing State efforts.

5.2-EL The State should include a description of its election of the Express Lane eligibility option to provide a simplified eligibility determination process and expedited enrollment of eligible children into Medicaid or CHIP.

Guidance: Outreach strategies may include, but are not limited to, community outreach workers, outstationed eligibility workers, translation and transportation services, assistance with enrollment forms, case management and other targeting activities to inform families of low-income children of the availability of the health insurance program under the plan or other private or public health coverage.

The description should include information on how the State will inform the target of the availability of the programs, including American Indians and Alaska Natives, and assist them in enrolling in the appropriate program.

Strategies Describe the procedures used by the State to accomplish outreach to families of children likely to be eligible for child health assistance or other public or private health coverage to inform them of the availability of the programs, and to assist them in enrolling their children in such a program. (Section 2102(c)(1)) (42CFR 457.90)

Section 6. <u>Coverage Requirements for Children's Health Insurance</u>

- Check here if the State elects to use funds provided under Title XXI only to provide expanded eligibility under the State's Medicaid plan and proceed to Section 7 since children covered under a Medicaid expansion program will receive all Medicaid covered services including EPSDT.
- **6.1.** The State elects to provide the following forms of coverage to children: (Check all that apply.) (Section 2103(c)); (42CFR 457.410(a))

Guidance: Benchmark coverage is substantially equal to the benefits coverage in a benchmark benefit package (FEHBP-equivalent coverage, State employee coverage, and/or the HMO coverage plan that has the largest insured commercial, non-Medicaid enrollment in the state). If box below is checked, either 6.1.1.1., 6.1.1.2., or 6.1.1.3. must also be checked. (Section 2103(a)(1))

6.1.1. Benchmark coverage; (Section 2103(a)(1) and 42 CFR 457.420)

Guidance: Check box below if the benchmark benefit package to be offered by the

State is the standard Blue Cross/Blue Shield preferred provider option
service benefit plan, as described in and offered under Section 8903(1) of
Title 5, United States Code. (Section 2103(b)(1) (42 CFR 457.420(b))

6.1.1.1.	FEHBP-equivalent coverage; (Section 2103(b)(1) (42 CFR 457.420(a)) (If checked, attach copy of the plan.)
Guidance:	Check box below if the benchmark benefit package to be offered by the State is State employee coverage, meaning a coverage plan that is offered and generally available to State employees in the state. (Section 2103(b) (2))
6.1.1.2.	State employee coverage; (Section 2103(b)(2)) (If checked, identify the plan and attach a copy of the benefits description.)
Guidance:	Check box below if the benchmark benefit package to be offered by the State is offered by a health maintenance organization (as defined in Section 2791(b)(3) of the Public Health Services Act) and has the largest insured commercial, non-Medicaid enrollment of covered lives of such coverage plans offered by an HMO in the state. (Section 2103(b)(3) (42 CFR 457.420(c)))
6.1.1.3.	HMO with largest insured commercial enrollment (Section 2103(b)(3)) (If checked, identify the plan and attach a copy of the benefits description.)

Guidance: States choosing Benchmark-equivalent coverage must check the box below and ensure that the coverage meets the following requirements:

- the coverage includes benefits for items and services within each of the categories of basic services described in 42 CFR 457.430:
 - dental services
 - <u>inpatient and outpatient hospital services</u>,
 - physicians' services,
 - surgical and medical services,
 - <u>laboratory and x-ray services</u>,
 - well-baby and well-child care, including age-appropriate immunizations, and
 - emergency services;
- the coverage has an aggregate actuarial value that is at least actuarially equivalent to one of the benchmark benefit packages (FEHBP-equivalent coverage, State employee coverage, or coverage offered through an HMO coverage plan that has the largest insured commercial enrollment in the state); and
- the coverage has an actuarial value that is equal to at least 75 percent of the actuarial value of the additional categories in such package, if offered, as described in 42 CFR 457.430:
 - coverage of prescription drugs,
 - <u>mental health services</u>,

- vision services and
- <u>hearing services.</u>

If 6.1.2. is checked, a signed actuarial memorandum must be attached. The actuary who prepares the opinion must select and specify the standardized set and population to be used under paragraphs (b)(3) and (b)(4) of 42 CFR 457.431. The State must provide sufficient detail to explain the basis of the methodologies used to estimate the actuarial value or, if requested by CMS, to replicate the State results.

The actuarial report must be prepared by an individual who is a member of the American Academy of Actuaries. This report must be prepared in accordance with the principles and standards of the American Academy of Actuaries. In preparing the report, the actuary must use generally accepted actuarial principles and methodologies, use a standardized set of utilization and price factors, use a standardized population that is representative of privately insured children of the age of children who are expected to be covered under the State child health plan, apply the same principles and factors in comparing the value of different coverage (or categories of services), without taking into account any differences in coverage based on the method of delivery or means of cost control or utilization used, and take into account the ability of a State to reduce benefits by taking into account the increase in actuarial value of benefits coverage offered under the State child health plan that results from the limitations on cost sharing under such coverage. (Section 2103(a)(2))

- Benchmark-equivalent coverage; (Section 2103(a)(2) and 42 CFR 457.430) Specify the coverage, including the amount, scope and duration of each service, as well as any exclusions or limitations. Attach a signed actuarial report that meets the requirements specified in 42 CFR 457.431.
- Guidance: A State approved under the provision below, may modify its program from time to time so long as it continues to provide coverage at least equal to the lower of the actuarial value of the coverage under the program as of August 5, 1997, or one of the benchmark programs. If "existing comprehensive state-based coverage" is modified, an actuarial opinion documenting that the actuarial value of the modification is greater than the value as of August 5, 1997, or one of the benchmark plans must be attached. Also, the fiscal year 1996 State expenditures for "existing comprehensive state-based coverage" must be described in the space provided for all states. (Section 2103(a)(3))
- **6.1.3.** Existing Comprehensive State-Based Coverage; (Section 2103(a)(3) and 42 CFR 457.440) This option is only applicable to New York, Florida, and Pennsylvania. Attach a description of the benefits package, administration, and date of

enactment. If existing comprehensive State-based coverage is modified, provide an actuarial opinion documenting that the actuarial value of the modification is greater than the value as of August 5, 1997 or one of the benchmark plans. Describe the fiscal year 1996 State expenditures for existing comprehensive state-based coverage.

Secretary-approved coverage refers to any other health benefits coverage deemed Guidance: appropriate and acceptable by the Secretary upon application by a state. (Section 2103(a)(4)) (42 CFR 457.250) Secretary-approved Coverage. (Section 2103(a)(4)) (42 CFR 457.450) 6.1.4. Guidance: Section 1905(r) of the Act defines EPSDT to require coverage of (1) any medically necessary screening, and diagnostic services, including vision, hearing, and dental screening and diagnostic services, consistent with a periodicity schedule based on current and reasonable medical practice standards or the health needs of an individual child to determine if a suspected condition or illness exists; and (2) all services listed in section 1905(a) of the Act that are necessary to correct or ameliorate any defects and mental and physical illnesses or conditions discovered by the screening services, whether or not those services are covered under the Medicaid state plan. Section 1902(a)(43) of the Act requires that the State (1) provide and arrange for all necessary services, including supportive services, such as transportation, needed to receive medical care included within the scope of the EPSDT benefit and (2) inform eligible beneficiaries about the services available under the EPSDT benefit. If the coverage provided does not meet all of the statutory requirements for EPSDT contained in sections 1902(a)(43) and 1905(r) of the Act, do not check this box. 6.1.4.1. Coverage of all benefits that are provided to children under the the same as Medicaid State plan, including Early Periodic Screening Diagnosis and **Treatment (EPSDT)** 6.1.4.2. Comprehensive coverage for children under a Medicaid Section 1115 demonstration waiver 6.1.4.3. Coverage that either includes the full EPSDT benefit or that the State has

24

Guidance:

extended to the entire Medicaid population

Check below if the coverage offered includes benchmark coverage, as

specified in 457.420, plus additional coverage. Under this option, the

same coverage as the benchmark package, and also describes the services that are being added to the benchmark package. **6.1.4.4**. Coverage that includes benchmark coverage plus additional coverage 6.1.4.5. Coverage that is the same as defined by existing comprehensive statebased coverage applicable only New York, Pennsylvania, or Florida (under 457.440) Guidance: Check below if the State is purchasing coverage through a group health plan, and intends to demonstrate that the group health plan is substantially equivalent to or greater than to coverage under one of the benchmark plans specified in 457.420, through use of a benefit-by-benefit comparison of the coverage. Provide a sample of the comparison format that will be used. Under this option, if coverage for any benefit does not meet or exceed the coverage for that benefit under the benchmark, the State must provide an actuarial analysis as described in 457.431 to determine actuarial equivalence. 6.1.4.6. Coverage under a group health plan that is substantially equivalent to or greater than benchmark coverage through a benefit by benefit comparison (Provide a sample of how the comparison will be done) Guidance: Check below if the State elects to provide a source of coverage that is not described above. Describe the coverage that will be offered, including any benefit limitations or exclusions. 6.1.4.7. Other (Describe) Guidance: All forms of coverage that the State elects to provide to children in its plan must be checked. The State should also describe the scope, amount and duration of services covered under its plan, as well as any exclusions or limitations. States that choose to cover unborn children under the State plan should include a separate section 6.2 that specifies benefits for the unborn child population. (Section 2110(a)) (42CFR, 457.490) If the state elects to cover the new option of targeted low income pregnant women, but chooses to provide a different benefit package for these pregnant women under the CHIP plan, the state must include a separate section 6.2 describing the benefit package for pregnant women. (Section 2112)

State must clearly demonstrate that the coverage it provides includes the

The State elects to provide the following forms of coverage to children: (Check all that apply. If an item is checked, describe the coverage with respect to the amount, duration and scope of

6.2.

services cove	red, as well as any exclusions or limitations) (Section 2110(a)) (42CFR 457.490)			
6.2.1.	Inpatient services (Section 2110(a)(1))			
6.2.2.	Outpatient services (Section 2110(a)(2))

through group	health coverage	ge, describe	briefly any	<i>l</i> imitations	on pre-existing
conditions. (Fe	ormerly 8.6.)		<i>5 5</i>		1 5

- **6.2- MHPAEA** Section 2103(c)(6)(A) of the Social Security Act requires that, to the extent that it provides both medical/surgical benefits and mental health or substance use disorder benefits, a State child health plan ensures that financial requirements and treatment limitations applicable to mental health and substance use disorder benefits comply with the mental health parity requirements of section 2705(a) of the Public Health Service Act in the same manner that such requirements apply to a group health plan. If the state child health plan provides for delivery of services through a managed care arrangement, this requirement applies to both the state and managed care plans. These requirements are also applicable to any additional benefits provided voluntarily to the child health plan population by managed care entities and will be considered as part of CMS's contract review process at 457.1201(l).
- **6.2.1- MHPAEA** Before completing a parity analysis, the State must determine whether each covered benefit is a medical/surgical, mental health, or substance use disorder benefit based on a standard that is consistent with state and federal law and generally recognized independent standards of medical practice (§457.496(f)(1)(i)).
 - **6.2.1.1- MHPAEA** Please choose the standard(s) the state uses to determine whether a covered benefit is a medical/surgical benefit, mental health benefit, or substance use disorder benefit. The most current version of the standard elected must be used. If different standards are used for the different benefit types, please specify the benefit type(s) to which each standard is applied. If "Other" is selected, please provide a description of that standard.

<u>er</u>

6.2.2- MHPAEA Section 2103(c)(6)(B) of the Act provides that to the extent a State child health plan

includes coverage of early and periodic screening, diagnostic, and treatment services (EPSDT) defined in section 1905(r) of the Act and provided in accordance with section 1902(a)(43) of the Act, the plan shall be deemed to satisfy the parity requirements of section 2103(c)(6)(A) of the Act.		
6.2.2.1- MHPAEA Does the State child health plan provide coverage of EPSDT? The State must provide for coverage of EPSDT benefits, consistent with Medicaid statutory requirements, as indicated in section 6.2.26 of the State child health plan in order to answer "yes."		
Yes No		
Guidance: If the State child health plan does not provide EPSDT consistent with Medicaid statutory requirements at sections 1902(a)(43) and 1905(r) of the Act, please go to Section 6.2.3- MHPAEA to complete the required parity analysis of the State child health plan.		
If the state does provide EPSDT benefits consistent with Medicaid requirements, please continue this section to demonstrate compliance with the statutory requirements of section 2103(c)(6)(B) of the Act and the mental health parity regulations of §457.496(b) related to deemed compliance.		
6.2.2.2- MHPAEA EPSDT benefits are provided to the following:		
All children covered under the State child health plan		
A subset of children covered under the State child health plan.		
Please describe the different populations (if applicable) covered under the State child		
health plan that are provided EPSDT benefits consistent with Medicaid statutory requirements.		
Guidance: If only a subset of children are provided EPSDT benefits under the State child health plan, §457.496(b)(3) limits deemed compliance to those children only and you must complete Section 6.2.3- MHPAEA to complete the required parity analysis for the other children.		
6.2.2.3- MHPAEA To be deemed compliant with the MHPAEA parity requirements, States must provide EPSDT in accordance with sections 1902(a)(43) and 1905(r) of the Act (§457.496(b)(2)). The State assures each of the following for children eligible for EPSDT under the separate State child health plan:		

All screening services, including screenings for mental health and substance use disorder conditions, are provided at intervals that align with a periodicity schedule that meets reasonable standards of medical or dental practice as well as when medically necessary to determine the existence of suspected illness or conditions (Section 1905(r)).
All diagnostic services described in 1905(a) of the Act are provided as needed to diagnose suspected conditions or illnesses discovered through screening services, whether or not those services are covered under the Medicaid state plan (Section 1905(r)).
All items and services described in section 1905(a) of the Act are provided when needed to correct or ameliorate a defect or any physical or mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the Medicaid State plan (Section 1905(r)(5)).
Treatment limitations applied to services provided under the EPSDT benefit are not limited based on a monetary cap or budgetary constraints and may be exceeded as medically necessary to correct or ameliorate a medical or physical condition or illness (Section 1905(r)(5)).
Non-quantitative treatment limitations, such as definitions of medical necessity or criteria for medical necessity, are applied in an individualized manner that does not preclude coverage of any items or services necessary to correct or ameliorate any medical or physical condition or illness (Section 1905(r)(5)).
EPSDT benefits are not excluded on the basis of any condition, disorder, or diagnosis (Section 1905(r)(5)).
The provision of all requested EPSDT screening services, as well as any corrective treatments needed based on those screening services, are provided or arranged for as necessary (Section 1902(a)(43)).

All families with children eligible for the EPSDT benefit under the separate State child health plan are provided information and informed about the full range of services available to them (Section 1902(a)(43)(A)).			
Guidance: For states seeking deemed compliance for their entire State child health plan population, please continue to Section 6.3. If not all of the covered populations are offered EPSDT, the State must conduct a parity analysis of the benefit packages provided to those populations. Please continue to 6.2.3-MHPAEA.			
Mental Health Parity Analysis Requirements for States Not Providing EPSDT to All Covered Populations			
Guidance: The State must complete a parity analysis for each population under the State child health plan that is not provided the EPSDT benefit consistent with the requirements §457.496(b). If the State provides benefits or limitations that vary within the child or pregnant woman populations, states should perform a parity analysis for each of the benefit packages. For example, if different financial requirements are applied according to a beneficiary's income, a separate parity analysis is needed for the benefit package provided at each income level.			
6.2.3- MHPAEA In order to conduct the parity analysis, the State must place all medical/surgical and mental health and substance use disorder benefits covered under the State child health plan into one of four classifications: Inpatient, outpatient, emergency care, and prescription drugs (§§457.496(d)(2)(ii); 457.496(d)(3)(ii)(B)).			
6.2.3.1 MHPAEA Please describe below the standard(s) used to place covered benefits into one of the four classifications.			
6.2.3.1.1 MHPAEA The state assures that:			
The State has classified all benefits covered under the State plan into one of the four classifications.			
The same reasonable standards are used for determining the classification for a mental health or substance use disorder benefit as are used for determining the classification of medical/surgical benefits.			
6.2.3.1.2- MHPAEA Does the state use sub-classifications to distinguish between office visits and other outpatient services? Yes			

<u>No</u>
6.2.3.1.2.1- MHPAEA If the State uses sub-classifications to distinguish between outpatient office visits and other outpatient services, the State assures the following: The sub-classifications are only used to distinguish office visits from other outpatient items and services, and are not used to distinguish between similar services on other bases (ex: generalist vs. specialist visits).
Guidance: For purposes of this section, any reference to "classification(s)" includes sub-classification(s) in states using sub-classifications to distinguish between outpatient office visits from other outpatient services.
6.2.3.2 MHPAEA The State assures that:
Mental health/ substance use disorder benefits are provided in all classifications in which medical/surgical benefits are provided under the State child health plan.
Guidance: States are not required to cover mental health or substance use disorder benefits. However if a state does provide any mental health or substance use disorders, those mental health or substance use disorder benefits must be provided in all the same classifications in which medical/surgical benefits are covered under the State child health plan.
Annual and Aggregate Lifetime Limits
6.2.4- MHPAEA A State that provides both medical/surgical benefits and mental health and/or substance use disorder benefits must comply with parity requirements related to annual and aggregate lifetime dollar limits for benefits covered under the State child health plan (§457.496(c)).
6.2.4.1- MHPAEA Please indicate whether the State applies an aggregate lifetime dollar limit and/or an annual dollar limit on any mental health or substance abuse disorder benefits covered under the State child health plan.
Aggregate lifetime dollar limit is applied
Aggregate annual dollar limit is applied
No dollar limit is applied

Guidance: If there are no aggregate lifetime or annual dollar limit on any mental health or substance use disorder benefits, please go to section 6.2.5- MHPAEA.
6.2.4.2- MHPAEA Are there any medical/surgical benefits covered under the State child health plan that have either an aggregate lifetime dollar limit or an annual dollar limit? If yes, please specify what type of limits apply.
Yes (Type(s) of limit: No
Guidance: If no aggregate lifetime dollar limit is applied to medical/ surgical benefits, the State may not impose an aggregate lifetime dollar limit on any mental health or substance use disorder benefits. If no aggregate annual dollar limit is applied to medical/surgical benefits, the State may not impose an aggregate annual dollar limit on any mental health or substance use disorder benefits (§457.496(c)(1)).
6.2.4.3 – MHPAEA. States applying an aggregate lifetime or annual dollar limit on medical/surgical benefits and mental health or substance use disorder benefits must determine whether the portion of the medical/surgical benefits to which the limit applies is less than one-third, at least one-third but less than two-thirds, or at least two-thirds of all medical/surgical benefits covered under the State plan (457.496(c)). The portion of medical/surgical benefits subject to the limit is based on the dollar amount expected to be paid for all medical/surgical benefits under the State plan for the State plan year or portion of the plan year after a change in benefits that affects the applicability of the aggregate lifetime or annual dollar limits (457.496(c)(3)).
The State assures that it has developed a reasonable methodology to calculate the portion of covered medical/surgical benefits which are subject to the aggregate lifetime and/or annual dollar limit, as applicable.
Guidance: Please include the state's methodology to calculate the portion of covered medical/surgical benefits which are subject to the aggregate lifetime and/or annual dollar limit, as applicable, as an attachment to the State child health plan.
6.2.4.3.1- MHPAEA Please indicate the portion of the total costs for medical and surgical benefits covered under the State plan which are subject to a lifetime dollar limit:
Less than 1/3
At least 1/3 and less than 2/3 At least 2/3

	e indicate the portion of the total costs for medical and er the State plan which are subject to an annual dollar limit:
Less than 1/3	
At least 1/3 and le	ss than 2/3_
At least 2/3	
medical/surgical ben limit on any mental l dollar limit is applie the State may not im	regate lifetime limit is applied to less than one-third of all refits, the State may not impose an aggregate lifetime health or substance use disorder benefits. If an annual d to less than one-third of all medical surgical benefits, apose an annual dollar limit on any mental health or ler benefits (§457.496(c)(1)). Skip to section 6.2.5-
one-third of all medithe assurances related medical/surgical benutoness. 6.2.4.3.2.1- M	n aggregate lifetime or annual dollar limit to at least cal/surgical benefits, please continue below to provide ed to the determination of the portion of total costs for lefits that are subject to either an annual or lifetime limit. HPAEA If the State applies an aggregate lifetime or annual at least 1/2 and less than 3/2 of all modical (avgriced benefits).
	at least1/3 and less than 2/3 of all medical/surgical benefits, res the following (§§457.496(c)(4)(i)(B); 457.496(c)(4)(ii)):
mental	e State applies an aggregate lifetime or annual dollar limit on health or substance use disorder benefits that is no more live than an average limit calculated for medical/surgical ss.
<u>limit f</u> §§457.	nce: The state's methodology for calculating the average or medical/surgical benefits must be consistent with 496(c)(4)(i)(B) and 457.496(c)(4)(ii). Please include the methodology as an attachment to the State child health
subject to an a	HPAEA If at least 2/3 of all medical/surgical benefits are nnual or lifetime limit, the State assures either of the 57.496(c)(2)(i); (§457.496(c)(2)(ii)):

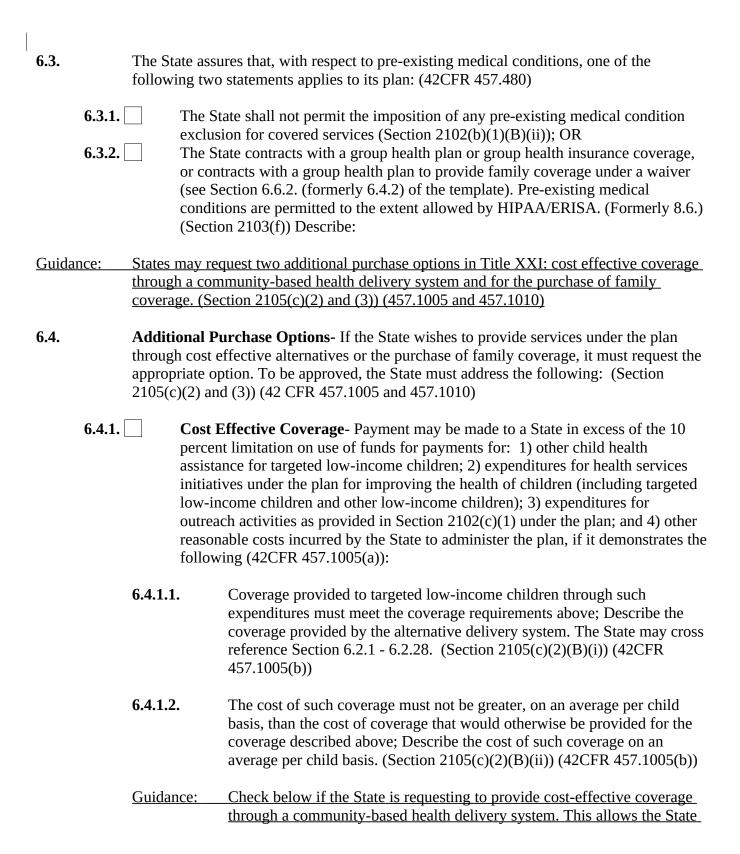

The aggregate lifetime or annual dollar limit is applied to both
medical/surgical benefits and mental health and substance use
disorder benefits in a manner that does not distinguish between
medical/surgical benefits and mental health and substance use
disorder benefits; or
The aggregate lifetime or annual dollar limit placed on mental
health and substance use disorder benefits is no more restrictive
than the aggregate lifetime or annual dollar limit on
medical/surgical benefits.
Quantitative Treatment Limitations
6.2.5- MHPAEA Does the State apply quantitative treatment limitations (QTLs) on any mental health or substance use disorder benefits in any classification of benefits? If yes, specify the classification(s) of benefits in which the State applies one or more QTLs on any mental health or substance use disorder benefits.
Yes (Specify:)
No
Guidance: If the state does not apply any type of QTLs on any mental health or substance use disorder benefits in any classification, the state meets parity requirements for QTLs and should continue to Section 6.2.6 - MHPAEA. If the state does apply financial requirements to any mental health or substance use disorder benefits, the state must conduct a parity analysis. Please continue.
6.2.5.1- MHPAEA Does the State apply any type of QTL on any medical/surgical benefits?
<u>Yes</u>
No No
Guidance: If the State does not apply QTLs on any medical/surgical benefits, the State may not impose quantitative treatment limitations on mental health or
substance use disorder benefits, please go to Section 6.2.6- MHPAEA related to non-
quantitative treatment limitations.
6.2.5.2- MHPAEA Within each classification of benefits in which the State applies a type of QTL on any mental health or substance use disorder benefits, the State must determine the

to be paid under the State plan for medical and surgical benefits within a classification which are
subject to the type quantitative treatment limitation for the plan year (or portion of the plan year
after a mid-year change affecting the applicability of a type of quantitative treatment limitation to
any medical/surgical benefits in the class) to (b) the dollar amount expected to be paid for all
medical and surgical benefits within the classification for the plan year. For purposes of this
paragraph all payments expected to be paid under the State plan includes payments expected to
be made directly by the State and payments which are expected to be made by MCEs contracting
with the State. (§457.496(d)(3)(i)(C))
Will the States (3.1071.100(a), O)(1), C))
The State assures it has applied a reasonable methodology to determine the dollar
amounts used in the ratio described above for each classification within which the State
applies QTLs to mental health or substance use disorder benefits. (§457.496(d)(3)(i)(E))
Guidance: Please include the state's methodology as an attachment to the State
child health plan.
<u>cima neattii pian.</u>
6.2.5.3- MHPAEA For each type of QTL applied to any mental health or substance use
disorder benefits within a given classification, does the State apply the same type of QTL to
"substantially all" (defined as at least two-thirds) of the medical/surgical benefits within the
same classification? (§457.496(d)(3)(i)(A))
Same Classification: (8457.450(u)(5)(1)(A))
Yes
No.
Guidance: If the State does not apply a type of QTL to substantially all
medical/surgical benefits in a given classification of benefits, the State may not
impose that type of QTL on mental health or substance use disorder benefits in that
classification. (§457.496(d)(3)(i)(A))
6.2.5.3.1- MHPAEA For each type of QTL applied to mental health or substance use
disorder benefits, the State must determine the predominant level of that type which is
applied to medical/surgical benefits in the classification. The "predominant level" of a
type of QTL in a classification is the level (or least restrictive of a combination of levels)
that applies to more than one-half of the medical/surgical benefits in that classification, as
described in §§457.496(d)(3)(i)(B). The portion of medical/surgical benefits in a
classification to which a given level of a QTL type is applied is based on the dollar
amount of payments expected to be paid for medical/surgical benefits subject to that level
as compared to all medical/surgical benefits in the classification, as described in
§457.496(d)(3)(i)(C). For each type of quantitative treatment limitation applied to mental
health or substance use disorder benefits, the State assures:

	The same reasonable methodology applied in determining the dollar amounts used to determine whether substantially all medical/surgical benefits within a classification are subject to a type of quantitative treatment limitation also is applied in determining the dollar amounts used to determine the predominant level of a type of quantitative treatment limitation applied to medical/surgical benefits within a classification. (§457.496(d)(3)(i)(E))
	The level of each type of quantitative treatment limitation applied by the State to mental health or substance use disorder benefits in any classification is no more restrictive than the predominate level of that type which is applied by the State to medical/surgical benefits within the same classification. (§457.496(d)(2)(i))
	Guidance: If there is no single level of a type of QTL that exceeds the one-half threshold, the State may combine levels within a type of QTL such that the combined levels are applied to at least half of all medical/surgical benefits within a classification; the predominate level is the least restrictive level of the levels combined to meet the one-half threshold (§457.496(d)(3)(i)(B)(2)).
Non-Quantitative Tre	eatment Limitations
health or substance use	e State may utilize non-quantitative treatment limitations (NQTLs) for mental e disorder benefits, but the State must ensure that those NQTLs comply with all y requirements (§§457.496(d)(4); 457.496(d)(5)).
	AEA If the State imposes any NQTLs, complete this subsection. If the State to NQTLs, please go to Section 6.2.7-MHPAEA.
used in are no r	State assures that the processes, strategies, evidentiary standards or other factors the application of any NQTL to mental health or substance use disorder benefits more stringent than the processes, strategies, evidentiary standards or other factors the application of NQTLs to medical/surgical benefits within the same cation.
exclude location benefits provide	nce: Examples of NQTLs include medical management standards to limit or e benefits based on medical necessity, restrictions based on geographic n, provider specialty, or other criteria to limit the scope or duration of s, provider reimbursement rates and provider network design (ex: preferred ers vs. participating providers). Additional examples of possible NQTLs are ed in §457.496(d)(4)(ii).

6.2.6.2 – MHPAEA The State or MCE contracting with the State must comply with parity if they provide coverage of medical or surgical benefits furnished by out-of-network providers.

6.2.6.2.1- MHPAEA Does the state or MCE contracting with the State provide coverage of services provided by out of network providers?
Yes Yes
No.
6.2.6.2.2- MHPAEA If yes, please assure the following:
The State attests that when determining access to out-of-network providers within a benefit classification, the processes, strategies, evidentiary standards, or other factors used to determine access to those providers for mental health/substance use disorder benefits are comparable to and applied no more stringently than the processes, strategies, evidentiary standards or other factors used to determine access for out- of-network providers for medical/surgical benefits.
Availability of Plan Information
6.2.7- MHPAEA The State must provide beneficiaries, potential enrollees, and providers with information related to medical necessity criteria and denials of payment or reimbursement for mental health or substance use disorder services. 6.2.7.1- MHPAEA Medical necessity criteria determinations must be made available to any current or potential enrollee or contracting provider, upon request. The state attests that the following entities provide this information:
<u>State</u>
Managed Care entities
<u>Both</u>
6.2.7.2- MHPAEA Reason for any denial for reimbursement or payment for mental health or substance use disorder benefits must be made available to the enrollee by the health plan or the State. The state attests that the following entities provide denial information: State
Managed Care entities
Both Both

to waive the 10 percent limitation on expenditures not used for Medicaid or health insurance assistance if coverage provided to targeted low-income children through such expenditures meets the requirements of Section 2103; the cost of such coverage is not greater, on an average per child basis, than the cost of coverage that would otherwise be provided under Section 2103; and such coverage is provided through the use of a community-based health delivery system, such as through contracts with health centers receiving funds under Section 330 of the Public Health Services Act or with hospitals such as those that receive disproportionate share payment adjustments under Section 1886(c)(5)(F) or 1923.

If the cost-effective alternative waiver is requested, the State must demonstrate that payments in excess of the 10 percent limitation will be used for other child health assistance for targeted low-income children; expenditures for health services initiatives under the plan for improving the health of children (including targeted low-income children and other low-income children); expenditures for outreach activities as provided in Section 2102(c)(1) under the plan; and other reasonable costs incurred by the State to administer the plan. (42CFR, 457.1005(a))

6.4.1.3. The coverage must be provided through the use of a community based health delivery system, such as through contracts with health centers receiving funds under Section 330 of the Public Health Service Act or with hospitals such as those that receive disproportionate share payment adjustments under Section 1886(c)(5)(F) or 1923 of the Social Security Act. Describe the community-based delivery system. (Section 2105(c)(2) (B)(iii)) (42CFR 457.1005(a))

Guidance: Check 6.4.2.if the State is requesting to purchase family coverage. Any State requesting to purchase such coverage will need to include information that establishes to the Secretary's satisfaction that: 1) when compared to the amount of money that would have been paid to cover only the children involved with a comparable package, the purchase of family coverage is cost effective; and 2) the purchase of family coverage is not a substitution for coverage already being provided to the child. (Section 2105(c)(3)) (42CFR 457.1010)

Purchase of Family Coverage- Describe the plan to purchase family coverage. Payment may be made to a State for the purpose of family coverage under a group health plan or health insurance coverage that includes coverage of targeted low-income children, if it demonstrates the following: (Section 2105(c)(3)) (42CFR 457.1010)

6.4.2.1. Purchase of family coverage is cost-effective. The State's cost of

purchasing family coverage, including administrative expenditures, that includes coverage for the targeted low-income children involved or the family involved (as applicable) under premium assistance programs must not be greater than the cost of obtaining coverage under the State plan for all eligible targeted low-income children or families involved; and (2) The State may base its demonstration of cost effectiveness on an assessment of the cost of coverage, including administrative costs, for children or families under premium assistance programs to the cost of other CHIP coverage for these children or families, done on a case-by-case basis, or on the cost of premium assisted coverage in the aggregate.

- 6.4.2.2. The State assures that the family coverage would not otherwise substitute for health insurance coverage that would be provided to such children but for the purchase of family coverage. (Section 2105(c)(3)(B)) (42CFR 457.1010(b))
- 6.4.2.3. The State assures that the coverage for the family otherwise meets title XXI requirements. (42CFR 457.1010(c))

6.4.3-PA: Additional State Options for Providing Premium Assistance (CHIPRA # 13, SHO # 10-002 issued February, 2, 2010) A State may elect to offer a premium assistance subsidy for qualified employer-sponsored coverage, as defined in Section 2105(c)(10)(B), to all targeted low-income children who are eligible for child health assistance under the plan and have access to such coverage. No subsidy shall be provided to a targeted low-income child (or the child's parent) unless the child voluntarily elects to receive such a subsidy. (Section 2105(c)(10)(A)). Please remember to update section 9.10 when electing this option. Does the State provide this option to targeted low-income children?

Yes No

- **6.4.3.1-PA** Qualified Employer-Sponsored Coverage and Premium Assistance Subsidy
 - **6.4.3.1.1-PA** Provide an assurance that the qualified employer-sponsored insurance meets the definition of qualified employer-sponsored coverage as defined in Section 2105(c)(10)(B), and that the premium assistance subsidy meets the definition of premium assistance subsidy as defined in 2105(c)(10)(C).
 - **6.4.3.1.2-PA** Describe whether the State is providing the premium assistance subsidy as reimbursement to an employee or for out-of-pocket expenditures or directly to the employee's employer.

- **6.4.3.2-PA:** Supplemental Coverage for Benefits and Cost Sharing Protections Provided under the Child Health Plan.
 - **6.4.3.2.1-PA** If the State is providing premium assistance for qualified employer-sponsored coverage, as defined in Section 2105(c)(10)(E)(i), provide an assurance that the State is providing for each targeted low-income child enrolled in such coverage, supplemental coverage consisting of all items or services that are not covered or are only partially covered, under the qualified employer-sponsored coverage consistent with 2103(a) and cost sharing protections consistent with Section 2103(e).
 - **6.4.3.2.2-PA** Describe whether these benefits are being provided through the employer or by the State providing wraparound benefits.
 - **6.4.3.2.3-PA** If the State is providing premium assistance for benchmark or benchmark-equivalent coverage, the State ensures that such group health plans or health insurance coverage offered through an employer will be certified by an actuary as coverage that is equivalent to a benchmark benefit package described in Section 2103(b) or benchmark equivalent coverage that meets the requirements of Section 2103(a)(2).
- **6.4.3.3-PA:** Application of Waiting Period Imposed Under State Plan: States are required to apply the same waiting period to premium assistance as is applied to direct coverage for children under their CHIP State plan, as specified in Section 2105(c)(10)(F).
 - **6.4.3.3.1-PA** Provide an assurance that the waiting period for children in premium assistance is the same as for those children in direct coverage (if State has a waiting period in place for children in direct CHIP coverage).
- **6.4.3.4-PA:** Opt-Out and Outreach, Education, and Enrollment Assistance
 - **6.4.3.4.1-PA** Describe the State's process for ensuring parents are permitted to disenroll their child from qualified employer-sponsored coverage and to enroll in CHIP effective on the first day of any month for which the child is eligible for such assistance and in a manner that ensures continuity of coverage for the child (Section 2105(c)(10)(G)).
 - **6.4.3.4.2-PA** Describe the State's outreach, education, and enrollment efforts related to premium assistance programs, as required under Section 2102(c)(3). How does the State inform families of the availability of premium assistance, and assist them in obtaining such subsidies? What are the specific significant

resources the State intends to apply to educate employers about the availability of premium assistance subsidies under the State child health plan? (Section 2102(c))

- **Purchasing Pool** A State may establish an employer-family premium assistance purchasing pool and may provide a premium assistance subsidy for enrollment in coverage made available through this pool (Section 2105(c)(10)(I)). Does the State provide this option?

 Yes
 No
 - **6.6.3.5.1-PA** Describe the plan to establish an employer-family premium assistance purchasing pool.
 - **6.6.3.5.2-PA** Provide an assurance that employers who are eligible to participate: 1) have less than 250 employees; 2) have at least one employee who is a pregnant woman eligible for CHIP or a member of a family that has at least one child eligible under the State's CHIP plan.
 - **6.6.3.5.3-PA** Provide an assurance that the State will not claim for any administrative expenditures attributable to the establishment or operation of such a pool except to the extent such payment would otherwise be permitted under this title.
- **6.4.3.6-PA**Notice of Availability of Premium Assistance- Describe the procedures that assure that if a State provides premium assistance subsidies under this Section, it must: 1) provide as part of the application and enrollment process, information describing the availability of premium assistance and how to elect to obtain a subsidy; and 2) establish other procedures to ensure that parents are fully informed of the choices for child health assistance or through the receipt of premium assistance subsidies (Section 2105(c)(10)(K)).
 - **6.4.3.6.1-PA** Provide an assurance that the State includes information about premium assistance on the CHIP application or enrollment form.

Section 7. **Quality and Appropriateness of Care**

Guidance: Methods for Evaluating and Monitoring Quality- Methods to assure quality include the application of performance measures, quality standards consumer information strategies, and other quality improvement strategies.

Performance measurement strategies could include using measurements for external reporting either to the State or to consumers and for internal quality improvement

purposes. They could be based on existing measurement sets that have undergone rigorous evaluation for their appropriateness (e.g., HEDIS). They may include the use of standardized member satisfaction surveys (e.g., CAHPS) to assess members' experience of care along key dimensions such as access, satisfaction, and system performance.

Quality standards are often used to assure the presence of structural and process measures that promote quality and could include such approaches as: the use of external and periodic review of health plans by groups such as the National Committee for Quality Assurance; the establishment of standards related to consumer protection and quality such as those developed by the National Association of Insurance Commissioners; and the formation of an advisory group to the State or plan to facilitate consumer and community participation in the plan.

Information strategies could include: the disclosure of information to beneficiaries about their benefits under the plan and their rights and responsibilities; the provision of comparative information to consumers on the performance of available health plans and providers; and consumer education strategies on how to access and effectively use health insurance coverage to maximize quality of care.

Quality improvement strategies should include the establishment of quantified quality improvement goals for the plan or the State and provider education. Other strategies include specific purchasing specifications, ongoing contract monitoring mechanisms, focus groups, etc.

Where States use managed care organizations to deliver CHIP care, recent legal changes require the State to use managed care quality standards and quality strategies similar to those used in Medicaid managed care.

Tools for Evaluating and Monitoring Quality- Tools and types of information available include, HEDIS (Health Employer Data Information Set) measures, CAHPS (Consumer Assessments of Health Plans Study) measures, vital statistics data, and State health registries (e.g., immunization registries).

Quality monitoring may be done by external quality review organizations, or, if the State wishes, internally by a State board or agency independent of the State CHIP Agency. Establishing grievance measures is also an important aspect of monitoring.

		here if the State elects to use funds provided under Title XXI only to provide expanded lity under the State's Medicaid plan, and continue on to Section 8.
<u>Guidan</u>	ce:	The State must specify the qualifications of entities that will provide coverage and the conditions of participation. States should also define the quality standard they are using,

for example, NCQA Standards or other professional standards. Any description of the information strategies used should be linked to Section 9. (Section 2102(a)(7)(A)) (42CFR, 457.495)

7.1.	Describe the methods (including external and internal monitoring) used to assure the
	quality and appropriateness of care, particularly with respect to well-baby care, well-child
	care, and immunizations provided under the plan. (Section 2102(a)(7)(A)) (42CFR
	457.495(a)) Will the State utilize any of the following tools to assure quality? (Check all
	that apply and describe the activities for any categories utilized.)

7.1.1.	Quality standards
7.1.2.	Performance measurement
	7.1.2 (a) CHIPRA Quality Core Set
	7.1.2 (b) Other
7.1.3.	Information strategies

Quality improvement strategies

7.1.4.

Guidance: Provide a brief description of methods to be used to assure access to covered services, including a description of how the State will assure the quality and appropriateness of the care provided. The State should consider whether there are sufficient providers of care for the newly enrolled populations and whether there is reasonable access to care. (Section 2102(a)(7)(B))

- **7.2.** Describe the methods used, including monitoring, to assure: (Section 2102(a)(7)(B)) (42CFR 457.495)
 - **7.2.1.** Access to well-baby care, well-child care, well-adolescent care and childhood and adolescent immunizations. (Section 2102(a)(7)) (42CFR 457.495(a))
 - **7.2.2.** Access to covered services, including emergency services as defined in 42 CFR 457.10. (Section 2102(a)(7)) 42CFR 457.495(b))
 - **7.2.3.** Appropriate and timely procedures to monitor and treat enrollees with chronic, complex, or serious medical conditions, including access to an adequate number of visits to specialists experienced in treating the specific medical condition and access to out-of-network providers when the network is not adequate for the enrollee's medical condition. (Section 2102(a)(7)) (42CFR 457.495(c))

7.2.4. Decisions related to the prior authorization of health services are completed in accordance with State law or, in accordance with the medical needs of the patient, within 14 days after the receipt of a request for services. (Section 2102(a)(7)) (42CFR 457.495(d)) Exigent medical circumstances may require more rapid response according to the medical needs of the patient.

Section 8.		Cost-Sharing and Payment		
		here if the State elects to use funds provided under Title XXI only to provide expanded ity under the State's Medicaid plan, and continue on to Section 9.		
8.1.		Is cost-sharing imposed on any of the children covered under the plan? (42CFR 457.505) Indicate if this also applies for pregnant women. (CHIPRA #2, SHO # 09-006, issued May 11, 2009)		
	8.1.1. 8.1.2.	Yes No, skip to question 8.8.		
	8.1.1-P 8.1.2-P			
<u>Guidar</u>	nce:	It is important to note that for families below 150 percent of poverty, the same limitations on cost sharing that are under the Medicaid program apply. (These cost-sharing limitations have been set forth in Section 1916 of the Social Security Act, as implemented by regulations at 42 CFR 447.50 - 447.59). For families with incomes of 150 percent of poverty and above, cost sharing for all children in the family cannot exceed 5 percent of a family's income per year. Include a statement that no cost sharing will be charged for pregnancy-related services. (CHIPRA #2, SHO # 09-006, issued May 11, 2009) (Section 2103(e)(1)(A)) (42CFR 457.505(a), 457.510(b) and (c), 457.515(a) and (c))		
groups of enrollees that may be sub and the service for which the charge		Describe the amount of cost-sharing, any sliding scale based on income, the group or groups of enrollees that may be subject to the charge by age and income (if applicable) and the service for which the charge is imposed or time period for the charge, as appropriate. (Section 2103(e)(1)(A)) (42CFR 457.505(a), 457.510(b) and (c), 457.515(a) and (c))

	Yes
	<u>No</u>
	Guidance: If the State does not apply a type of financial requirement to
	substantially all medical/surgical benefits in a given classification of benefits, the
	State may not impose financial requirements on mental health or substance use
	disorder benefits in that classification. (§457.496(d)(3)(i)(A))
	8.4.8- MHPAEA For each type of financial requirement applied to substantially all
	medical/surgical benefits in a classification, the State must determine the predominant level (as
	defined in §457.496(d)(3)(i)(B)(1)) of that type which is applied to medical/surgical benefits in
	the classification. For each type of financial requirement applied to substantially all
	medical/surgical benefits in a classification, the State assures:
	The same reasonable methodology applied in determining the dollar amounts used in
	determining whether substantially all medical/surgical benefits within a classification are
	subject to a type of financial requirement also is applied in determining the dollar
	amounts used to determine the predominant level of a type of financial requirement
	applied to medical/surgical benefits within a classification. (§457.496(d)(3)(i)(E))
	The level of each type of financial requirement applied by the State to mental health
	or substance use disorder benefits in any classification is no more restrictive than the
	predominate level of that type which is applied by the State to medical/surgical benefits
	within the same classification. (§457.496(d)(2)(i))
	Cuidance. If there is no single level of a type of financial requirement that exceeds
	Guidance: If there is no single level of a type of financial requirement that exceeds the one-half threshold, the State may combine levels within a type of financial
	requirement such that the combined levels are applied to at least half of all
	medical/surgical benefits within a classification; the predominate level is the least
	restrictive level of the levels combined to meet the one-half threshold (§457.496(d)(3)
	<u>(i)(B)(2)).</u>
8.5.	Describe how the State will ensure that the annual aggregate cost-sharing for a family
0.5.	does not exceed 5 percent of such family's income for the length of the child's eligibility
	period in the State. Include a description of the procedures that do not primarily rely on a
	refund given by the State for overpayment by an enrollee: (Section 2103(e)(3)(B))
	(42CFR 457.560(b) and 457.505(e))
8.6.	Describe the procedures the State will use to ensure American Indian (as defined by the
0.0.	Indian Health Care Improvement Act of 1976) and Alaska Native children will be
	excluded from cost-sharing. (Section 2103(b)(3)(D)) (42CFR 457.535)

8.7. Provide a description of the consequences for an enrollee of charge. (42CFR 457.570 and 457.505(c))			cription of the consequences for an enrollee or applicant who does not pay a TR 457.570 and 457.505(c))	
Guidance	e:	Section 8.7.1 is based on Section 2101(a) of the Act provides that the purpose of title XXI is to provide funds to States to enable them to initiate and expand the provision of child health assistance to uninsured, low-income children in an effective and efficient manner that is coordinated with other sources of health benefits coverage for children.		
8	.7.1.	Provide an ass	surance that the following disenrollment protections are being applied:	
<u>G</u>	Guidan	the Sta	e a description below of the State's premium grace period process and how the notifies families of their rights and responsibilities with respect to that of premiums. (Section 2103(e)(3)(C))	
		8.7.1.1.	State has established a process that gives enrollees reasonable notice of and an opportunity to pay past due premiums, copayments, coinsurance, deductibles or similar fees prior to disenrollment. (42CFR 457.570(a))	
		8.7.1.2.	The disenrollment process affords the enrollee an opportunity to show that the enrollee's family income has declined prior to disenrollment for non-payment of cost-sharing charges. (42CFR 457.570(b))	
		8.7.1.3.	In the instance mentioned above, that the State will facilitate enrolling the child in Medicaid or adjust the child's cost-sharing category as appropriate. (42CFR 457.570(b))	
		8.7.1.4	The State provides the enrollee with an opportunity for an impartial review to address disenrollment from the program. (42CFR 457.570(c))	
8.8.			ares that it has made the following findings with respect to the payment plan: (Section 2103(e))	
8	.8.1.		deral funds will be used toward State matching requirements. (Section (2)(4)) (42CFR 457.220)	
8.	.8.2.	No cos	et-sharing (including premiums, deductibles, copayments, coinsurance and er types) will be used toward State matching requirements. (Section 2105(c) 2CFR 457.224) (Previously 8.4.5)	
8.	8.8.3. No funds under this title will be used for coverage if a private insurer would have been obligated to provide such assistance except for a provision limiting this obligation because the child is eligible under the this title. (Section 2105(c)(6)(42CFR 457.626(a)(1))		nds under this title will be used for coverage if a private insurer would have bligated to provide such assistance except for a provision limiting this tion because the child is eligible under the this title. (Section 2105(c)(6)(A))	
8	.8.4.	`	e and resource standards and methodologies for determining Medicaid	

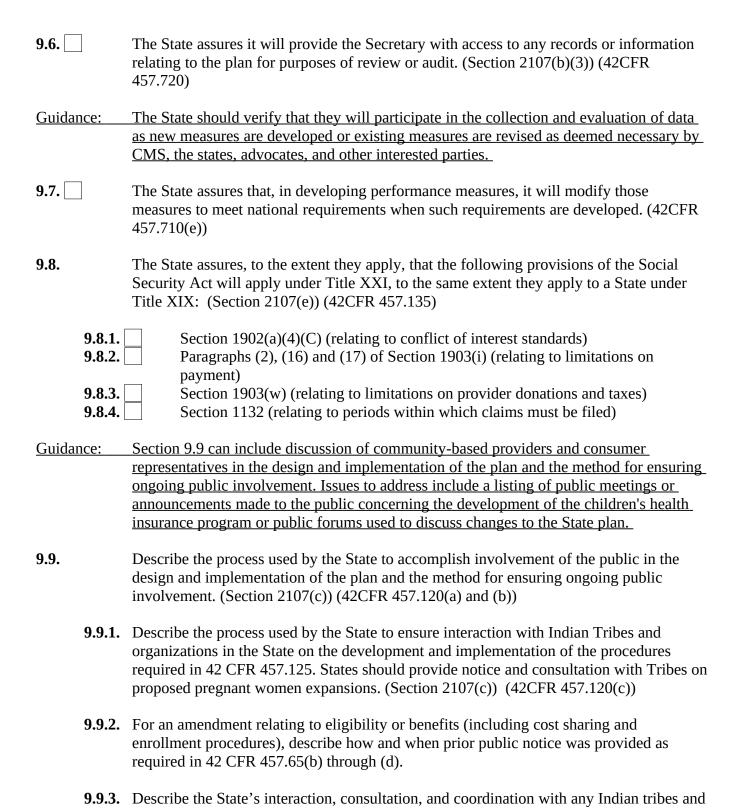

should check the HEDIS 2008 manual for detailed definitions of each measure, including definitions of the numerator and denominator to be used. For states that do not plan to

offer managed care plans, HEDIS measures may also be able to be adapted to organizations of care other than managed care.

9.3. Describe how performance under the plan will be measured through objective, independently verifiable means and compared against performance goals in order to determine the State's performance, taking into account suggested performance indicators as specified below or other indicators the State develops: (Section 2107(a)(4)(A),(B)) (42CFR 457.710(d)) Check the applicable suggested performance measurements listed below that the State plans to use: (Section 2107(a)(4)) 9.3.1. The increase in the percentage of Medicaid-eligible children enrolled in Medicaid. 9.3.2. The reduction in the percentage of uninsured children. 9.3.3. The increase in the percentage of children with a usual source of care. 9.3.4. The extent to which outcome measures show progress on one or more of the health problems identified by the state. 9.3.5. HEDIS Measurement Set relevant to children and adolescents younger than 19. 9.3.6. Other child appropriate measurement set. List or describe the set used. 9.3.7. If not utilizing the entire HEDIS Measurement Set, specify which measures will be collected, such as: 9.3.7.1. **Immunizations** 9.3.7.2. Well childcare 9.3.7.3. Adolescent well visits 9.3.7.4. Satisfaction with care 9.3.7.5. Mental health 9.3.7.6. Dental care 9.3.7.7. Other, list: 9.3.8. Performance measures for special targeted populations. 9.4. The State assures it will collect all data, maintain records and furnish reports to the Secretary at the times and in the standardized format that the Secretary requires. (Section 2107(b)(1)) (42CFR 457.720) The State should include an assurance of compliance with the annual reporting Guidance: requirements, including an assessment of reducing the number of low-income uninsured children. The State should also discuss any annual activities to be undertaken that relate to assessment and evaluation of the program. 9.5. The State assures it will comply with the annual assessment and evaluation required

reports. (Section 2107(b)(2)) (42CFR 457.750)

under Section 10. Briefly describe the State's plan for these annual assessments and

organizations in the State regarding implementation of the Express Lane eligibility option.

- **9.10.** Provide a 1-year projected budget. A suggested financial form for the budget is below. The budget must describe: (Section 2107(d)) (42CFR 457.140)
 - Planned use of funds, including:
 - Projected amount to be spent on health services;
 - Projected amount to be spent on administrative costs, such as outreach, child health initiatives, and evaluation; and
 - Assumptions on which the budget is based, including cost per child and expected enrollment.
 - Projected expenditures for the separate child health plan, including but not limited to expenditures for targeted low income children, the optional coverage of the unborn, lawfully residing eligibles, dental services, etc.
 - All cost sharing, benefit, payment, eligibility need to be reflected in the budget.
 - Projected sources of non-Federal plan expenditures, including any requirements for cost-sharing by enrollees.
 - Include a separate budget line to indicate the cost of providing coverage to pregnant women.
 - States must include a separate budget line item to indicate the cost of providing coverage to premium assistance children.
 - Include a separate budget line to indicate the cost of providing dental-only supplemental coverage.
 - Include a separate budget line to indicate the cost of implementing Express Lane Eligibility.
 - Provide a 1-year projected budget for all targeted low-income children covered under the state plan using the attached form. Additionally, provide the following:
 - Total 1-year cost of adding prenatal coverage
 - Estimate of unborn children covered in year 1

Section 10. Annual Reports and Evaluations

Guidance:

The National Academy for State Health Policy (NASHP), CMS and the states developed framework for the annual report that states have the option to use to complete the required evaluation report. The framework recognizes the diversity in State approaches to implementing CHIP and provides consistency across states in the structure, content, and format of the evaluation report. Use of the framework and submission of this information will allow comparisons to be made between states and on a nationwide basis. The framework for the annual report can be obtained from NASHP's website at http://www.nashp.org. Per the title XXI statute at Section 2108(a), states must submit reports by January 1st to be compliant with requirements.

10.1. Annual Reports. The State assures that it will assess the operation of the State plan under this Title in each fiscal year, including: (Section 2108(a)(1),(2)) (42CFR 457.750)

10.1.1.	The progress made in reducing the number of uninsured low-income children and report to the Secretary by January 1 following the end of the fiscal year on the result of the assessment, and				
10.2.	The State assures it will comply with future reporting requirements as they are developed. (42CFR 457.710(e))				
10.3.	The State assures that it will comply with all applicable Federal laws and regulations, including but not limited to Federal grant requirements and Federal reporting equirements.				
10.3-DC	The State agrees to submit yearly the approved dental benefit package and to submit quarterly current and accurate information on enrolled dental providers in the State to the Health Resources and Services Administration for posting on the Insure Kids Now! Website. Please update Sections 6.2-DC and 9.10 when electing this option.				
Section 11.	Program Integrity (Section 2101(a))				
	here if the State elects to use funds provided under Title XXI only to provide expanded ity under the State's Medicaid plan, and continue to Section 12.				
11.1.	The State assures that services are provided in an effective and efficient manner through free and open competition or through basing rates on other public and private rates that are actuarially sound. (Section 2101(a)) (42CFR 457.940(b))				
11.2.	The State assures, to the extent they apply, that the following provisions of the Social Security Act will apply under Title XXI, to the same extent they apply to a State under Title XIX: (Section 2107(e)) (42CFR 457.935(b)) (The items below were moved from section 9.8. Previously 9.8.6 9.8.9.)				
11.2.1.	42 CFR Part 455 Subpart B (relating to disclosure of information by providers and fiscal agents)				
11.2.2. 11.2.3.	Section 1124 (relating to disclosure of ownership and related information)				
11.2.4.	Section 1128A (relating to civil monetary penalties)				
11.2.5. 11.2.6.					
Section 12.	Applicant and Enrollee Protections (Sections 2101(a))				
Check	here if the State elects to use funds provided under Title XXI only to provide expanded				

eligibility under the State's Medicaid plan.

12.1. Eligibility and Enrollment Matters- Describe the review process for eligibility and enrollment matters that complies with 42 CFR 457.1120. Describe any special processes and procedures that are unique to the applicant's rights when the State is using the Express Lane option when determining eligibility.

Guidance: "Health services matters" refers to grievances relating to the provision of health care.

- **12.2. Health Services Matters-** Describe the review process for health services matters that complies with 42 CFR 457.1120.
- **12.3. Premium Assistance Programs** If providing coverage through a group health plan that does not meet the requirements of 42 CFR 457.1120, describe how the State will assure that applicants and enrollees have the option to obtain health benefits coverage other than through the group health plan at initial enrollment and at each redetermination of eligibility.

GLOSSARY

Adapted directly from Sec. 2110. DEFINITIONS.

CHILD HEALTH ASSISTANCE- For purposes of this title, the term 'child health assistance' means payment for part or all of the cost of health benefits coverage for targeted low-income children that includes any of the following (and includes, in the case described in Section 2105(a)(2)(A), payment for part or all of the cost of providing any of the following), as specified under the State plan:

- 1. Inpatient hospital services.
- 2. Outpatient hospital services.
- 3. Physician services.
- 4. Surgical services.
- 5. Clinic services (including health center services) and other ambulatory health care services.
- 6. Prescription drugs and biologicals and the administration of such drugs and biologicals, only if such drugs and biologicals are not furnished for the purpose of causing, or assisting in causing, the death, suicide, euthanasia, or mercy killing of a person.
- 7. Over-the-counter medications.
- 8. Laboratory and radiological services.
- 9. Prenatal care and prepregnancy family planning services and supplies.
- 10. Inpatient mental health services, other than services described in paragraph (18) but including services furnished in a State-operated mental hospital and including residential or other 24-hour therapeutically planned structured services.
- 11. Outpatient mental health services, other than services described in paragraph (19) but including services furnished in a State-operated mental hospital and including community-based services.
- 12. Durable medical equipment and other medically-related or remedial devices (such as prosthetic devices, implants, eyeglasses, hearing aids, dental devices, and adaptive devices).
- 13. Disposable medical supplies.
- 14. Home and community-based health care services and related supportive services (such as home health nursing services, home health aide services, personal care, assistance with activities of daily living, chore services, day care services, respite care services, training for family members, and minor modifications to the home).
- 15. Nursing care services (such as nurse practitioner services, nurse midwife services, advanced practice nurse services, private duty nursing care, pediatric nurse services, and respiratory care services) in a home, school, or other setting.
- 16. Abortion only if necessary to save the life of the mother or if the pregnancy is the result of an act of rape or incest.
- 17. Dental services.
- 18. Inpatient substance abuse treatment services and residential substance abuse treatment services.
- 19. Outpatient substance abuse treatment services.
- 20. Case management services.
- 21. Care coordination services.
- 22. Physical therapy, occupational therapy, and services for individuals with speech, hearing, and language disorders.
- 23. Hospice care.

- 24. Any other medical, diagnostic, screening, preventive, restorative, remedial, therapeutic, or rehabilitative services (whether in a facility, home, school, or other setting) if recognized by State law and only if the service is-
 - a. prescribed by or furnished by a physician or other licensed or registered practitioner within the scope of practice as defined by State law,
 - b. performed under the general supervision or at the direction of a physician, or
 - c. furnished by a health care facility that is operated by a State or local government or is licensed under State law and operating within the scope of the license.
- 25. Premiums for private health care insurance coverage.
- 26. Medical transportation.
- 27. Enabling services (such as transportation, translation, and outreach services) only if designed to increase the accessibility of primary and preventive health care services for eligible low-income individuals.
- 28. Any other health care services or items specified by the Secretary and not excluded under this section.

TARGETED LOW-INCOME CHILD DEFINED- For purposes of this title--

- 1. IN GENERAL- Subject to paragraph (2), the term 'targeted low-income child' means a child-
 - a. who has been determined eligible by the State for child health assistance under the State plan;
 - b. (i) who is a low-income child, or
 - (ii) is a child whose family income (as determined under the State child health plan) exceeds the Medicaid applicable income level (as defined in paragraph (4)), but does not exceed 50 percentage points above the Medicaid applicable income level; and
 - c. who is not found to be eligible for medical assistance under title XIX or covered under a group health plan or under health insurance coverage (as such terms are defined in Section 2791 of the Public Health Service Act).
- 2. CHILDREN EXCLUDED- Such term does not include-
 - a. a child who is a resident of a public institution or a patient in an institution for mental diseases; or
 - b. a child who is a member of a family that is eligible for health benefits coverage under a State health benefits plan on the basis of a family member's employment with a public agency in the State.
- 3. SPECIAL RULE- A child shall not be considered to be described in paragraph (1)(C) notwithstanding that the child is covered under a health insurance coverage program that has been in operation since before July 1, 1997, and that is offered by a State which receives no Federal funds for the program's operation.
- 4. MEDICAID APPLICABLE INCOME LEVEL- The term 'Medicaid applicable income level' means, with respect to a child, the effective income level (expressed as a percent of the poverty line) that has been specified under the State plan under title XIX (including under a waiver authorized by the Secretary or under Section 1902(r)(2)), as of June 1, 1997, for the child to be eligible for medical assistance under Section 1902(l)(2) for the age of such child.
- 5. TARGETED LOW-INCOME PREGNANT WOMAN.—The term 'targeted low-income pregnant

woman' means an individual— (A) during pregnancy and through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends; (B) whose family income exceeds 185 percent (or, if higher, the percent applied under subsection (b)(1)(A)) of the poverty line applicable to a family of the size involved, but does not exceed the income eligibility level established under the State child health plan under this title for a targeted low-income child; and (C) who satisfies the requirements of paragraphs (1)(A), (1)(C), (2), and (3) of Section 2110(b) in the same manner as a child applying for child health assistance would have to satisfy such requirements.

ADDITIONAL DEFINITIONS- For purposes of this title:

- 1. CHILD- The term 'child' means an individual under 19 years of age.
- 2. CREDITABLE HEALTH COVERAGE- The term 'creditable health coverage' has the meaning given the term 'creditable coverage' under Section 2701(c) of the Public Health Service Act (42 U.S.C. 300gg(c)) and includes coverage that meets the requirements of section 2103 provided to a targeted low-income child under this title or under a waiver approved under section 2105(c)(2) (B) (relating to a direct service waiver).
- 3. GROUP HEALTH PLAN; HEALTH INSURANCE COVERAGE; ETC- The terms 'group health plan', 'group health insurance coverage', and 'health insurance coverage' have the meanings given such terms in Section 2191 of the Public Health Service Act.
- 4. LOW-INCOME CHILD The term 'low-income child' means a child whose family income is at or below 200 percent of the poverty line for a family of the size involved.
- 5. POVERTY LINE DEFINED- The term 'poverty line' has the meaning given such term in section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2)), including any revision required by such section.
- 6. PREEXISTING CONDITION EXCLUSION- The term 'preexisting condition exclusion' has the meaning given such term in section 2701(b)(1)(A) of the Public Health Service Act (42 U.S.C. 300gg(b)(1)(A)).
- 7. STATE CHILD HEALTH PLAN; PLAN- Unless the context otherwise requires, the terms 'State child health plan' and 'plan' mean a State child health plan approved under Section 2106.
- 8. UNINSURED CHILD- The term 'uninsured child' means a child that does not have creditable health coverage.
