Department of Transportation, 1200 New Jersey Avenue SE., West Building, Ground Floor, Room W12–140, 20590–0001.

- *Hand Delivery or Courier:* West Building, Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m. e.t., Monday through Friday, except Federal holidays.

Instructions: All submissions must include the Agency name and docket number. For detailed instructions on submitting comments and additional information on the exemption process, see the Public Participation heading below. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>, and follow the online instructions for accessing the dockets, or go to the street address listed above.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement for the Federal Docket Management System published in the **Federal Register** on January 17, 2008 (73 FR 3316), or you may visit <http://edocket.access.gpo.gov/2008/pdf/E8-794.pdf>.

Public Participation: The Federal eRulemaking Portal is available 24 hours each day, 365 days each year. You can obtain electronic submission and retrieval help and guidelines under the “help” section of the Federal eRulemaking Portal Web site. If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard, or print the acknowledgement page that appears after submitting comments online. Comments received after the comment closing date will be included in the docket and will be considered to the extent practicable.

FOR FURTHER INFORMATION CONTACT: Ms. Theresa Hallquist, Analysis, Research

and Technology Division, Department of Transportation, FMCSA, West Building 6th Floor, 1200 New Jersey Avenue SE., Washington, DC 20590. Telephone: 202–366–1064; email: theresa.hallquist@dot.gov.

SUPPLEMENTARY INFORMATION:

Background: The study will evaluate the relationship between property carrying motor carriers compensation methods and incidences of unsafe driving. In particular, the research team will determine if there is a potential relationship between method of driver compensation and safe driving behavior. This study will be conducted using an online questionnaire. Randomly selected non-passenger motor carriers will be notified by letter from the FMCSA that explains the study and elicits their participation. Participants will receive an email directing them to a Web site to complete the online questionnaire. This study will assist motor carriers and other stakeholders engaged in commercial vehicle safety by enabling them to make informed decisions regarding driver compensation as it relates to safe driving performance. The results of the study will be available to the public in 2015 and will be published on the FMCSA publications and reports Web site, www.fmcsa.dot.gov. No risks to individuals are anticipated as a result of the study.

Title: Evaluating the Relationship Between Commercial Motor Vehicle Drivers Compensation Methods and Incidences of Unsafe Driving.

OMB Control Number: 2126–00XX.

Type of Request: New collection.

Respondents: Safety managers, operations managers or owner operators of commercial motor carriers companies.

Estimated Number of Respondents: 2184.

Estimated Time per Response:

Minimum response = 0.27 hour;

maximum response = 1.02 hours.

Expiration Date: N/A. This is a new information collection.

Frequency of Response: Once.

Estimated Total Annual Burden: 1,354 hours [(1,164 very small and small carriers for Group 1 respondents × 0.27 hours = 314 hours) + (1,020 medium and large carriers for Group 2 respondents × 1.02 hours = 1,040 hours) = 1,354].

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for

FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Issued under the authority of 49 CFR 1.87 on: August 25, 2014.

G. Kelly Regal,

Associate Administrator for Office of Research and Information Technology and Chief Information Officer.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2014–0237]

Agency Information Collection Activities; New Information Collection Request; Generic Clearance of Customer Satisfaction Surveys

AGENCY: FMCSA, DOT.

ACTION: Notice and request for comments.

SUMMARY: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers' needs, the Federal Motor Carrier Safety Administration (FMCSA) seeks to obtain OMB approval of a generic clearance to collect feedback on our service delivery. By feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

DATES: We must receive your comments on or before October 28, 2014.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Docket Number FMCSA–2014–0237 using any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Fax:* 1–202–493–2251.

- *Mail:* Docket Services; U.S.

Department of Transportation, 1200 New Jersey Avenue SE., West Building, Ground Floor, Room W12–140, 20590–0001.

- *Hand Delivery or Courier:* West Building, Ground Floor, Room W12–

140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m. e.t., Monday through Friday, except Federal holidays.

Instructions: All submissions must include the Agency name and docket number. For detailed instructions on submitting comments and additional information on the exemption process, see the Public Participation heading below. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. Please see the Privacy Act heading below.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>, and follow the online instructions for accessing the dockets, or go to the street address listed above.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement for the Federal Docket Management System published in the **Federal Register** on January 17, 2008 (73 FR 3316), or you may visit <http://edocket.access.gpo.gov/2008/pdf/E8-794.pdf>.

Public Participation: The Federal eRulemaking Portal is available 24 hours each day, 365 days each year. If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard, or print the acknowledgement page that appears after submitting comments online. Comments received after the comment closing date will be included in the docket and will be considered to the extent practicable.

FOR FURTHER INFORMATION CONTACT: Mr. Brian Ronk, Program Manager, FMCSA, Office of Enforcement and Program Delivery, Outreach Division/MC-ESO. Telephone (202) 366-1072; or email brian.ronk@dot.gov. Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

Mr. Jeff Loftus, Supervisory Transportation Specialist, Technology Division/MC-RRT, Office of Analysis, Research and Technology, telephone (202) 385-2363; or email jeff.loftus@dot.gov, Department of Transportation,

Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

Background: Executive Order 12862 "Setting Customer Service Standards," directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector (58 FR 48257, Sept. 11, 1993). In order to work continuously to ensure that our programs are effective and meet our customers' needs, FMCSA seeks to obtain OMB approval of a generic clearance to collect qualitative feedback from our customers on our service delivery. The surveys covered in this generic clearance will provide a means for FMCSA to collect this data directly from our customers. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas of communication, training or changes in operations that might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are noncontroversial and do not raise issues of concern to other Federal agencies;

- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

- Information gathered is intended to be used only internally for general service improvement and program management and any release outside the agency must indicate the qualitative nature of the information;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalized to the population of study.

Feedback collected under this generic clearance provides useful information, but does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results. As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Title: Generic Clearance of Customer Satisfaction Surveys.

OMB Control Number: 2126-New.

Type of Request: New information collection request.

Respondents: State and local agencies, general public and stakeholders; original equipment manufacturers (OEM) and suppliers to the commercial

motor vehicle (CMV) industry; fleets, owner-operators, state CMV safety agencies, research organizations and contractors; news organizations and safety advocacy groups.

Estimated Number of Respondents: 5,900.

Estimated Time per Response: Range from 10–120 minutes.

Expiration Date: N/A. This is a new ICR.

Frequency of Response: Generally, on an annual basis.

Estimated Total Annual Burden: 5,274.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Issued under the authority of 49 CFR 1.87 on: August 18, 2014.

G. Kelly Regal,

Associate Administrator, Office of Research and Information Technology and Chief Information Officer.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2012–0032]

Commercial Driver's License Standards: Application for Exemption; Daimler Trucks North America (Daimler)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; granting of application for exemption.

SUMMARY: FMCSA announces its decision to grant Daimler Trucks North America's (Daimler) application for an exemption for a Daimler driver to drive commercial motor vehicles (CMV) in the United States without possessing a commercial driver's license (CDL) issued by one of the States. The driver is Dr. Wolfgang Bernhard, head of the Daimler Trucks and Bus Division, who will test-drive Daimler vehicles on U.S. roads to better understand product

requirements for these vehicles in “real world” environments and verify results. He holds a valid German CDL but lacks the U.S. residency necessary to obtain a CDL issued by one of the States. FMCSA believes that the process for obtaining a German-issued CDL is comparable to or is effective as the U.S. CDL requirements and ensures that this driver will likely achieve a level of safety that is equivalent to or greater than the level of safety that would be obtained in the absence of the exemption.

DATES: This exemption is effective August 29, 2014 and expires August 29, 2016.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Clemente, FMCSA Driver and Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 202–366–4325. Email: MCPSD@dot.gov.

SUPPLEMENTARY INFORMATION:

Legal Basis

The Secretary of Transportation (the Secretary) has the authority to grant exemptions from any of the Federal Motor Carrier Safety Regulations (FMCSRs) issued under chapter 313 or § 31136 of title 49, United States Code, to a person(s) seeking regulatory relief (49 U.S.C. 31136(e), and 31315(b)) as added by Section 4007(a) of the Transportation Equity Act for the 21st Century (TEA–21) (Pub. L. 105–178, 112 Stat. 107, 401, June 9, 1998)). Prior to granting an exemption, the Secretary must request public comment and make a determination that the exemption is likely to achieve a level of safety that is equivalent to, or greater than, the level of safety that would be obtained in the absence of the exemption. Exemptions may be granted for a period of up to 2 years and may be renewed.

The FMCSA Administrator has been delegated authority under 49 CFR 1.87(e)(1) and (f) to carry out the functions vested in the Secretary by 49 U.S.C. chapter 313 and subchapters I and III of chapter 311, relating, respectively, to the commercial driver's license program and to commercial motor vehicle (CMV) programs and safety regulation.

Background

In the July 22, 2014, **Federal Register** (79 FR 42626), FMCSA granted Daimler and one of its drivers a similar exemption. Prior to that, in the May 25, 2012, **Federal Register** (77 FR 31422) FMCSA granted a similar exemption for two of their other test drivers. These individuals each held a valid German CDL but lacked the U.S. residency

necessary to obtain a CDL in the United States. FMCSA concluded that the process for obtaining a German CDL is comparable to or as effective as the U.S. CDL requirements and ensures that these drivers will likely achieve a level of safety equivalent to or greater than the level that would be obtained in the absence of the exemption. These three drivers were not reported to be involved in any crashes or other safety-related incidents.

Daimler Application for Exemption

Daimler applied for an exemption for Dr. Wolfgang Bernhard from 49 CFR 383.23, requiring drivers operating CMVs to have a CDL issued by one of the States. Notice of the application was published on July 2, 2014 (79 FR 37839). Five comments were received which were mixed in support or opposition to the application for exemption for Dr. Bernhard, however no substantive comments were received. A copy of the Daimler request is in the docket identified at the beginning of this notice. The exemption allows Dr. Wolfgang Bernhard to operate CMVs to support Daimler field tests to meet future vehicle safety and environmental requirements and to promote the development of technology and advancements in vehicle safety systems and emissions reductions. He will typically drive for no more than 6 hours per day for 2 consecutive days, and 10 percent of the test driving will be on two-lane state highways, while 90 percent will be on interstate highways. The driving will consist of no more than 200 miles per day, for a total of 400 miles during a two-day period on a quarterly basis.

Section 383.21 requires CMV drivers in the United States to have a CDL issued by a State. Dr. Bernhard is a citizen and resident of Germany. Only residents of a State can apply for a CDL. Without the exemption, Dr. Bernhard would not be able to test-drive Daimler prototype CMVs on U.S. roads.

Dr. Bernhard holds a valid German CDL and is an experienced operator of CMVs. In the application for exemption, Daimler also submitted documentation showing his safe German driving record.

Method To Ensure an Equivalent or Greater Level of Safety

According to Daimler, the requirements for a German-issued CDL ensure that the same level of safety is met or exceeded as if these drivers had a CDL issued by one of the States. Dr. Bernhard is familiar with the operation of CMVs worldwide and will be accompanied at all times by a driver who holds a U.S.-issued CDL and is
