

Trafficking Victim Tracking System Supporting Statement

A. Justification

1. Circumstances Making the Collection of Information Necessary

The Trafficking Victims Protection Act, Pub. L. No. 106-386, Division A, 114 Stat. 1464 (2000), requires the Department of Health and Human Services (HHS) to certify adult alien (“foreign”) victims of severe forms of trafficking in persons (“human trafficking”) who are willing to assist law enforcement in the investigation and prosecution of human trafficking, unless unable to cooperate due to physical or psychological trauma, and who have either made a bona fide application for T nonimmigrant status that has not been denied or been granted Continued Presence (CP) from the U.S. Department of Homeland Security (DHS). Issued by the Office of Refugee Resettlement (ORR) within the HHS Administration for Children and Families, certification letters grant adult foreign victims of human trafficking access to federal and state benefits and services to the same extent as refugees.

In general, ORR initiates the certification process when it receives a notice from DHS that DHS has granted a foreign victim of trafficking CP or T nonimmigrant status, or has determined an application for T nonimmigrant status is bona fide. To issue certification letters, it is necessary for ORR to collect information from a victim’s representative, such as an attorney, case manager, or law enforcement victim specialist, including an address to send the letter.

2. Purpose and Use of the Information Collection

In line with other ORR Anti-Trafficking in Persons Program activities, ORR may ask if the victim is in need of a service provider and the current location (city, state) of the victim, and refer the victim to an appropriate service provider in his or her area, if requested. ORR will also ask for and notify the provider about the victim’s language and urgent concerns, such as medical care or housing.

Finally ORR collects information, such as the victim’s sex and the type of human trafficking the victim experienced, to provide to Congress in an annual report on U.S. Government activities to combat trafficking that is prepared by the U.S. Department of Justice. Congress requires HHS and other appropriate Federal agencies to report, at a minimum, information on the number of persons who received benefits or other services under subsections (b) and (f) of section 7105 of Title 22 of the U.S. Code, the TVPA, in connection with programs or activities funded or administered by HHS. HHS includes in these annual reports additional information about the victims that it collects when assisting each victim to obtain certification or eligibility.

ORR will store this information and any other details regarding the victim’s case in the Trafficking Victims Tracking System (TVTS) on ORR’s secure database. Other details maintained in the victim’s file may include ORR staff actions, referrals, and notes regarding the victim’s interest in receiving services. Maintaining victim records on TVTS will ensure

efficient service for victims, allow ORR staff to track victims' progress toward certification, verify their eligibility for benefits, and organize information for reporting to Congress. The TVTS also includes information about foreign victims of trafficking and potential victims for whom an eligibility letter from ORR was sought when they were minors. Information about these individuals is collected pursuant to an OMB-approved collection, OMB Control Number 0970-0362.

In January 2011, the Archivist of the United States approved an Electronic System Schedule for the disposition of TVTS records.

3. Use of Improved Information Technology and Burden Reduction

ORR collects this information via phone calls or e-mails with victim identifying information in code.

4. Efforts to Identify Duplication and Use of Similar Information

ORR is the only agency to use this information to certify victims for benefits and services, so there is no duplication in the use of this information.

5. Impact on Small Businesses or Other Small Entities

Not applicable.

6. Consequences of Collecting the Information Less Frequently

The information provided to ORR will not be collected on a fixed schedule. Rather, to meet its legislative requirements, ORR must collect information as victims become eligible for certification so they can be connected with services and benefits.

7. Special Circumstances Relating to the Guidelines of 5 CFR 1320.5

Not applicable.

8. Comments in Response to the Federal Register Notice and Efforts to Consult Outside the Agency

The 60-day *Federal Register* notice was published June 11, 2014 with page number 33558, Volume 79, No. 112.

The 30-day *Federal Register* notice was published November 12, 2014 with page number 67172 Volume 79, No 218.

During the 60-day comment period, no one submitted any comments in response to the notice.

9. Explanation of Any Payment or Gift to Respondents

Not applicable.

10. Assurance of Confidentiality Provided to Respondents

The Privacy Act applies to this program and its information collection. No separate assurances of confidentiality are provided to respondents.

11. Justification for Sensitive Questions

The Office of Refugee Resettlement collects the type of trafficking (sex, labor, or both) for each victim receiving certification. The information voluntarily provided by victim representatives allows ORR to make appropriate service provision referrals, if needed, and track the nature of trafficking for purposes of reporting to Congress. ORR does not collect additional details about the nature of the trafficking cases unless further disclosure is needed for the most appropriate service provider referral.

12. Estimates of Annualized Burden Hours and Costs

ANNUAL BURDEN ESTIMATES

Estimated Total Annual Burden Hours: 80

The monetary value of time is 80 hours times \$40 per hour or \$3200.

13. Estimates of Other Total Annual Cost Burden to Respondents and Record Keepers

There are no direct monetary costs to respondents other than their time.

14. Annualized Cost to the Federal Government

We estimate \$3,200 per year, which reflects 80 hours (800 requests multiplied by an average of .1 hours per request) at \$40.00 per hour.
