

**Cancer Survivorship Needs Assessment for the National Comprehensive Cancer Control Program**  
**Grantees**

## **Introduction**

This assessment is part of an information collection being conducted by Battelle on behalf of the Centers for Disease Control and Prevention (CDC), Division of Cancer Prevention and Control (DPCP). Battelle is an independent, non-profit research organization.

The purpose of the information collection is to assess the cancer survivorship needs of comprehensive cancer control (CCC) programs, and to identify the types of activities, resources, and materials that could help the CCC programs address those needs. In addition, this information collection will assess how the activities undertaken and materials produced by the National Cancer Survivorship Resource Center (NCSRC) have met the survivorship needs of CCC programs. This information collection will support DPCP's efforts to ensure that cancer survivors' public health needs are being met, and will inform future survivorship technical assistance provided to CCC programs.

The National Cancer Survivorship Resource Center (NCSRC) is a collaboration between the American Cancer Society, the George Washington University Cancer Institute, and CDC to shape the future of cancer survivorship care and improve the quality of life of cancer survivors. Starting in 2010, the current NCSRC was funded through a 5-year cooperative agreement with CDC to support the development, implementation, and evaluation of strategies outlined in the National Action Plan for Cancer Survivorship.

You have been asked to participate in this 30-minute web-based assessment because of your affiliation with a comprehensive cancer control program funded through the CDC's National Comprehensive Cancer Control Program (NCCCP).

Participation in this assessment is voluntary. You may choose not to answer particular questions, or to terminate at any time, without any penalty to you or your program. Battelle will keep your identity in this information collection private. After the assessment is completed, Battelle will deliver a data file to CDC. The data file will include your responses to the questions, plus the identity of your CCC program (e.g., an abbreviation for the state, tribal organization, territory, etc). The data file will NOT include your personal name or email address. CDC will analyze the data, prepare internal reports for program development and improvement, and may publish the results in aggregate form.

If you have any questions about the web-based assessment, please contact Battelle's coordinator, <name> at <telephone number> or <email address>. If you have any questions about your rights as a participant, please contact Battelle at 1-877-810-9530, extension 500.

CDC estimates the average public reporting burden for this collection of information as **30** minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0879).

## **Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

If you wish to proceed, please answer the questions to the best of your ability based on your personal knowledge and experience. You do not need to complete the assessment in one sitting; your answers will not be final until you hit the “Submit” button at the end.

By clicking on the Next button you provide your consent to participate.

<Next button here>

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

Thank you for participating in the cancer survivorship needs assessment. We understand your time is valuable and appreciate the information you are providing today. Your responses will help CDC better serve all who have a stake in cancer survivorship. Remember, you can leave the assessment and return to your saved answers at a later time by clicking on the link in the invitation email message.

First, we have a few questions about you and your CCC program.

1. What is your position or title in your CCC program?

\_\_\_\_\_

2. Please indicate the length of time you have been working with your CCC program:

- ( ) - Less than 1 year
- ( ) - 1-3 years
- ( ) - 4-5 years
- ( ) - More than 5 years

These next questions are about the cancer survivorship needs of your CCC program and its partners.

3. What types of information are important for you and your partners to provide to cancer survivors and their caregivers regarding cancer survivorship? Using the scale below, please rate each of the following areas:

If you select and rate 'other,' please specify in the box below.

	Very Important	Important	Not important	Don't Know
Family history and cancer risk				
Cancer diagnosis and treatment				
Possible late- and long-term effects of cancer and its treatment				
What to expect in follow-up care				
Healthy lifestyle and behavior				
Financial aid/management and health insurance				
Reproductive health issues				
Patient navigation referrals				
Chronic disease self-management programs				
Palliative care				
Psychosocial resources and support				
Links to additional resources				
Other				

Other (please specify) \_\_\_\_\_

4. What types of information are important for you and your partners to provide to health care professionals regarding cancer survivorship? Using the scale below, please rate each of the following areas:

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

If you select and rate 'other,' please specify in the box below.

	Very Important	Important	Not Important	Don't Know
Using survivorship care plans				
Distress screening				
Managing comorbidities				
Psychosocial health care needs				
Survivorship care coordination				
Coordination of specialty care				
Cancer recovery and rehabilitation				
Clinical follow-up care guidelines for primary care providers				
Prevention-empowering survivors to live well				
Other				

Other (please specify) \_\_\_\_\_

5. What types of information are important for you and your partners to provide to policy-makers and decision-makers regarding cancer survivorship? Using the scale below, please rate each of the following areas:

If you select and rate 'other,' please specify in the box below.

	Very Important	Important	Not Important	Don't Know
Data and statistics				
Evidence based policy, systems, and environmental (PSE) change strategies				
Promising practices to promote PSE changes				
Policy briefs				
Other				

Other (please specify) \_\_\_\_\_

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

Next, we will ask some questions about awareness of the NCSRC, and how NCSRC resources are shared in your jurisdiction.

6. In general, how familiar do you think **your cancer survivorship partners** are with resources on the NCSRC website?

- Extremely familiar
- Moderately familiar
- Somewhat familiar
- Slightly familiar
- Not at all familiar
- Don't know

7. How familiar are **you** with NCSRC resources?

- Extremely familiar
- Moderately familiar
- Somewhat familiar
- Slightly familiar
- Not at all familiar
- Don't know

[If Question 7 = "Not at all familiar" or "Don't know," skip to question 129.]

8. How did you first learn about the NCSRC resources?

- CDC Comprehensive Cancer Control Branch (CCCB)
- American Cancer Society
- American Cancer Society partners or networks
- George Washington Cancer Institute
- George Washington Cancer Institute partners or networks
- Your professional/social network channels
- Other: \_\_\_\_\_

9. Has the CDC Comprehensive Cancer Control Branch (CCCB) provided you with information about NCSRC resources?

- Yes
- No
- Don't know

[If participant answers 'No' or 'Don't know' to question 9, they will skip to question 11.]

10. In what ways has CDC Comprehensive Cancer Control Branch (CCCB) provided you with information about NCSRC resources?

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

[Check all that apply]

- E-blast communications
- Program Directors Conference Call
- CCCB in-person meetings
- Program Consultant
- Other (please specify): \_\_\_\_\_

11. Have you shared NCSRC resources and information with your coalition members, program partners, and other stakeholders?

- Yes
- No
- I don't know

[If participant answers 'No' or 'Don't know' to question 11, they will skip to question 13.]

12. How do you generally share NCSRC resources and information with your coalition members, program partners, and other stakeholders?

[Check all that apply]

- Links in email
- Newsletters
- CCC Program or Coalition website that links to NCSRC resources
- Listservs
- Social media
- At coalition or partner meetings
- Other: \_\_\_\_\_

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

Now we would like to ask you some questions about the following NCSRC resources you and your CCC program may have used or shared with partners and stakeholders.

- *Life After Treatment - either “The Next Chapter in Your Survivorship Journey” or “Guide for American Indians and Alaska Natives”*
- *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*
- *A Cancer Survivor's Prescription for Finding Information*
- *Survivorship Care Guidelines: for either Breast, Colorectal, or Prostate Cancer*
- *Cancer Survivorship E-Learning Series: Online Learning Modules*
- *A Collection of Resources for Patient Navigators Assisting Cancer Survivors After Treatment: Guide for Delivering Quality Survivorship Care*
- *Moving Beyond Patient Satisfaction - Tips to Measure Program Impact*
- *Cancer Survivorship - A Policy Landscape Analysis*

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

13. Have you used or shared *Life After Treatment – either “The Next Chapter in Your Survivorship Journey” or “Guide for American Indians and Alaska Natives”*?

- Yes [Continue to Questions 14-26]
- No [Skip to Question 27]
- I Don't Know [Skip to Question 27]

14. Please rank the following factors by their importance in your decision to use *Life After Treatment – either “The Next Chapter in Your Survivorship Journey” or “Guide for American Indians and Alaska Natives”*.

A rank of 1 would be the most important factor. Click on the N/A box if a factor is not applicable to you.

- It was convenient and easy to use
- CDC recommended it
- There were no other options
- It seemed to have a high level of credibility from a scientific or clinical standpoint
- It was relevant, appropriate for my purpose
- Other (click the N/A box if "Other" is not applicable)

15. If you ranked “Other” in the question above, please describe that factor.

---

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

16. How did you use *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”?

[Check all that apply]

- As part of activities to address program goals and objectives
- As a source of information for developing new resources, such as presentations, webinars, trainings, website content, fact sheets, briefings, etc.
- Not applicable
- Other: \_\_\_\_\_

17. Did you share *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”?

[Check all that apply]

- Yes
- No
- Don't know

[If “No” or “Don't know” is selected, the participant will skip to question 22.]

18. How did you share *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”?

[Check all that apply]

- As part of information and resource sharing with coalition members and program partners
- Distributed directly to relevant stakeholders and audiences (e.g., cancer survivors, health care professionals)
- Other: \_\_\_\_\_

19. With whom have you shared *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”?

[Check all that apply]

- Primary care physicians
- Nurses
- Physician assistants
- Oncology nurses
- Patient navigators
- Survivors/caregivers
- Policy- or decision-makers
- Colleague or PD for another CCC Program
- Other: \_\_\_\_\_

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

20. To your knowledge, have your program partners used *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”?

- Yes
- No
- Don't know

[If “No” or “Don't know” are selected, skip to question 22.]

21. How have your program partners used *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”?

[Check all that apply]

- Education and outreach with survivors/caregivers
- Education and outreach with health care professionals
- Developing cancer survivorship programs
- Implementing cancer survivorship care guidelines
- Education and outreach with policy- and decision-makers
- As a source of information for developing new resources, such as presentations, webinars, trainings, website content, fact sheets, briefings, etc.
- Other: \_\_\_\_\_

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

Please indicate your level of agreement with the following statements regarding *Life After Treatment – either “The Next Chapter in Your Survivorship Journey” or “Guide for American Indians and Alaska Natives”*:

22. The content and design of this NCSRC resource was relevant and well-suited for the intended audience

- Strongly Agree
- Somewhat Agree
- Neutral
- Somewhat Disagree
- Strongly Disagree
- Don't Know

23. This NCSRC resource was useful for addressing the needs of the intended audiences

- Strongly Agree
- Somewhat Agree
- Neutral
- Somewhat Disagree
- Strongly Disagree
- Don't Know

24. This NCSRC resource contains information that represents the current state of science and is grounded in the best available evidence

- Strongly Agree
- Somewhat Agree
- Neutral
- Somewhat Disagree
- Strongly Disagree
- Don't Know

[If the participant answers “Strongly Agree” or “Somewhat Agree,” to question 24 they will answer question 25. If the participant selected one of the three other responses, they will skip to question 26.]

25. In general, what made you feel *Life After Treatment – either “The Next Chapter in Your Survivorship Journey” or “Guide for American Indians and Alaska Natives”* was scientifically credible and evidence-based?

[Check all that apply]

- They were produced by an organization I trust
- The NCSRC is funded and supported by the CDC
- They were based on the input and guidance of cancer survivorship experts
- The resource is based on a rigorous systematic evidence review process
- The resource contained reference lists for peer-review publications
- The resource was endorsed by a person or organization that I trust
- The resource was endorsed by our CDC Program Consultant
- The resources had a professional, well-designed look
- Other: \_\_\_\_\_

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

26. Please indicate your level of agreement with the following statements regarding *Life After Treatment* – either “*The Next Chapter in Your Survivorship Journey*” or “*Guide for American Indians and Alaska Natives*”:

	Strongly Agree	Somewhat Agree	Neutral	Somewhat Disagree	Strongly Disagree	Don't Know
a. This NCSRC resource was useful for addressing survivorship-related goals and objectives in my program's action plan						
b. This NCSRC resource was useful to our coalition members and partners' organizations for addressing their survivorship-related needs						
c. This NCSRC resource is unique and nothing else like it could have filled our survivorship-related needs						

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

27. Have you used or shared *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

- Yes [Continue to Questions 28-41]
- No [Skip to Question 42]
- I Don't Know [Skip to Question 42]

28. Which of the following guidelines have you used or shared?

[Check all that apply]

- Breast cancer
- Colorectal cancer
- Prostate cancer
- Don't know

29. Please rank the following factors by their importance in your decision to use *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*.

A rank of 1 would be the most important factor. Click on the N/A box if a factor is not applicable to you.

- It was convenient and easy to use
- CDC recommended it
- There were no other options
- It seemed to have a high level of credibility from a scientific or clinical standpoint
- It was relevant, appropriate for my purpose
- Other (click the N/A box if "Other" is not applicable)

30. If you ranked "Other" in the question above, please describe that factor.

---

31. How did you use *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

[Check all that apply]

- As part of activities to address program goals and objectives
- As a source of information for developing new resources, such as presentations, webinars, trainings, website content, fact sheets, briefings, etc.
- Not applicable
- Other: \_\_\_\_\_

**Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version**

32. Did you share *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

[Check all that apply]

- Yes
- No
- Don't know

[If "No" or "Don't know" is selected, the participant will skip to question 37.]

33. How did you share *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

[Check all that apply]

- As part of information and resource sharing with coalition members and program partners
- Distributed directly to relevant stakeholders and audiences (e.g., cancer survivors, health care professionals)
- Other: \_\_\_\_\_

34. With whom have you shared *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

[Check all that apply]

- Primary care physicians
- Nurses
- Physician assistants
- Oncology nurses
- Patient navigators
- Survivors/caregivers
- Policy- or decision-makers
- Colleague or PD for another CCC Program
- Other: \_\_\_\_\_

35. To your knowledge, have your program partners used *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

- Yes
- No
- Don't know

[If "No" or "Don't know" are selected, skip to question 37.]

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

36. How have your program partners used *Cancer Survivorship Care Guidelines Patient Page: for either Breast, Colorectal, or Prostate Cancer*?

[Check all that apply]

- Education and outreach with survivors/caregivers
- Education and outreach with health care professionals
- Developing cancer survivorship programs
- Implementing cancer survivorship care guidelines

c. This NCSRC resource is unique and nothing else like it could have filled our survivorship-related needs						

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

71. Have you used or shared *Cancer Survivorship E-Learning Series: Online Learning Modules*?

- Yes [Continue to Questions 72-84]
- No [Skip to Question 27]
- I Don't Know [Skip to Question 27]

72. Please rank the following factors by their importance in your decision to use *Cancer Survivorship E-Learning Series: Online Learning Modules*.

A rank of 1 would be the most important factor. Click on the N/A box if a factor is not applicable to you.

- It was convenient and easy to use
- CDC recommended it
- There were no other options
- It seemed to have a high level of credibility from a scientific or clinical standpoint
- It was relevant, appropriate for my purpose
- Other (click the N/A box if "Other" is not applicable)

73. If you ranked "Other" in the question above, please describe that factor.

---

74. How did you use *Cancer Survivorship E-Learning Series: Online Learning Modules*?

[Check all that apply]

- As part of activities to address program goals and objectives
- As a source of information for developing new resources, such as presentations, webinars, trainings, website content, fact sheets, briefings, etc.
- Not applicable
- Other: \_\_\_\_\_

75. Did you share *Cancer Survivorship E-Learning Series: Online Learning Modules*?

[Check all that apply]

- Yes
- No
- Don't know

[If "No" or "Don't know" is selected, the participant will skip to question 80.]

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

76. How did you share *Cancer Survivorship E-Learning Series: Online Learning Modules*?

[Check all that apply]

- As part of information and resource sharing with coalition members and program partners
- Distributed directly to relevant stakeholders and audiences (e.g., cancer survivors, health care professionals)
- Other: \_\_\_\_\_

77. With whom have you shared *Cancer Survivorship E-Learning Series: Online Learning Modules*?

[Check all that apply]

- Primary care physicians
- Nurses
- Physician assistants
- Oncology nurses
- Patient navigators
- Survivors/caregivers
- Policy- or decision-makers
- Colleague or PD for another CCC Program
- Other: \_\_\_\_\_

78. To your knowledge, have your program partners used *Cancer Survivorship E-Learning Series: Online Learning Modules*?

- Yes
- No
- Don't know

[If "No" or "Don't know" are selected, skip to question 80.]

79. How have your program partners used *Cancer Survivorship E-Learning Series: Online Learning Modules*?

[Check all that apply]

- Education and outreach with survivors/caregivers
- Education and outreach with health care professionals
- Developing cancer survivorship programs
- Implementing cancer survivorship care guidelines
- Education and outreach with policy- and decision-makers
- As a source of information for developing new resources, such as presentations, webinars, trainings, website content, fact sheets, briefings, etc.
- Other: \_\_\_\_\_

## Attachment A—Cancer Survivorship Needs Assessment Instrument: Word Version

Please indicate your level of agreement with the following statements regarding *Cancer Survivorship E-Learning Series: Online Learning Modules*:

80. The content and design of this NCSRC resource was relevant and well-suited for the intended audience

- Strongly Agree
- Somewhat Agree
- Neutral
- Somewhat Disagree
- Strongly Disagree
- Don't Know

81. This NCSRC resource was useful for addressing the needs of the intended audiences

- Strongly Agree
- Somewhat Agree
- Neutral
- Somewhat Disagree
- Strongly Disagree
- Don't Know

82. This NCSRC resource contains information that represents the current state of science and is grounded in the best available evidence

- Strongly Agree
- Somewhat Agree
- Neutral
- Somewhat Disagree
- Strongly Disagree
- Don't Know

[If the participant answers "Strongly Agree" or "Somewhat Agree," to question 82 they will answer question 83. If the participant selected one of the three other responses, they will skip to question 84.]

83. In general, what made you feel *Cancer Survivorship E-Learning Series: Online Learning Modules* was scientifically credible and evidence-based?

[Check all that apply]

- They were produced by an organization I trust
- The NCSRC is funded and supported by the CDC
- They were based on the input and guidance of cancer survivorship experts
- The resource is based on a rigorous systematic evidence review process
- The resource contained reference lists for peer-review publications
- The resource was endorsed by a person or organization that I trust
- The resource was endorsed by our CDC Program Consultant
- The resources had a professional, well-designed look
- Other: \_\_\_\_\_

84. Please indicate your level of agreement with the following statements regarding *Cancer Survivorship E-Learning Series: Online Learning Modules*
