Direct Funded: Please enter the total number of direct student participants who received monetary support (regardless of the amount). This should be a subset of the total Direct Student Participants recorded in the table above. Direct funded student participants do not include recipients of reimbursements (i.e. travel, supplies, meals, etc.)

Direct Significant Investment: Please enter the total number of direct student participants who received a significant investment. (A significant investment is defined as a monetary award to and/or an experience for an education participant which includes one or more of the following:
 (1) a value of 3K or greater in financial support
 (2) 160 hours of participation or greater with direct contact
 (3) and/or some other support considered "significant" by program/project leadership
 For some projects the minimum level determining significant investment may be greater (e.g. the monetary value deemed significant for the Space Grant Community is 5K or greater.)

For all students who received direct funding and those who meet the criteria for significant engagement, please look up and select their student profile. If no profile exists, create one. Enter new award data for each student.
