Department of Health and Human Services Centers for Disease Control and Prevention OMB Approved 0920-1032 Exp 04/30/2015

Ebola Exposure Questionnaire for Airport Staff

<u>Directions: Please fax completed form to Ebola Airline Investigation at fax # 404.718.2158 after both initial interview and completion of final disposition.</u>

Note: If contact develops a fever ≥100.4° F or other symptoms of Ebola, immediately call EOC at 770.488.7100.

Da	te of initial interview:/Interviewed by:				
Int	erviewer's Agency: Interviewer's Phone Number:				
Int	erviewer's Email:				
Pa	ssenger Information:				
1.	First Name: Last Name:				
	Date of Birth: Sex:				
	Country of Citizenship: Country of Residence:				
	What are interviewee's travel plans through 21 days after potential flight exposure):				
	Street Address for next 21 days:				
	City: State: <u>Zip</u> :				
	Phone numbers for next 21 days: Home: Cell:				
	Work:				
	Job title:				
	What flight(s) was the interviewee involved on which the index case traveled?:				
	: Provide complete flight information- including flight number, flight origination and destination				
	First flight:				
	Second flight:				
2.	Did interviewee have any interactions with sick passengers from this flight(s)?				
	If yes, describe this event including description of the ill passenger, or their identity if known, location of				
	the event, degree of contact (talking, touching, etc.) and length of time:				

3.	Did interviewee have direct contact with blood or other body fluids (including but not limited to feces,					
	saliva, sweat, urine, and vomit) while working with the flight(s) mentioned above?					
	Yes No (If no, skip to question 4)					
	If yes, what protective equipment was worn? Mask Gloves Eye Protection Gown					
	Rubber boots or shoe covers None					
	If yes, describe the contact including location of the body fluid in the airport and any other individuals					
	involved:					
	If yes, with which body fluids did interviewee come into contact? (Check all that apply)					
	Tears Saliva Respiratory secretions (cough and sneeze droplets)					
	☐ Vomit ☐ Urine ☐ Blood ☐ Feces ☐ Sweat					
	If yes, did these fluids come in contact with the interviewee's (Read below and check all that apply):					
Intact skin						
	Broken skin (fresh cut or scratch which bled within 24 hours before the contact; burn or					
	abrasion that had not dried)					
	Mucous membrane contact (eyes, nose or mouth)					
	Other (Specify):					
4.	Were there any incidents that the interviewee can recall when other individuals were in contact with a					
	person's blood and/or body fluids while working with the flight(s)?					
	☐ Yes ☐ No					
	If yes, please describe situation and location in the airport, including time of the occurrence:					
	What protective equipment (i.e. gloves, face mask) was the interviewee wearing when he/she was					
	working (if any)? Mask Gloves Eye Protection Gown Rubber boots or shoe covers					

	□ None				
5.	Did interviewee experience any symptoms (fever, body aches, abdominal pain, diarrhea, rash, sore				
throat, headache, vomiting, weakness, unusual bruising or bleeding) since the flight with the index c					
Yes No (If no, skip to question 6) If yes, which of the following symptoms did the interviewee experience since the flight with the index					
	onset/duration)?				
		Symptom onset (MM/DD/YY)	Duration (in days)		
	Fever ≥100.4° F				
	Sore throat				
	Body aches/muscle pain				
	Severe headache				
	Abdominal pain				
	Vomiting				
	Diarrhea				
	Weakness				
	Rash				
	Description of rash				
	Unusual bruising or bleeding (e.g., from gums, eyes, nose)				
3.	Has interviewee travelled within th	e last 21 days to Sierra Leone, Guinea, Liberi	a, or another country		
experiencing widespread transmission of Ebola? \square Yes \square No					
	If yes, to which countries did the interviewee travel (check all that apply)?				

Sierra Leone Guinea Liberia Other
If any of the above countries are selected, please notify CDC by calling EOC at 770.488.7100.
Interviewee will need to complete additional interview with CDC SME involving in-country exposure risk.
Classification of interviewee risk. After the HD has completed the interview, CDC will assign a risk level
and communicate follow up recommendations to the HD. Call the EOC and ask to speak to Air Contact
Investigation Team after the interview to complete this process. Refer to
http://www.cdc.gov/vhf/ebola/exposure/monitoring-and-movement-of-persons-with-exposure.html for
additional information.
Follow-up Actions (check all actions taken for this contact):
Active Monitoring: state or local public health authority checks with potentially exposed individual
daily to assess for the presence of symptoms and fever (ie: via phone or other communication)
Direct Active Monitoring: public health authority conducts active monitoring through direct
observation
Ebola Symptoms (fever, body aches, abdominal pain, diarrhea, rash, sore throat, severe headache,
vomiting, weakness, unusual bruising or bleeding)
Referred for medical evaluation due to presence of symptoms
Where was (s)he referred?
What was the outcome?
Was (s)he tested for Ebola?
Declined medical evaluation after it was recommended
Placed under conditional release
Placed under state issued quarantine order
