RE: Test bed experiments for CRP auction design
UCSC IRB Protocol # 2502
UCSC Principal Investigator: Cramton, Peter
Exempt Determination Date: 10/20/2015

Dear Investigator:

The Office of Research Compliance Administration has reviewed the proposed use of human subjects in the project referenced above and has determined that the project is exempt from further IRB review.

Please note that you should consult with the Office of Research Compliance Administration if you have any plans to make changes to your study. Additionally, if an adverse event or unanticipated problem occurs during the research, it is your responsibility to notify the IRB immediately.

The UCSC IRB operates under a Federalwide Assurance approved by the DHHS Office for Human Research Protections, FWA00002797. Our DHHS IRB Registration Number is IRB00000266.

Sincerely,

A handwritten signature in cursive script that reads "Caitlin D. Deck".
