Campaign 3: La Crosse County, WI – Get Active					
B9	La Crosse, WI	Safe Routes	Get Active	Radio:60	<p>TEXT/NARRATIVE</p> <p>Announcer: Say 'unprecedented increase in the prevalence of obesity'.</p> <p>Child: AHH that would be silly.</p> <p>Announcer: What's diabetesity?</p> <p>Child: A dinosaur.</p> <p>Announcer: Why should we care about obesity?</p> <p>Child: It's a saying.</p> <p>Announcer: The problems sound complex but they don't have to be. Thirty years ago, 70% of children walked to school. Today, fewer than 15. Nearly 1 in 3 Lacrosse County children are overweight or obese. Would you like to walk or bike to school every morning?</p> <p>Child: A bicycle?</p> <p>Announcer: What if biking and walking to school was a safe, secure option for all La Crosse County students? We'd be in the fast lane for healthier students and a healthier community. Supporting safe routes to school will help us take back the health of our community, encourage students, families, and schools to make walking and biking to school the first step toward a healthier lifestyle. Visit getactivewisconsin.org. As yourself 'what if?' and get active turning 'if' into 'when'. Get active, cause, community, change. Brought to you by HHS Wisconsin Department of Health Services and the La Cross County Health Department.</p>

B11	La Crosse, WI	Safe Routes (Accepted - Ref Only)	Get Active	Print	 <p>This year, what if all La Crosse County students could walk or bike to school?</p> <p>What if your kids were among La Crosse County students walking or biking to school? They would be getting to class alert, exercised and ready to learn. They would be sharing quality time with their parents. And they would be helpful in decreasing traffic congestion while increasing the health of our community. But, don't tell them that – let them think it's all for the fun of it. Learn more about Safe Routes to School on our website. Then, get active turning "if" into when.</p> <p>www.getactivewisconsin.org/lacrosse</p> <p>La Crosse County safe routes to school LA CROSSE COUNTY COMMUNITY DEVELOPMENT</p> <p>get active LA CROSSE COUNTY COMMUNITY DEVELOPMENT</p>

B19	Southern Nevada Health District	Clark County: Trails	Change Our Community	Radio: 60	<p>TEXT/NARRATIVE</p> <p>ANNOUNCER: From the sunny skies and excitement to shopping and entertainment - there are a lot of great things about living in Clark County.</p> <p>But in Clark County only 1 in 5 of us are eating the recommended number of fruits and vegetables and only half of us are meeting physical activity guidelines. And this isn't just because we are choosing to be unhealthy - in many cases it's because there aren't healthy options for us to choose.</p> <p>But did you know Clark County has over 600 miles of local trails with plans to develop more? With this many miles of trails in Southern Nevada knowing where to go and what to expect can make it easier for you to get out on the trails and make your experience more enjoyable. With the Neon to Nature program, you can locate hundreds of local trails online at neontonature.org. Each trail on the map will include a description of the trails location, length and amenities.</p> <p>Learn more about Neon to Nature as well as what we're doing to make Clark County a healthier place to live and what you can do to get involved, by visiting: changeourcommunityclarkcounty.org today!</p>

B20	Southern Nevada Health District	Healthy Choices: Trails - tall	Change Our Community	Print	 <p>A poster for the 'Healthy Choices: Trails - tall' campaign. It features a cyclist on a paved path with mountains in the background. The text reads: 'Healthy Choices CAN BE EVERYWHERE'. Below this, it states: 'The average Las Vegas commuter spends 64 hours per year in traffic. Wouldn't you rather enjoy some of those hours on the more than 900 miles of trails in Clark County?' It also includes the website 'nsohforlasvegas.org' and the slogan 'Change Our Community. Change Our Health.' with the SVP logo.</p>
B22	San Antonio, TX	Balance: Run	Balance	Print	 <p>A poster for the 'Balance: Run' campaign. It features a close-up of a running shoe tread on a dirt path. The text reads: 'My balance is: Walking 30 minutes today for a healthier tomorrow.' Below this, it says: 'Healthy tomorrow starts with a balance between better nutrition and more physical activity. San Antonio is moving forward to do both. Learn more. Join us at SBalance.org'. The website 'SABalance.org' is prominently displayed. At the bottom, it says: 'Visit SABalance.org from home or at your library, or talk to your doctor or health clinic for more information.' and includes the 'Balance' logo.</p>

B23	FHI 360/CE	Basketball	Making Health Easier	Print	 <p>If they jump around in here, they won't bounce off the walls in the classroom.</p> <p>Kids are fidgety people. When they can move around at school, not only are they less likely to become overweight, they're more likely to stay focused in class. Kids need at least 60 minutes of physical activity every day. That's why parents are working together to give kids more opportunities to be active at school. Visit MakingHealthEasier.org to find out more.</p> <p>Making Health Easier</p> <p>Made possible with funding from the Centers for Disease Control and Prevention.</p>
B24	FHI 360	The More They Burn the Better They Learn	Making Health Easier	Static Info graphic	 <p>THE MORE THEY BURN THE BETTER THEY LEARN</p> <p>YOUR CHILD + AMOUNT OF ACTIVITY (60+ MIN) + VARIOUS ACTIVITIES = ACADEMIC ACHIEVEMENT</p> <p>Did you know that kids who are physically active get better grades?</p> <p>Research shows that students who earn mostly As are almost twice as likely to get regular physical activity than students who receive mostly Ds and Fs.</p> <p>Physical activity can help students focus, improve behavior and boost positive attitudes. Do what you can to help your child be physically active, be it running, biking or swimming. Any type of physical activity is good, and 60 minutes a day is best. Their grades will thank you!</p>
