Record of Decision for the General Management Plan, Fort Matanzas National Monument, Florida

AGENCY: National Park Service, Interior.

ACTION: Notice of availability.

SUMMARY: Pursuant to 42 U.S.C. 4332(2)(C) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the Record of Decision (ROD) for the General Management Plan (GMP) for Fort Matanzas National Monument (National Monument). On 08/01/14, the Regional Director, Southeast Region, approved the ROD for the project.

FOR FURTHER INFORMATION CONTACT: Superintendent Gordon Wilson, Fort Matanzas National Monument, One South Castillo Drive, St. Augustine, FL 32084; telephone (904) 829-6506, Ext. 221.

SUPPLEMENTARY INFORMATION: The NPS evaluated three alternatives for managing use and development of the national monument in the GMP Final Environmental Impact Statement:

Alternative A—No action.

Alternative B—The preferred alternative would continue the ban on off-road vehicle access to the Anastasia Island Beach within the National Monument boundary and would manage the site in a manner consistent with its history as a small military outpost within a sometimes harsh, but beautiful and rich natural environment. There would be minimal development of new facilities and minimal expansion of existing facilities. There would be increased emphasis on the interpretation of the natural environment.

Alternative C—The NPS would seek authority to permit driving within defined geographical limits on the Anastasia Island beach within the National Monument boundary through the promulgation of a Special Regulation and the preparation of an Off Road Vehicle Plan and an Environmental Impact Statement. This alternative combines the history of the Rattlesnake Island fortified outpost with its establishment as a National Monument and the further development and evolution of the park to its present day configuration. A portion of the north end of Anastasia Island would be preserved as an exhibit that

commemorates the efforts of the New Deal agencies and local citizens would create a permanent monument to the Spanish history of the site. The central and southern ends of Anastasia Island, and the east side of Highway A1A would continue to be managed to protect and conserve the natural resources of the zone.

The ROD selected alternative B and the NPS will immediately begin to implement that alternative as the GMP. The GMP will guide the management of the national monument over the next 20+ years.

The responsible official for this FEIS/GMP is the Regional Director, NPS Southeast Region, 100 Alabama Street SW., 1924 Building, Atlanta, Georgia 30303.

Dated: August 13, 2014.

Stan Austin,

Regional Director, Southeast Region.

Notice of Proposed Information Collection for 1029-0083; Request for Comments

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSMRE) is announcing its intention to request renewed approval to collect information on the certification of blasters in Federal program states and on Indian lands, and the related form.

DATES: Comments on the proposed information collection must be received by November 3, 2014, to be assured of consideration.

ADDRESSES: Comments may be mailed to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., Room 203-SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request contact John Trelease

at (202) 208-2783, or by email at jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies an information collection that OSMRE will be submitting to OMB for approval. This collection is contained in 30 CFR part 955—Certification of Blasters in Federal program states and on Indian lands, and Form OSM-74. OSMRE will request a 3-year term of approval for each information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for 30 CFR part 955 and Form OSM-74 is 1029-0083, and is codified at 30 CFR 955.10.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany OSM's submission of the information collection request to OMB.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

This notice provides the public with 60 days in which to comment on the following information collection activity:
