Center for Scientific Review

Early Career Reviewer Survey II

OMB Control Number: 0925-0474 Expiration Date 2/28/2018

Public reporting burden for this collection of information is estimated to average 10 minutes, including the time for reviewing instructions. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0474). Do not return the completed form to this address.

Thank you for participating in this survey. Your participation will assist NIH in its mission to evaluate the effectiveness of the Early Career Reviewer Program at the Center for Scientific Review, NIH. Completion of the survey is strictly voluntary and no consequence exists for choosing not to participate. If you are not comfortable answering a question, please feel free to skip that question. Only aggregated responses will be used in analyses.

Early Career Reviewer Survey II

If no, what factors contributed to your decision not to submit an application? (Check all that apply)

- I am currently revising my application based on my ECR experience
- I have not yet decided whether or not to submit an application
- I do not think my idea has a chance to be funded
- Other work responsibilities were higher priorities
- I have not had time to write an application
- Program Officer did not recommend that I submit an application
- I was discouraged by the process
- I was discouraged by the reviewers' comments
- I received research funding from another source
- Other (Please specify)

12. The ECR Program aims to help emerging researchers advance their careers by exposing them to a peer review experience that may make them more competitive as applicants. In the space below, please provide your ideas for what else the ECR program can do to help you achieve this goal.

Thank you for your participation in this important survey. Your feedback is valuable to NIH's mission to continually improve and refine our grant funding procedures. If you have additional comments or suggestions, please email them to either the CSR Director at CSRDirector@csr.nih.gov or ECR Program Director at swartzkb@csr.nih.gov.

Please click on the 'Submit' button below to send your responses and complete the survey.
