

Screen Shots of Training and Technical Assistance Survey

The screenshot shows a web browser window with the URL <https://www.surveymzmo.com/s3/2636977/Remote-Technical-Assistance>. The page features a teal header bar. In the top right corner, it displays "Form Approved", "OMB No. 0920-1050", and "Exp. Date 2/28/2018". The main content area has a white background with a teal border on the left and right sides. The survey title is "Division of Community Health Remote Technical Assistance Survey". Below the title is a paragraph about the public reporting burden. The "Introduction & Consent" section explains that the CDC Division of Community Health (DCH) is seeking feedback on technical assistance (TA) received in the past 30 days. It states that participation is voluntary and that the survey will take up to 20 minutes. A "Next" button is located at the bottom of the text, and a progress bar below it shows "0%".

Form Approved
OMB No. 0920-1050
Exp. Date 2/28/2018

Division of Community Health Remote Technical Assistance Survey

Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1050)

Introduction & Consent

The Centers for Disease Control and Prevention's (CDC) Division of Community Health (DCH) would like your feedback on the technical assistance (TA) you have received from DCH TA providers.

You are being asked to participate in this survey because DCH records show that you received remote TA on [topic] at least once during the past 30 days. Remote TA includes TA you received by phone, videoconference, and email. For example, an awardee and TA provider may have a call to discuss survey development. Then, the awardee may e-mail a copy of the survey to the TA provider for feedback. Remote TA does NOT include any TA you may have received during site visits, in person trainings, webinars, or peer-to-peer calls. **Please answer survey questions about all remote TA you have received regarding [topic] over the past 30 days.**

The feedback you provide will help DCH assess the quality and utility of training and TA services. Your responses to this survey will also help DCH enhance existing services and shape future training and TA efforts. Participation in the online survey is voluntary and strongly encouraged. The online survey will take up to 20 minutes to complete. If you need to, you can exit the survey and return to complete it at a later time (see the e-mail you received with the survey link for instructions).

CDC has contracted with an independent research institute, RTI, to collect evaluation data. The data collection phase of the DCH TA Evaluation is approximately 3 months. Although unlikely, you may be invited to complete more than one brief survey if you receive remote TA services on different topics during the data collection period. RTI will report findings to CDC in summary form. We will not share individually identifiable responses with CDC.

If you have any questions about this survey or the DCH TA Evaluation, please contact Tim LaPier at (770) 488-5772 or tnl4@cdc.gov.

By clicking "next", you give your consent to participate in this survey.
