Instructions
ROCKFISH PROGRAM
CHECK-IN/CHECK-OUT REPORT

Each Rockfish Cooperative must designate when a vessel is fishing under the authority of a Rockfish Program Cooperative Quota (CQ) permit. This procedure is necessary because vessels fish in both Rockfish Program fisheries and non-Rockfish Program fisheries (e.g., pollock, Pacific cod, and various flatfish fisheries) do not require the same catch monitoring provisions.

Note: Each check-in report, check-out report, and termination of fishing declaration must be submitted online.

Rockfish Cooperative Check-In Report

The Rockfish Check-in Report authorizes a vessel to fish under the CQ permit.

- ◆ The designated representative must submit a Rockfish Check-in Report at least 48 hours prior to the time the vessel begins a fishing trip to fish under a CQ permit.
- ◆ A check-in report is effective at the beginning of the first fishing trip after the designation has been submitted.

Rockfish Cooperative Check-Out Report

The Check-out Report states that a vessel is no longer fishing under the CQ permit.

- ◆ The designated representative must submit a Rockfish Check-out Report for any vessel within 6 hours after the effective date and time the rockfish cooperative wishes to end the vessel's authority to fish under the CQ permit.
- ◆ This designation is effective at:
 - The end of a complete offload if that vessel is fishing under a CQ permit for a catcher vessel cooperativeor the earlier of;
 - The end of the week-ending date as reported in a production report if that vessel is fishing under a CQ permit for a catcher/processor cooperative; or
 - The end of a complete offload if that vessel is fishing under a CQ permit for a catcher/processor cooperative.

Rockfish Cooperative Termination of Fishing Declaration

The Rockfish Cooperative Termination of Fishing Declaration terminates a CQ permit.

Submit the Check-in Report, Check-out Report, or Termination of Fishing Declaration to NMFS using an electronic online application available on the NMFS Alaska Region website at <http://alaskafisheries.noaa.gov>.

The designated representative must log onto the system and create a check-in report or check-out report as indicated on the computer screen. By using the cooperative's NMFS ID, password, and Transfer Key and submitting the report, the designated representative certifies that all information is true, correct, and complete. If you have questions or need additional information, contact Sustainable Fisheries Division at 907-586-7228.
