## Behavioral and Social Intervention Grants Principal Investigators (PI) Customer Satisfaction Survey

### Informed Consent Form

OMB Control Number: 0925-0474

Expiration Date: February, 2018

#### Identification of Project

Office of Behavioral and Social Sciences Research (OBSSR) Behavioral and Social Intervention Grant Principal Investigators (PI) Customer Satisfaction Survey.

#### Statement of Age of Subject

I am at least 18 years of age and wish to participate in a survey being conducted by the National Institutes of Health (NIH), Office of Behavioral and Social Sciences Research (OBSSR) Bethesda, MD 20892.

#### Purpose

The purpose of this survey is to examine the nature, structure, and accomplishments of behavioral and social intervention research grants conducted during this ten-year interval. We greatly appreciate your willingness to help us with this study.

#### Procedures

Participants will be asked to access a web-based questionnaire and complete the questionnaire by a specific date. The total time involved, including instructions, will be no more than 21 minutes.

#### Confidentiality

All information collected in this survey will be kept secure to the extent permitted by law. I understand that the data I provide will be grouped with data that others provide for the purpose of reporting and presentation, and that my name will not be used.

#### Risks

I understand that the risks of my participation are expected to be minimal in nature.

#### Benefits, Freedom to Withdraw, & Ability to Ask Questions

I understand that this survey is not designed to help me personally but that the investigators hope to determine satisfaction with the NIH Behavioral and Social Interventions Research Program and ways the program can be improved. I am free to ask questions or withdraw from participation at any time and without penalty.

#### Contact Information

For questions regarding the survey or any study-related issues, please contact Jaclyn Crouch ([jaclyn.crouch@nih.gov](mailto:jaclyn.crouch@nih.gov)). If you have any technical questions and/or have difficulty accessing the survey please contact Jennifer Sargent by email at [jsargent@madrillongroup.com](mailto:jsargent@madrillongroup.com) or by telephone at 888-236-9826 (toll-free).

Burden Disclosure: Public reporting burden for this collection of information is estimated to average about 21 minutes per respondent, including the time required for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, Maryland, 20892-7974, ATTN: PRA# 0925-0474. Do not return the completed form to this address.

#### Agreement to Consent \*

- I have read the information about this study, and I agree to participate in this survey.
- I have read the information about this study, and I do not wish to participate in this survey at this time.

*Community-based Participatory Research (CBPR)* can be broadly defined as an approach to community research in which one or more academic research investigators partner with representatives from one or more community organizations or groups to conduct research in which both the academic researchers and the community partners participate actively in each phase of the project.

As the Principal Investigator for this grant, did you consider this project to be *community-based participatory research*?

- Yes
- No
- Not sure

Community Engagement in the Research Process

Thinking about the extent to which the community partners have been (or are) involved in the research process, which category best describes the role they played (or are playing) for each of the following activities? (Please select one response in each row).

How Involved were the Community Partners in...

	Community Partners were <b>more involved</b> than Academic Partners in this activity	Community and Academic Partners were <b>equally involved</b> in this activity	Community partners were <b>less involved</b> than Academic partners in this activity	Community Partners <b>did not participate</b> in this activity
Determining who the community partners would include?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Identifying the research problem to be addressed?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Choosing the research methods for the project?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing the intervention(s) that would be used in the project?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Implementing the intervention(s)?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Deciding what information would be collected from project participants?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Designing interviews, surveys, and other data collection procedures?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Recruitment and retention of project participants?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Collecting project data?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Analyzing project data?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Interpreting the findings from the analyses?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Planning how the results from the project will be disseminated and to whom?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Presenting project findings at scientific meetings and conferences?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Writing scientific papers on the project findings?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Informing the community about the findings from the project?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Informing relevant policy makers about the findings from the project?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ensuring that project findings are put into practice in the community?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Developing new sources of funding to continue the work begun by this project?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Maintaining the continuation of the partnership after funding from this grant ends?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Project Results

Did your project produce any of the following types of products or services? (Please check all that apply).

- A new behavioral intervention for a disease, condition, or disorder (e.g., a new type of screening program, public education campaign, etc.)
- A new clinical treatment, or an adaptation of an existing clinical treatment for a specific population group
- New biological materials (e.g., new assays, biomarkers, chemical tests for an environmental toxin, special cell lines, etc.)
- New computer software
- New behavioral or social measures of important constructs
- New measurement instruments
- Other (please describe)
- None of the above

Did your project use any of the following approaches to disseminate information about project findings? (Please check all that apply).

- Presented project findings in research publications in peer-reviewed journals
- Presented project findings at scientific meetings and/or conferences
- Presented project findings at workshops or training events
- Presented testimony on project findings at legislative or policy meetings
- Presented project findings to community organizations, groups, or forums
- Presented project findings on a website
- Presented project findings using social media such as blogs, Twitter, YouTube or other outlets
- Presented project findings at health fairs or other community events
- Presented project findings by means of press releases
- Presented project findings through mass media outlets (newspapers, magazines, etc.)
- Presented project findings through local, regional, or national radio or television programs
- None of the above
