

2011 (old version)	2013 (new version)	Type of Change	Reason for Change	Burden Change
Children's Dental Benefits Survey - paper form	Children's Dental Benefits Survey - electronic format	Rev	The paper form has been replaced with an electronic format. States enter data directly into the electronic form. The computer then formats the information into a consumer-friendly display. The electronic form is more convenient for states (e.g. allows for annual updates only to make changes rather than to redo the whole form), enhances accuracy and tracking, and ultimately allows for a better consumer experience.	Yes. The electronic format is a time saver for states in terms of data entry, form submission and tracking. Estimate: 4.0 hour savings
Children's Dental Benefits Survey - The paper form did not include this functionality.	Children's Dental Benefits Survey - The electronic format includes drop-down lists in the "frequency" field from which states can select the appropriate option.	Add	This functionality was added to streamline the data entry process for states. States no longer need to type in this information. They can just select from the drop down list with a single click.	Yes. This functionality will reduce the burden on states to a small degree. Estimate: 30 minute savings

Type of Change: Rev = Revision, Del = Deletion, Add = Addition, and Red = Redesignation.
