Subject: Request for Participation – WISEWOMAN Network Survey

Dear [FIRST NAME]:

I am writing to request your participation in an important survey about cardiovascular health in your community. The survey is being conducted by for the Centers for Disease Control and Prevention's National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Division of Heart Disease and Stroke Prevention (DHDSP) by Mathematica Policy Research and SRA International.

You were selected to complete this survey because [WISEWOMAN PROG] named [ORG NAME] as a partner organization. As part of the national evaluation of the WISEWOMAN program, we want to learn about [ORG NAME]'s experience working with [WISEWOMAN PROG] and other agencies and organizations in the community that support cardiovascular health. The survey can be completed on the internet and should take no more than 30 minutes to complete.

Participation in the survey is completely voluntary. If you do choose to participate, your responses will be kept private. They will be combined with the responses of other grantees and written up in a report to the Centers for Disease Control and Prevention (CDC). Researchers might also use the information from the study in journals, books, or presentations. However, nothing will be said about you as an individual and no individual names will be reported. There are no consequences to you if decide not to participate.

To access the web-based survey, click the link below:  
[FILL URL WITH EMBEDDED AUTHENTICATION CREDENTIALS]

If you have questions about the survey, or if you prefer to complete the questionnaire by mail, please contact me at 202-264-3450 or WISEWOMANTA@mathematica-mpr.com.

Thank you very much for your help with this important study.

Sincerely,  
Katie Morrison
