

**Abstract:** The information will be used to evaluate the safety of proposed alterations to marine portable tanks (MPTs) and non-specification portable tank designs used to transfer hazardous materials during offshore operations, e.g., drilling rigs. Respondents will be those who wish to alter existing MPTs or use non-specification portable tanks.

**Forms:** None.

**Burden Estimate:** The estimated burden remains unchanged at 18 hours a year.

**Authority:** The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.

Dated: May 3, 2014.

### Coast Guard

[Docket No. USCG-2014-0328]

#### National Offshore Safety Advisory Committee; Vacancies

**AGENCY:** United States Coast Guard, DHS.

**ACTION:** Request for applications.

**SUMMARY:** The Coast Guard seeks applications for membership on the National Offshore Safety Advisory Committee (NOSAC). NOSAC advises the Secretary of the Department of Homeland Security (DHS) on matters and actions concerning activities directly involved with or in support of the exploration of offshore mineral and energy resources insofar as they relate to matters within Coast Guard jurisdiction.

**DATES:** Applicants for NOSAC membership should submit a cover letter and resume in time to reach the Alternate Designated Federal Officer (ADFO) on or before July 14, 2014.

**ADDRESSES:** Send your cover letter and resume via one of the following methods:

- *By mail:* Alternate Designated Federal Official (ADFO) of NOSAC, Commandant, (CG-OES-2)/NOSAC U.S. Coast Guard, 2703 Martin Luther King Jr. Avenue SE., STOP 7509, Washington, DC 20593-7509; or

- By fax to (202) 372-8382; or
- By email to [Scott.E.Hartley@uscg.mil](mailto:Scott.E.Hartley@uscg.mil).

**FOR FURTHER INFORMATION CONTACT:** Mr. Scott E. Hartley, ADFO of NOSAC;

telephone (202) 372-1437; fax (202) 372-8382; email [Scott.E.Hartley@uscg.mil](mailto:Scott.E.Hartley@uscg.mil).

**SUPPLEMENTARY INFORMATION:** NOSAC is governed by the Federal Advisory Committee Act (FACA), 5 U.S.C. Appendix, Public Law 92-463 86 Stat. 770 as amended and was established under the authority of Title 6 U.S.C. 451 to advise the Secretary of DHS on matters and actions concerning activities directly involved with or in support of the exploration of offshore mineral and energy resources insofar as they relate to matters within Coast Guard jurisdiction.

The Committee expects to meet twice a year: April in New Orleans, LA, and November in Houston, TX.

We will consider applications for the five positions listed below that will become vacant on January 31, 2015:

(a) One member representing companies, organizations, enterprises or similar entities engaged in the production of petroleum;

(b) One member representing companies, organizations, enterprises or similar entities engaged in offshore drilling;

(c) One member representing companies, organizations, enterprises or similar entities engaged in the support, by offshore supply vessels or other vessels, of offshore operations;

(d) One member representing companies, organizations, enterprises or similar entities engaged in the construction of offshore facilities; and

(e) One member representing companies, organizations, enterprises or similar entities engaged in offshore operations with recent practical experience on vessels or units involved in the offshore industry.

To be eligible, applicants for vacant positions should be employed by companies, organizations, enterprises or similar entities, have expertise, knowledge and experience regarding the technology, equipment and techniques that are used or are being developed for use in the exploration for, and the recovery of, offshore mineral resources.

Registered lobbyists are not eligible to serve on federal advisory committees. Registered lobbyists are lobbyists required to comply with provisions contained in the Lobbying Disclosure Act of 1995 (Pub. L. 104-65, as amended).

Each NOSAC member serves a term of office up to three (3) years. Members may be considered to serve a maximum of three consecutive terms. All members serve at their own expense and receive no salary or reimbursement of travel expenses, or other compensation from the Federal Government.

The Department of Homeland Security (DHS) does not discriminate in selection of Committee members on the basis of race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disabilities and genetic information, age, membership in an employee organization, or any other non-merit factor. DHS strives to achieve a widely diverse candidate pool for all of its recruitment actions.

If you are interested in applying to become a member of NOSAC, send a cover letter stating the position you wish to represent, providing your expertise, knowledge and experience that qualifies you for service on NOSAC to Mr. Scott Hartley, ADFO for NOSAC by email or mail according to the instructions in the **ADDRESSES** section by the deadline in the **DATES** section of this notice. In addition, please include a Curriculum Vitae (CV) or resume containing your current home address, a current email address, a current telephone number, your qualifications and work experience. During the vetting process, applicants may be asked by the White House Liaison Office through the United States Coast Guard to provide their date of birth and social security number. All email submittals will receive email receipt confirmation.

### Transportation Security Administration

[Docket No. TSA-2006-26514]

#### Intent To Request Renewal From OMB of One Current Public Collection of Information: Rail Transportation Security

**AGENCY:** Transportation Security Administration, DHS.

**ACTION:** 60-Day notice.

**SUMMARY:** The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget

(OMB) control number 1652-0051, abstracted below that we will submit to OMB for renewal in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves the submission of contact information of Rail Security Coordinators (RSCs) and alternate RSCs from freight railroad carriers; shippers and receivers of certain hazardous materials; passenger railroad carriers, including each carrier operating light rail or heavy rail transit service on track that is part of the general railroad system of transportation and rail transit systems. Also, these persons are required to report significant security concerns, including security incidents, suspicious activity, and any threat information. In addition, freight railroad carriers and the affected shippers and receivers of hazardous materials are required to document the transfer of custody of certain hazardous materials.

**DATES:** Send your comments by July 14, 2014.

**ADDRESSES:** Comments may be emailed to [TSAPRA@dhs.gov](mailto:TSAPRA@dhs.gov) or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

**FOR FURTHER INFORMATION CONTACT:** Christina A. Walsh at the above address, or by telephone (571) 227-2062.

**SUPPLEMENTARY INFORMATION:**

**Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology.

**Information Collection Requirement**

TSA collects and uses contact information for rail security officials under 49 CFR part 1580 (the Rail Transportation Security Rule) to enhance the security of the Nation's rail systems. The Rail Transportation Security Rule requires freight railroad carriers, certain rail hazardous materials shipper and receiver facilities, passenger railroad carriers, and rail mass transit systems to designate and submit contact information for a RSC and at least one alternate RSC to TSA.

Section 1580.103 of the Rail Transportation Security Rule requires freight railroad carriers, shippers, and receivers in a High Threat Urban Area (HTUA) that handle certain categories and quantities of hazardous materials set forth in sec. 1580.100(b), known as "rail security-sensitive materials" (RSSM), to provide location and shipping information on rail cars under their physical custody and control to TSA upon request. The specified categories and quantities of RSSM cover explosive materials, materials poisonous by inhalation, and radioactive materials.

The Rail Transportation Security Rule requires a secure chain of physical custody for rail cars containing RSSM which, in turn, requires freight railroad carriers and certain hazardous materials shippers, and receivers of RSSM to document the transfer of custody of certain rail cars in writing or electronically and to retain these records for a minimum of 60 days. Specifically, 49 CFR 1580.107 requires documentation of the secure exchange of custody of rail cars containing RSSM between: A rail hazardous materials shipper and a freight railroad carrier; two separate freight railroad carriers, when the transfer of custody occurs within an HTUA or outside of an HTUA but the rail car may subsequently enter an HTUA; and a freight railroad carrier and a rail hazardous materials receiver located within an HTUA. The documentation must uniquely identify that the rail car was attended during the transfer of custody, including car initial and number; identification of individuals who attended the transfer (names or uniquely identifying employee number); location of transfer; and date and time the transfer was completed.

This Rail Transportation Security Rule also requires freight railroad carriers, certain rail hazardous materials shipper and receiver facilities, passenger railroad carriers, and rail mass transit systems to report to TSA

significant security concerns, which include security incidents, suspicious activities, and threat information. See 49 CFR 1580.105 and 1580.203.

The total burden for this collection is approximately 54,023 hours.

Issued in Arlington, Virginia, on May 8, 2014.
