OMB Approval No. 2577-0269 (exp. 1/31/2015)

## **CHOICE NEIGHBORHOODS – EXTRAORDINARY SITE COSTS CERTIFICATION**

I here	by certify that:	
1.	I am a licensed engineer architect (check one).	
2.	I am not an employee of the Lead Applicant, Co-Applicant (if any), Principal Member (if any), or unit of local government in which the housing project id below is located.	
3.	Extraordinary site costs may be incurred in the revitalization and demolition of exproperty, as well as in the development of new and rehabilitated units. Example such costs include, but are not limited to: abatement of extraordinary environments ite hazards; removal or replacement of extensive underground utility systems; extensive rock and/or soil removal and replacement; removal of hazardous underground tanks; work to address unusual site conditions such as slopes, terra water catchments, lakes, etc.; and work to address flood plain and other environ remediation issues. Costs to abate asbestos and lead-based paint should be inclinared demolition costs where such items are found within the structures thems. An example of extraordinary lead-based paint would be where the lead has lead into the soil and extraordinary measures are needed to remove the lead.	es of ental aces, mental uded in selves.
4.	I have reviewed the attached description of the extraordinary site costs requested the Lead Applicant identified below, and affirm that these costs qualify as extraordinary site costs (as that term is defined in Paragraph 3 above) and that the costs are just and reasonable in light of my assessment of the site of the severely distressed prand the work proposed to be completed at that site.	rdinary stified
