About the DHS Office for Bombing Prevention

The OBP mission is to protect life and critical infrastructure by building capabilities within the general public and across the private and public sectors to prevent, protect against, respond to, and mitigate bombing incidents.

OBP accomplishes this mission through a portfolio of complementary programs:

- Information Sharing and Decision Support
- Counter-Improvised Explosive Device (IED) Training and Awareness
- Capabilities Analysis and Planning Support
- Coordination of National and Intergovernmental Bombing Prevention Efforts

Committed to enhancing domestic bombing preparedness, OBP provides communities with the necessary information and resources to combat the threat posed by improvised explosive devices (IEDs). For an overview of related OBP products and services, please see the OBP Counter-IED Resources Guide.

Additionally, the Joint Program Office for Countering IEDs, an interagency body tasked with coordinating the implementation of U.S. counter-IED efforts, released a statement outlining U.S. government progress toward U.S. counter-IED policy goals.

About TRIPwire

TRIP*wire* registration gives members access to much more information and resources on IED threats and corresponding prevention, protection, and response measures, including:

- Daily Reporting on IED-related Incidents
- Official DHS and USG information products
- Open Source Reporting and Mapping
- IED incident and device profiles
- Incident Quick Look Reports
- Fire and Rescue Notes
- Patrol Officer Notes
- IED prevention, protection, and response resources

There is a terms of service page located on the registration screen that state the conditions for using TRIP*wire*.

TERMS OF SERVICE

1. **Acceptance of Terms**

TRIP*wire* provides its service to you, subject to the following Terms of Service (TOS), which may be updated by us from time to time without notice to you. All authorized users of the TRIP*wire* system are required to agree and follow the TOS as set forth.

2. **Description of Service**

TRIP*wire* (the Service) provides users from the bombing prevention and homeland security communities access to a collection of resources relevant to preventing and preparing for bombing incidents and other emergencies. This Service may provide sensitive but unclassified information; as such access to the Service is limited to members that have been authorized and validated by TRIP*wire* and DHS. You also understand and agree that the Service may include certain communications from TRIP*wire*, such as service announcements and administrative messages. You understand and agree that the Service is provided free and "as-is". You are responsible for obtaining access to the Service and that access may involve third party fees (such as Internet service provider or airtime or long distance charges). You are responsible for those fees. In addition, you must provide and are responsible for all equipment necessary to access the Service.

3. **Your Registration Obligations**

You agree to: (a) provide true, accurate, current and complete information about yourself as prompted by the Service's registration form (such information being the "Registration Data") and (b) maintain and promptly update the Registration Data to keep it true, accurate, current and complete. If you provide any information that is untrue, inaccurate, not current or incomplete, or the Service has

reasonable grounds to suspect that such information is untrue, inaccurate, not current or incomplete, TRIPwire has the right to suspend or terminate your account and refuse any and all current or future use of the Service. Registrants for the Service understand and agree that employees from TRIPwire and/or the Department of Homeland Security may use registration information to confirm and validate your identity and right to access the Service. Members of the Service must be persons from a relevant homeland security, bombing prevention or emergency responder discipline, agency, or organization. You understand and agree that TRIPwire has final authority to determine which individuals warrant access to the system.

4. Privacy Policy

5. Member Account, Password, and Security

You will receive a password and account designation upon completing the Service's registration process. While TRIPwire makes good faith efforts to control, review, and validate the Content provided via the Service, TRIPwire cannot guarantee the accuracy, integrity or quality of all Content. Under no circumstances will TRIPwire be liable in any way for any Content, including, but not limited to, for any errors or omissions in any Content, or for any loss or damage of any kind incurred as a result of the use of any Content posted, emailed, transmitted or otherwise made available via the Service.
