Note: If contact develops a fever ≥100.4° F or other symptoms of Ebola, immediately call EOC at 770.488.7100.

Da	ate of initial interview://	Interviewed by:		
Int	iterviewer's Agency:	_ Interviewer's Phone Number:		
Int	iterviewer's Email:			
Pa	assenger Information:			
1.	First Name:	Last Name:		
	Date of Birth:	Sex:		
	Country of Citizenship:	Country of Residence:		
	What are interviewee's travel plans through 21 days after potential flight exposure:			
	Street Address for next 21 days:	Street Address for next 21 days:		
	City: State:	_ <u>Zip</u> :		
	Phone numbers for next 21 days: Home: Cell:			
	Work:			
	Job title:			
	What flight(s) did the interviewee work or fly on with the index case: Provide complete flight information			
	including flight number, flight origination and destination			
	First flight:			
2.				
3.	Did interviewee have any interactions with the index case from this flight(s)?			

	the event, degree of contact (talking, touching, etc.) and length of time:				
Did in	terviewee have direct contact with blood or other body fluids (including but not limited to feces,				
saliva	, sweat, urine, and vomit) of the index case during the flight(s) mentioned above?				
Ye	es No (If no, skip to question 5)				
If yes	, what protective equipment was worn? $\square$ Mask $\square$ Gloves $\square$ Eye Protection $\square$ Gown				
R	ubber boots or shoe covers  None				
If yes	, describe the contact including location in the plane of the body fluid and any other individuals				
involved:					
If yes	, with which body fluids did interviewee come into contact? (Check all that apply)				
	Tears Saliva Respiratory secretions (cough and sneeze droplets)				
	☐ Vomit ☐ Urine ☐ Blood ☐ Feces ☐ Sweat				
If yes	, did these fluids come in contact with the interviewee's (Read below and check all that apply):				
	Intact skin				
	Broken skin (fresh cut or scratch which bled within 24 hours before the contact; burn or				
	abrasion that had not dried)				
	Mucous membrane contact (eyes, nose or mouth)				
	Other (Specify):				
Were	there any incidents during or after the flight(s) that the interviewee can recall when other				
indivi	duals were in contact with the index case's blood and/or body fluids?				
Y	es No				
If yes	, please describe situation and location in the plane:				

	What protective equipment (i.e. gloves, face mask) was the interviewee wearing if he/she was involved			
	in cleaning the cabin? (NA if not in	Gloves Eye	e Protection    Gown	
Rubber boots or shoe covers None				
ŝ.	Did interviewee experience any sy	mptoms (fever, body aches	, abdominal pain, d	arrhea, rash, sore
	throat, headache, vomiting, weakr	ht with the index case		
	Yes No (If no, skip to que	estion 7)		
	If yes, which of the following symp	toms did the interviewee ex	perience since the t	light with the index
	case, and what were the onset da	te and duration of symptoms	s (check all that app	ly and list
	onset/duration)?			
		Symptom onset (MM/DD/Y	Y)	Duration (in days)
	Fever ≥100.4° F			
	Sore throat			
	Body aches/muscle pain			
	Severe headache			
	Abdominal pain			
	Vomiting			
	Diarrhea			
	Weakness			
	Rash			
	Description of rash			
	Unusual bruising or bleeding			
	(e.g., from gums, eyes, nose)			

experiencing widespread transmission of Ebola? Yes No		
If yes, to which countries did the interviewee travel (check all that apply)?		
Sierra Leone Guinea Liberia Other		
If any of the above countries are selected, please notify CDC by calling EOC at 770.488.7100.  Interviewee will need to complete additional interview with CDC SME involving in-country exposure risk.		
Classification of interviewee risk. After the HD has completed the interview, CDC will assign a risk level		
and communicate follow up recommendations to the HD. Call the EOC and ask to speak to Air Contact		
Investigation Team after the interview to complete this process. Refer to		
http://www.cdc.gov/vhf/ebola/exposure/monitoring-and-movement-of-persons-with-exposure.html for		
additional information.		
Follow-up Actions (check all actions taken for this contact):		
Active Monitoring: state or local public health authority checks with potentially exposed individual		
daily to assess for the presence of symptoms and fever (ie: via phone or other communication)		
Direct Active Monitoring: public health authority conducts active monitoring through direct		
observation		
Ebola Symptoms (fever, body aches, abdominal pain, diarrhea, rash, sore throat, severe headache,		
vomiting, weakness, unusual bruising or bleeding)		
Referred for medical evaluation due to presence of symptoms		
Where was (s)he referred?		
What was the outcome?		
Was (s)he tested for Ebola?		
Declined medical evaluation after it was recommended		
Placed under conditional release		
Placed under state issued quarantine order		
Controlled movement: exclusion from all long-distance and local public conveyances (aircraft, ship,		
train, hus and subway)		

Exclusion from public places (e.g., shopping centers, movie theaters), and congregate gather					
Exclusion from workplaces for the duration of the public health order, unless approved by the st					
or local health department (telework is permitted)					
Federal public health travel re	Federal public health travel restrictions - <u>Do Not Board</u>
