Part III: Annual Burden Calculation
 Part III, Page 1 of 3

11. Annual IC Burden: To calculate and verify burden against ROCIS, please complete Part III (Questions 1-6) for a new IC or III (Questions 7-10) of this 3244c worksheet if this ICR reflects a request to change burden of ICs from the Approved Burden (in current Inventory). Table below will be automatically calculated by PRA ROCIS system based on responses to questions 1-6 or 7-10 below). Beginning with the first activity, **estimate the burden** (time in hours), apportioning the burden estimate by labor category (legal, managerial, technical, and clerical), that an individual respondent will require for each activity. You may add other labor categories, as appropriate. For rule-related ICRs, burden estimates for each activity should be extracted from the corresponding Economic Analysis (EA). If EA estimates are not available, base your estimates on informal consultations with nine or fewer respondents or on your experience with similar collections. Remember to list all consultations and remember to identify and estimate the burden of third-party activities.

c. Annual IC Cost Burden	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00

Please use this sheet to gather information about burden for each Information Collection in the ICR. The NCUA CO will use the information on this sheet to calculate total burden for the IC and the ICR. If this ICR is an extension and you are requesting no change in burden, you may use Part III (Questions 7-10).

1. Enter Total Number of Respondents (Part II, 10): respondents

b. Calculate Annual Time Burden and Annual Cost Burden based on 5.a. The sum of these three must equal the annual burden of the IC, Part III, 11.

6. Complete the following table. Use the OMB Inventory of currently approved information collections to complete the approved column. The difference between Requested and Approved in each row must be the sum of the four categories of changes. ROCIS will help you fill this table in by putting any missing difference in Program Change Due to Agency Discretion. You may then reenter in any of the four middle columns as applicable. ROCIS will complete the table in Part III, Question 11.

	Requested	Program Change Due to New Statute	Program Change Due to Agency Discretion	Change Due to Adjustment in Agency Estimate	Change Due to Violation of the PRA	Approved (In current inventory)
a. Annual Number of Responses for this IC	54957 (Line 4)	0	0	0	0	54957

c. Annual IC Cost Burden	\$ 0.00 (Line 5b viii)	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00	\$ 0.00

If this ICR is an extension and you are requesting no change in total burden, you may answer Part III (Questions 7-10), instead of Part III (Questions 1-6) for every information collection in the ICR. Use this sheet gather information about burden for each Information Collection in the ICR. ROCIS will use the information on this sheet to calculate total burden for the IC and the ICR.

7. **Annual Number of Responses:** responses per year

8. **Type of Collection:** Indicate how much of the burden of this IC is due to reporting, due to record keeping, or due to third-party disclosures. The sum of these three must equal the annual burden of the IC.

9. Total Approved Burden of the ICR in the current inventory: (ROCIS populates)

You must ensure that each of the following are the same as the currently approved burden. **If any of the three are not the same, you must complete Part III (1-6) for every IC in the ICR.**

- The total annual number of responses for the ICR (i.e., the sum of every line 1 for each IC in the ICR).
- The total burden hours for the ICR (i.e., the sum of every line 2d for each IC in the ICR); and
- The total cost burden for the ICR (i.e., the sum of every line 2h for each IC in the ICR).
