NOTICE - Public reporting burden of this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: CDC/ATSDR Information Collection Review Office; 1600 Clifton Road, MS D-74, Atlanta, GA 30333, ATTN: PRA (0920-0234).

Assurance of Confidentiality - All information which would permit identification of an individual, a practice, or an establishment will be held confidential, will be used only by NCHS staff, contractors, and agents only when required and with necessary controls, and will not be disclosed or released to other persons without the consent of the individual or the establishment in accordance with section 308(d) of the Public Health Service Act (42 USC 242m) and the Confidential Information Protection and Statistical Efficiency Act (PL-107-347).

National Electronic Health Records Survey 2014

The National Electronic Health Records Survey is affiliated with the National Ambulatory Medical Care Survey (NAMCS). The purpose of the survey is to collect information about the adoption of electronic health records/electronic medical records (EHRs/EMRs) in ambulatory care settings. Your participation is greatly appreciated. Your answers are completely confidential. Participation in this survey is voluntary. If you have questions or comments about this survey, please call 866-966-1473.

> 4. Do you see ambulatory patients in any of the following settings? CHECK ALL THAT APPLY.

1□ Private solo or group practice

□1 Yes □2 No → What is your specialty? □2 No → What is your specialty? □3 Community Health Center (e.g., Federally Qualified Health Center (FQHC), federally funded clinics or "look-alike" clinics) □4 Yes → Continue to Question 3 □5 No Please stop here and return the questionnaire in practice in the envelope provided. Thank you for your time. □5 The next question asks about a normal week. We define a normal week as a week with a normal caseload, with no holidays, vacations, or conferences. □6 Overall, at how many office locations (excluding hospital emergency or hospital outpatient departments) do you see ambulatory patients in a normal week? □6 Family planning clinic (including Planned Parenthood) □7 Health maintenance organization or outpart time. Permanente) □8 Faculty practice plan (An organized group of physicians that treats patients referred to an academic medical center) □9 Hospital emergency or hospital outpatient departments and outpatient departments are reporting location indicated in question 5 even if it is not the location where this survey was sent. □9 Hospital emergency or hospital outpatient departments are reporting location indicated in question 5 even if it is not the location where this survey was sent. □9 Hospital emergency or hospital outpatient departments are reporting location indicated in question 5 even if it is not the location where this survey was sent. □9 Hospital emergency or hospital outpatient departments are reporting location indicated in question 5 even if it is not the location where this survey was sent. □9 Hospital emergency or hospital outpatients even if it is not the location where this survey was sent. □9 Hospital emergency or hospital outpatients? □9 Hospital emergency or hospital outpatients? □9 For the remaining questions, please answer regarding the reporting location indicated in question 5 even if it is not the location where this survey was sent.	Is that correct?	1 Private solo or group practice
Significant Survey asks about ambulatory care, that is, care for patients receiving health services without admission to a hospital or other facility. Do you directly care for any ambulatory patients in your work? Do you directly care for any ambulatory patients in your work? Non-federal government clinic (e.g., state, county, city, maternal and child health, etc.)		part of a hospital outpatient
This survey asks about ambulatory care, that is, care for patients receiving health services without admission to a hospital or other facility. 2. Do you directly care for any ambulatory patients in your work? □ 1 Yes → Continue to Question 3 □ 2 No Please stop here and return the questionnaire in practice in practice In the envelope provided. Thank you for your time. The next question asks about a normal week. We define a normal week as a week with a normal caseload, with no holidays, vacations, or conferences. 3. Overall, at how many office locations (excluding hospital emergency or hospital outpatient departments) do you see ambulatory patients in a normal week? □ 1 locations If you see it is took-federal government clinic (e.g., state, county, city, maternal and child health, etc.) □ Family planning clinic (including Planned Parenthood) □ Health maintenance organization or other prepaid practice (e.g., Kaiser Permanente) □ Faculty practice plan (An organized group of physicians that treats patients referred to an academic medical center) □ Hospital emergency or hospital outpatient departments If you see select only even if it is not the location where this survey was sent. □ Hospital emergency or hospital outpatient departments If you see the most ambulatory patients in a normal week as a week with a normal caseload, with no holidays, vacations, or conferences. □ Hospital emergency or hospital outpatient departments If you see the most ambulatory patients in a normal week as a week with a normal caseload, with no holidays, vacations, or conferences. □ Health maintenance organization or other prepaid practice (e.g., Kaiser Permanente) □ Health maintenance organization or other prepaid practice plan (An organized group of physicians that treats patients referred to an academic medical center) □ Hospital emergency or hospital outpatient departments If you see the settings, go to Quitaline the prepaid practice (e.g., Kaiser Permanente) □ Health maintenance organization or oth	——————————————————————————————————————	Federally Qualified Health Center
2. Do you directly care for any ambulatory patients in your work? □1 Yes → Continue to Question 3 □2 No □3 I am no longer in practice In the envelope provided. Thank you for your time. The next question asks about a normal week with a normal caseload, with no holidays, vacations, or conferences. 3. Overall, at how many office locations (excluding hospital emergency or hospital outpatient departments) do you see ambulatory patients in a normal week? □ locations If you see Non-federal government clinic (e.g., state, county, city, maternal and child health, etc.) □ Non-federal government clinic (e.g., state, county, city, maternal and child health, etc.) □ Health maintenance organization or other prepaid practice (e.g., Kaiser Permanente) □ Health maintenance organization or other prepaid practice (e.g., Kaiser Permanente) □ Faculty practice plan (An organized group of physicians that treats patients referred to an academic medical center) □ Hospital emergency or hospital outpatient departments □ Hospital emergency or h
