**ABS\_END.**

Thank you for your participation today. Your answers to this short survey were very valuable to us, as of this time, all the longer surveys you could participate in have been completed for us so you have not been selected for our study.

Thanks again for your contribution to this important research.

**[DISPLAY IF ADULT1 IS SELECTED (PRIMARY INFORMANT) AND HOUSEHOLD IS SELECTED PER ELIGIBILITY DECISION POINT]**

**ABS\_S6.** Good news! You have been selected for our study, which takes about 30 minutes to complete for a \$20 or higher reward, depending on your qualification status.

**INTRODUCTION.**

According to your previous responses, you qualify to participate in a survey that will take about 30 minutes to complete. You will be asked various questions about your experiences with tobacco and television ads about smoking as well as a few questions about your background. The goal of this survey, which will include approximately 10,000 individuals nationwide, is to provide more in-depth analysis of mass media efforts and smoker’s reactions to television ads.

Your responses will be maintained in a secure manner and no personal identification information will be passed on to the sponsors of this study. In addition, your name or other personal information will never be associated with your responses. The data collected for this research study will be combined with that of all participants before it is analyzed.

If you choose to participate in this survey, you will be contacted to participate in a series of follow-up surveys on a quarterly basis. The first follow-up survey will occur in approximately [FILL # MONTHS PLANNED CAMPAIGN DURATION] months. The additional surveys will take about the same amount of time to complete.

There are no physical risks involved in participating in this study; however, it is possible that you could find some of the questions to be sensitive. If you find a question during the survey to be too personal, you may choose not to answer the question. Your participation is strictly voluntary and you may terminate your participation at any time. The benefit of participating in this study is to assist the sponsor in determining a nationwide estimate of awareness of an important media campaign. If you are qualified, [IF KP SAMPLE: you will be awarded 15,000 bonus points credited to your KnowledgePanel account for completing the survey.] [IF ABS SAMPLE: you will receive a check for \$20 or more for completing the survey, depending on your qualification status.]

This survey is being conducted on behalf of the Centers for Disease Control and Prevention ([www.cdc.gov](http://www.cdc.gov)) and RTI International ([www.rti.org](http://www.rti.org)), a non-profit research organization that conducts studies on many types of health and social issues. [IF KP SAMPLE: If you have any questions about this study, you can contact

KnowledgePanel Panel Relations at 1-800-782-6899 and you will be directed to the appropriate researchers.] If you have any questions about your rights as a study participant, you can contact RTI's Human Research Protections Office by email at orpe@rti.org, or by phone at 1-866-214-2043 (a toll-free number). Please print or save a copy of this document for your records.
