Fill2 = [if the number of conditions indicated in questions AHS.091_1 - AHS.171_3 as having at least a little bit of difficulty (i.e. answers are 1-4) is greater than 3]

Special Instructions

The fill to be applied in the question text for Fill 1 is conditional on how many of the responses to questions AHS.091_1 through AHS.171_3 were either 1,2,3 or 4 (i.e. the respondent had a least a little difficulty carrying out the particular activity/action). If only one of these questions has an answer that meets the criteria (i.e. 1-4), then the question text is "What condition or health problem causes you to have difficulty with [condition 1]?". If only 2 questions had answers in the 1-4 range, the question text is "What condition or health problem causes you to have difficulty with [condition 1] or [condition 2]?". If 3 questions had such answers, use the question text provided.

Use the following phrases to fill in the question text when the conditions for Fill 1 apply:

FLWALK: walking a quarter of a mile
 FLCLIMB: walking up 10 steps
 FLSTAND: standing for 2 hours
 FLSIT: sitting for 2 hours
 FLSTOOP: stooping, bending or kneeling
 FLREACH: reaching up overhead
 FLGRASP: grasping or handling small objects
 FLCARRY: lifting or carrying 10 pounds
 FLPUSH: pushing or pulling large objects
 FLSHOP: going out for things
 FLSOCL: participating in social activities
 FLRELAX: relaxing at home

Question Text	<p>There are several different kinds of tests to check for colon cancer. Colonoscopy (colon-OS-copy) and sigmoidoscopy (sigmoid-OS-copy) are exams in which a doctor inserts a tube into the rectum to look for polyps or cancer. For a colonoscopy, the doctor checks the entire colon, and you are given medication through a needle in your arm to make you sleepy, and told to have someone drive you home. For a Sigmoidoscopy, the doctor checks only part of the colon and you are fully awake.</p> <p>Have you EVER HAD a colonoscopy?</p> <p>*Read if necessary:</p> <p>A polyp is a small growth that develops on the inside of the colon or rectum.</p> <p>Before these tests, you are asked to take a medication that causes diarrhea.</p>
