

PRENEED BURIAL PLANNING

All eligibility determinations are made at the time of need. If you have immediate need for burial arrangements, please contact a funeral home or the National Cemetery Scheduling Office at (800) 535-1117. The PreNeed Burial Planning tool is provided for assistance in planning for future burial in a Department of Veterans Affairs (VA) national cemetery. VA will review the completed form and all supporting documents submitted, and provide a response to you indicating whether the documentation is complete. VA's response will not be an eligibility determination before the actual time of need and will not guarantee eligibility at the time of need.

For more information about Veteran burial eligibility, visit VA online at: <http://www.cem.va.gov>. Burial in a national cemetery is on a first-come, first-served basis and no gravesite reservations are accepted. **Copies of military discharge documents or other service records should be submitted with this PreNeed Burial Planning tool.** Your information will be stored in an electronic database and you should retain your copies in a safe place.
