

PLATO™ Screen Shots

- **Logging In/Requesting Access:**

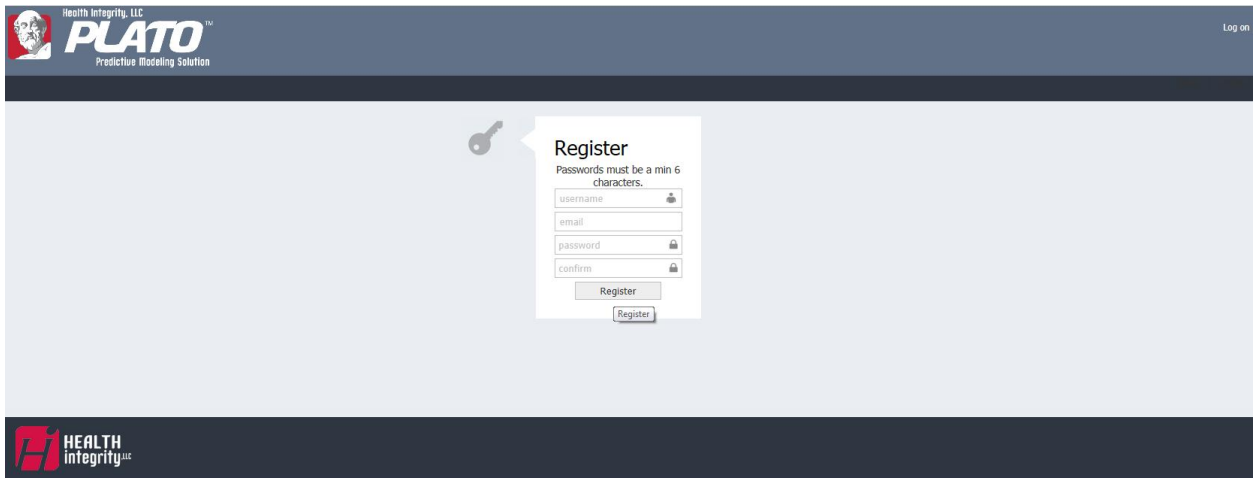

1. New users will select “Apply For Access” below the Log On Box.

Estimated Time: 1 second

2. New users will register information in order to gain access to **PLATO™**. Part D plan sponsors and law enforcement will enter business information which will require more details. This request is only for new users and will only need to be done once.

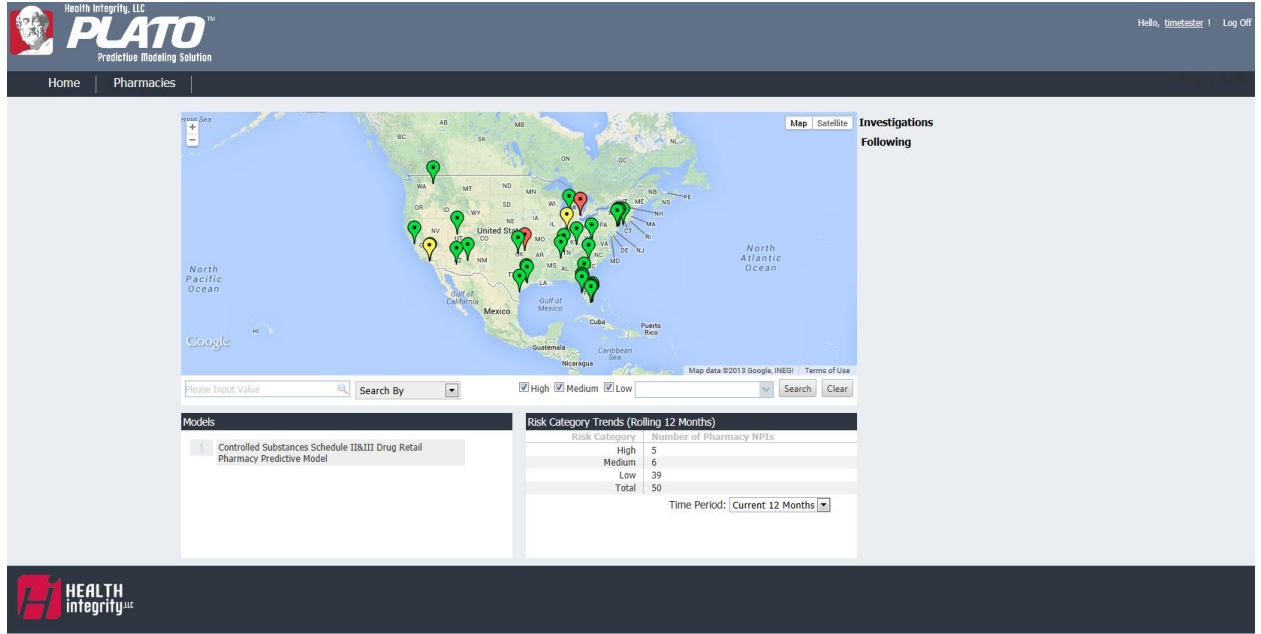

Estimated Time: 5 minutes

- Home Page:

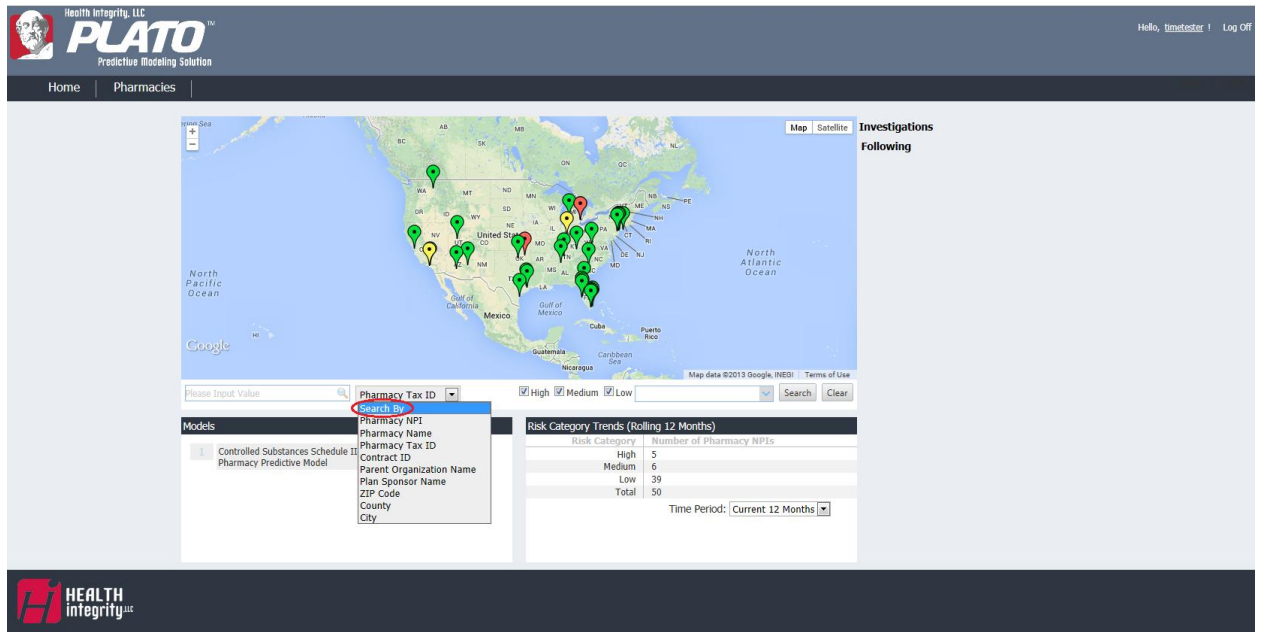

- Once given access, users are brought to **PLATO™**'s Home Page where they will view a map of the United States with searching and filtering abilities to have the map reflect searched and filtered criteria.

Estimated Time: 5 seconds

- Users may search the map by: Pharmacy National Provider Identifier (NPI), Pharmacy Name, Pharmacy Tax ID, Contract ID, Parent Organization Name, ZIP Code, County, and City.

Estimated Time: 10 seconds

- Users may filter by Risk Level of High, Medium, and Low. May select individual levels or multiple levels.

Estimated Time: 5 seconds

The screenshot shows the PLATO Predictive Modeling Solution interface. At the top, there is a navigation bar with 'Home' and 'Pharmacies'. The main area features a map of the United States with several red and green pins indicating pharmacy locations. Below the map, there is a search bar and a filter section. The filter section includes a dropdown menu for 'Search By' and a set of radio buttons for 'High', 'Medium', and 'Low'. The 'High', 'Medium', and 'Low' radio buttons are selected, and this group is circled in red. To the right of the map, there is a section titled 'Investigations Following'.

Risk Category Trends (Rolling 12 Months)	
Risk Category	Number of Pharmacy NPIs
High	5
Medium	6
Low	39
Total	50

Time Period: Current 12 Months

- Users may filter the map by State. May select a single State or a combination of States.

Estimated Time: 10 seconds

1. *The Pharmacy Details section displays: Name, NPI number, Total Payment, and Risk Score. Estimated Time: 3 seconds*

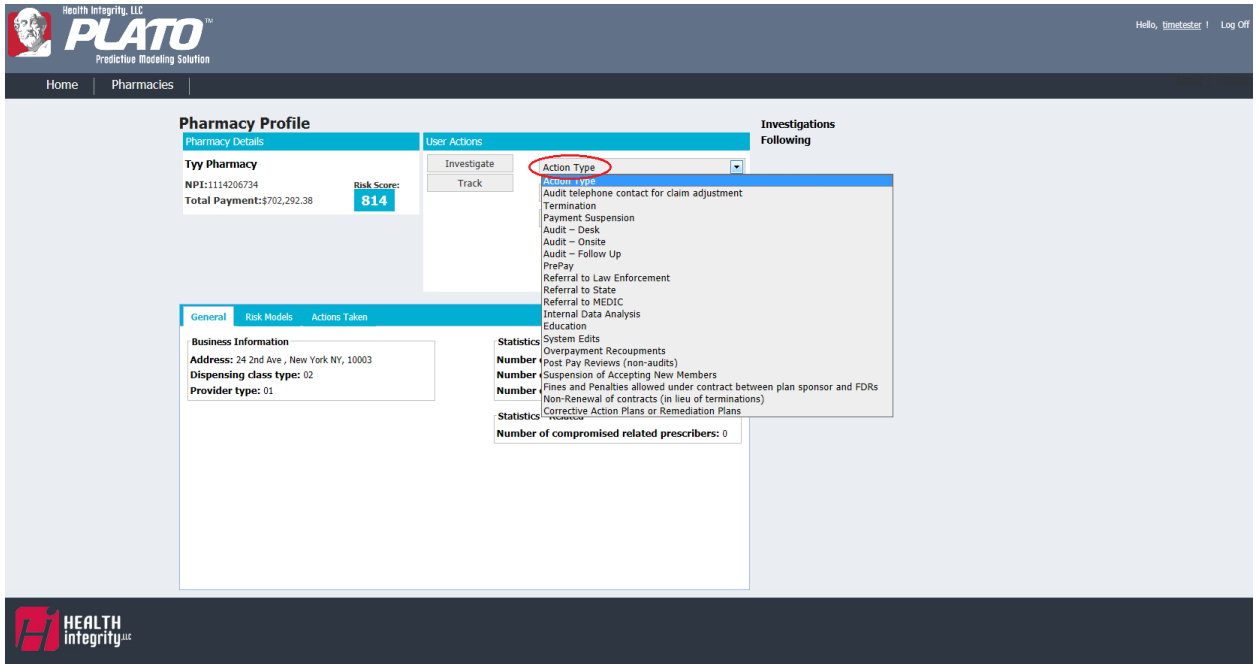

2. *The User Actions section allows users to select “Investigate” and/or “Track” buttons to add the pharmacy to the Investigations/Following Column for easy access. After selecting “Investigate” and/or “Track”, they may select “Withdraw” and “Forget” to remove the pharmacy from the Investigations/Following Column. Estimated Time: 10 seconds*

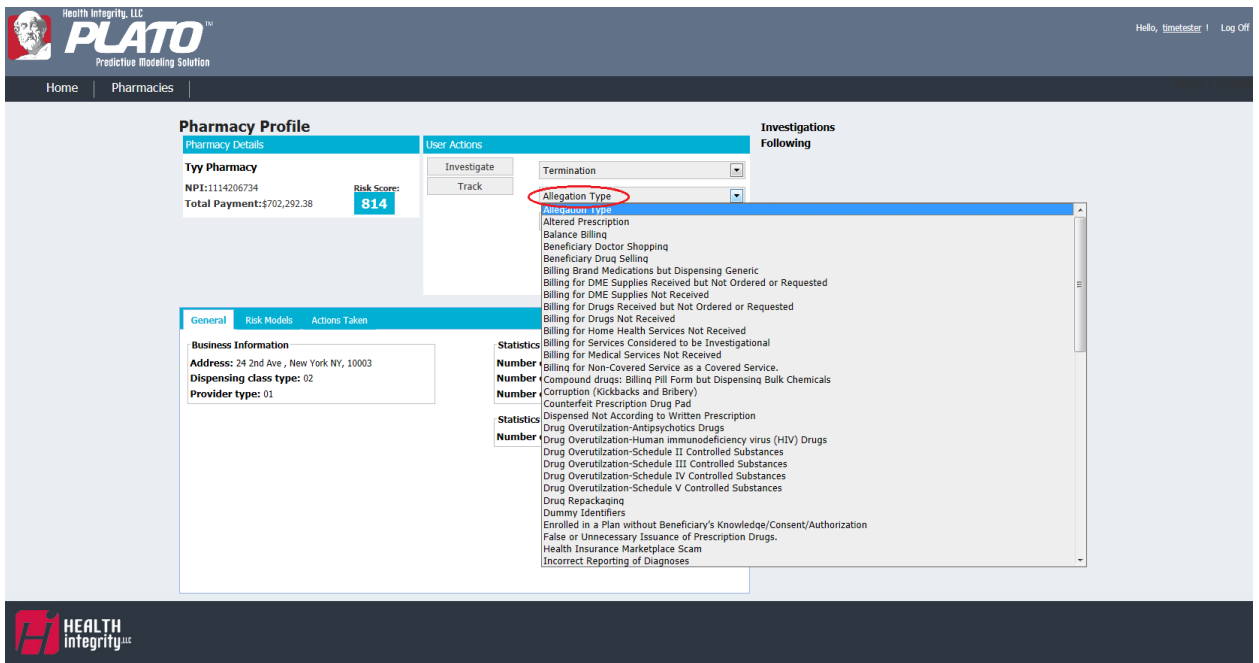

- Users may enter in actions they have taken with this pharmacy to record under the “Actions Taken” tab. They click on the arrow to the right of “Action Type” where a drop down box will appear with different selections of actions they have taken.

Estimated time: 5 seconds

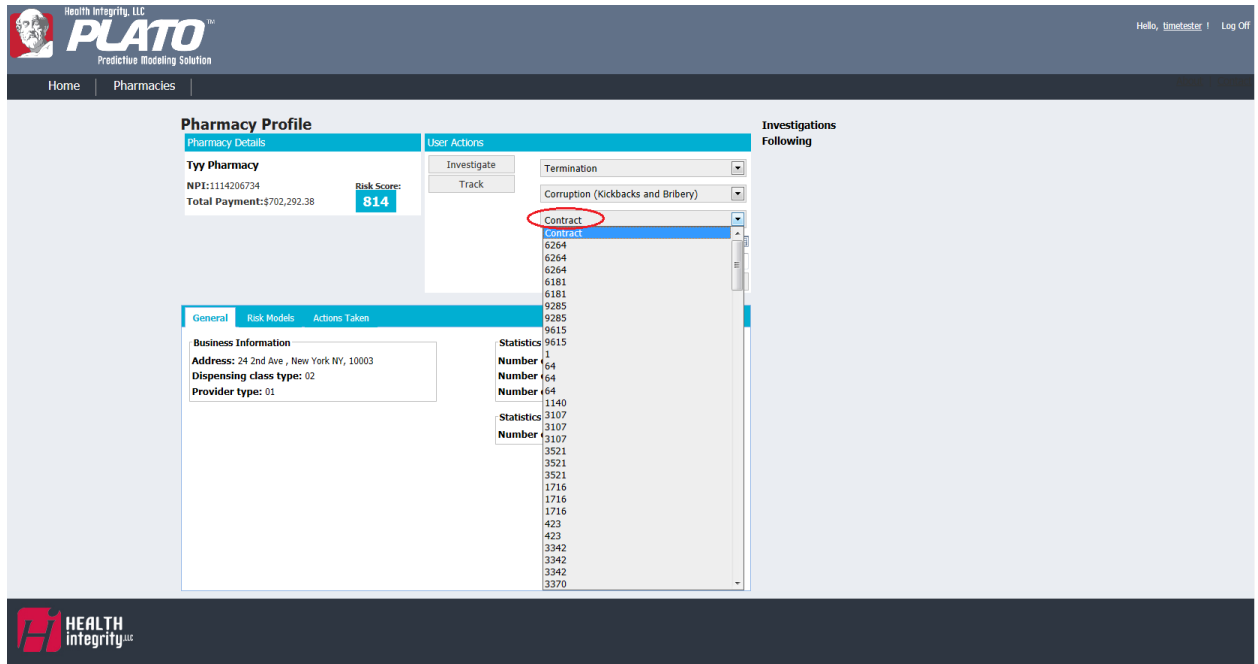

- Users may then click on the arrow to the right of “Allegation Type” where a drop down box will appear with different selections of allegations against the pharmacy.

Estimated time: 5 seconds

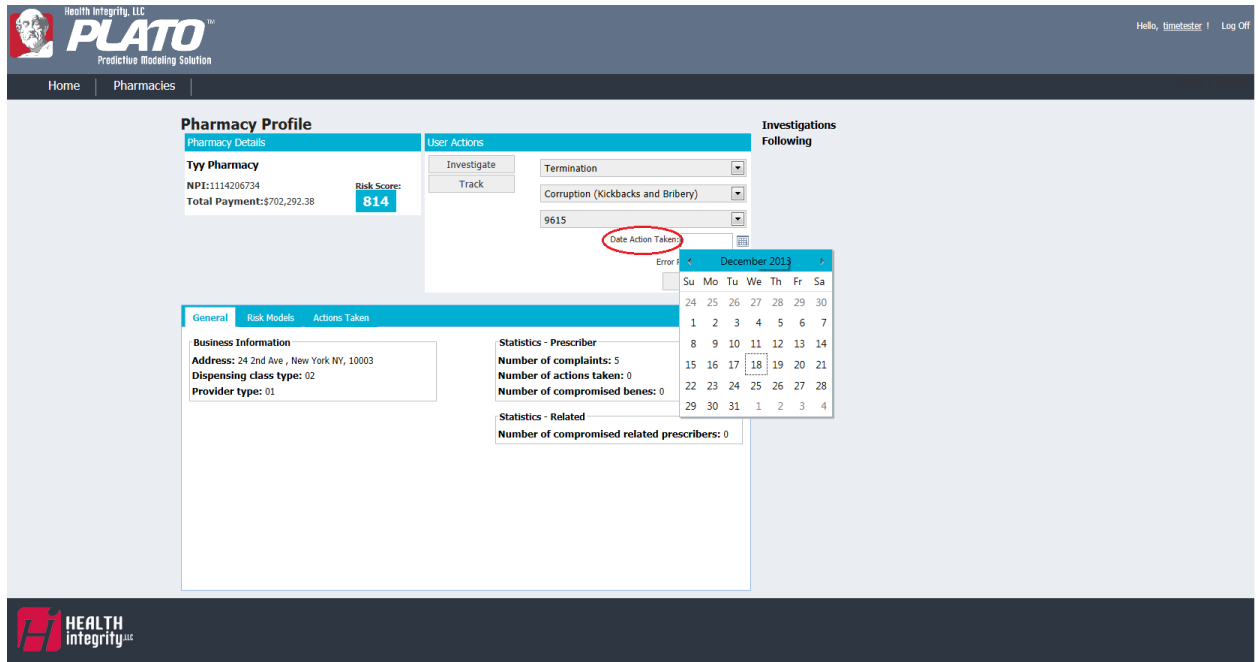

- Users may then click on the arrow to the right of “Contract” where a drop down box will appear with different contract numbers to enable users to select their appropriate contract.

Estimated time: 5 seconds

- Users then select the date of the action either by typing in the date or by clicking on the small calendar symbol to select a date.

Estimated Time: 5 seconds

- Users enter the Error Rate Percentage of the action taken by entering it into the appropriate field.

Estimated Time: 3 seconds

The screenshot shows the PLATO Predictive Modeling Solution interface. The top navigation bar includes the PLATO logo, 'Health Integrity, LLC', and user information 'Hello, timetester | Log Off'. The main content area is titled 'Pharmacy Profile' and is divided into several sections. On the left, 'Pharmacy Details' shows 'Tyy Pharmacy' with NPI: 1114206734, Total Payment: \$702,292.38, and a Risk Score of 814. The 'User Actions' section on the right contains buttons for 'Investigate' and 'Track', dropdown menus for 'Termination' and 'Corruption (Kickbacks and Bribery)', a text input field with '9615', a date field for 'Date Action Taken' set to '12/18/2013', and an 'Error Rate%' field set to '10'. The 'Create' button at the bottom of this section is circled in red. Below these sections, there are tabs for 'General', 'Risk Models', and 'Actions Taken'. The 'General' tab is active, displaying 'Business Information' (Address: 24 2nd Ave., New York NY, 10003; Dispensing class type: 02; Provider type: 01) and 'Statistics' (Number of complaints: 5; Number of actions taken: 0; Number of compromised benes: 0; Number of compromised related prescribers: 0). The bottom of the page features the 'HEALTH integrity LLC' logo.

8. Users will then select the “Create” button at the bottom of the User Actions section to record this action into the “Action Taken” tab.

Estimated Time: 3 seconds

This screenshot is identical to the one above, showing the PLATO Pharmacy Profile page. The 'Create' button in the 'User Actions' section is circled in red. The 'General' tab is selected, displaying business information and statistics. The bottom of the page features the 'HEALTH integrity LLC' logo.

9. Users are able to view the “General” tab at the bottom of the profile page where it displays business information such as the address, dispensing class type, and provider type. It also displays

statistics about the prescriber, such as the number of complaints, number of actions taken, and number of compromised beneficiaries as well as related statistics, such as the number of compromised related prescribers.

12. When the user selects “Actions Taken” tab, they will be able to view all actions that have been taken with the pharmacy to display: User Name, Parent Organization Name, Contract Identifier, Date Actions Taken, Action Taken, Allegation Type, and Error Rate (viewable by scrolling to the right).

*Users within the same contract will be able to view all information displayed.

*Users not in the same contract will only see Date Action Taken, Action Taken, Allegation Type, and Error Rate. They will not be able to see the User Name, Parent Organization Name, and Contract Identifier. This is to keep personal identifiers hidden across users.

Estimated Time: 5 seconds

The screenshot displays the PLATO Predictive Modeling Solution interface. At the top, there is a navigation bar with 'Home' and 'Pharmacies' tabs. The main content area is titled 'Pharmacy Profile' and is divided into two sections: 'Pharmacy Details' and 'User Actions'.

Actions Taken Tab (Circled in Red):

Time Period: Current 12 Months

User Name	Parent Organization Name	Contract Identifier	Date Actions Taken	Action Taken	Allegation Type
timetester	NEW YORK CITY HEALTH AND HOSPITALS CORPORATION	423	12/18/2013	Termination	Billing for Drugs Not Received
timetester	Excellus, Inc	3521	06/15/2012	Referral to State	Corruption (Kickbacks and Bribery)

The bottom of the page features the Health Integrity logo.

13. Users are able to select a 12-month time frame ranging from the current 12 months to the past 12 months to view a history of actions taken on a pharmacy.

Estimated Time: 5 seconds

The screenshot displays the PLATO Predictive Modeling Solution interface. At the top, the logo for Health Integrity, LLC and the PLATO Predictive Modeling Solution are visible. The user is logged in as 'Hello, timetester' and can click 'Log Off'. The main navigation bar includes 'Home' and 'Pharmacies'. The 'Pharmacy Profile' section for 'Tyy Pharmacy' shows a risk score of 814 and a total payment of \$702,292.38. The 'User Actions' section includes buttons for 'Investigate' and 'Track', and dropdown menus for 'Action Type', 'Allegation Type', and 'Contract'. A 'Date Action Taken' field and an 'Error Rate%' field (set to 0) are also present, along with a 'Create' button. The 'Investigations Following' section is currently empty. The 'Actions Taken' table is displayed with the following data:

User Name	Parent Organization Name	Contract Identifier	Date Action Taken	Allegation Type	Investigation Type
timetester	NEW YORK CITY HEALTH AND HOSPITALS CORPORATION	423	12/18/2013	Termination	Billing for Drugs Not Received
timetester	Excelsior, Inc.	3521	06/15/2012	Referral to State	Corruption (Kickbacks and Bribery)

The 'Time Period' dropdown menu is highlighted with a red circle, showing 'Current 12 Months' selected.
