### Nominations Requested for CDC's Systematic Identification of Sexual Violence Prevention Strategies

#### It's not too late to nominate your sexual violence prevention strategy!

It's not too late to nominate your sexual violence prevention strategy! We are asking Rape Prevention and Education Program awardees and sub-awardees to nominate prevention strategies for the purposes of identifying practice-based prevention strategies that have high potential for population-level impact on SV outcomes, (2) have high potential for widespread adoption, and (3) are ready for further assessment. This is a reminder that you have until [DATE] to submit a nomination form. If you are planning on nominating a prevention strategy but need an extension to the deadline, please contact [dvpevaluation@cdc.gov](mailto:dvpevaluation@cdc.gov) for more information.

#### **Eligibility Criteria:**

As a reminder, we are interested in sexual violence prevention strategies that especially promote protective factors and reduce risk factors at the community and societal levels of the Social Ecological Model. We are specifically looking for prevention strategies that focus on any of the following:

- Creating safe and protective environments
- Promoting healthy social norms that protect against sexual violence
- Using gender equity approaches

Additionally, prevention strategies should be: currently implemented, practice-based, and not considered an evidence-based strategy. All nomination forms must be submitted by an RPE awardee or sub-awardee.
