NIH Research Training Institutes
Customer Satisfaction Survey for Faculty

OMB Control Number: 0925-0648

Expiration Date: 03/2018

Informed Consent FormIdentification of Project

Office of Behavioral and Social Sciences Research (OBSSR) NIH Research Training Institutes Customer Satisfaction Survey for Faculty.

Statement of Age of Subject

I am at least 18 years of age and wish to participate in a survey being conducted by the National Institutes of Health (NIH), Office of Behavioral and Social Sciences Research (OBSSR) Bethesda, MD 20892.

Purpose

The purpose of this survey is to assess satisfaction with the NIH Research Training Institutes offered by OBSSR and determine ways this program can be improved.

Procedures

Participants will be asked to access a web-based questionnaire and complete the questionnaire by a specific date. The total time involved, including instructions, will be no more than 15 minutes.

Confidentiality

All information collected in this survey will be kept secure to the extent permitted by law. I understand that the data I provide will be grouped with data that others provide for the purpose of reporting and presentation, and that my name will not be used.

Risks

I understand that the risks of my participation are expected to be minimal in nature.

Benefits, Freedom to Withdraw, & Ability to Ask Questions

I understand that this survey is not designed to help me personally but that the investigators hope to determine satisfaction with the NIH Research Training Institutes and ways the program can be improved. I am free to ask questions or withdraw from participation at any time and without penalty.

Contact Information

For questions regarding the survey or any study-related issues, please contact Jaclyn Crouch (jaclyn.crouch@nih.gov). If you have any technical questions and/or have difficulty accessing the survey please contact Jennifer Sargent by email at jsargent@madrillongroup.com or by telephone at 888-236-9826 (toll-free).

Burden Disclosure: Public reporting burden for this collection of information is estimated to range be 15 minutes per respondent, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

Agreement to Consent *

- I have read the information about this study, and I agree to participate in this survey.
- I have read the information about this study, and I do not wish to participate in this survey at this time.

Pre-Training Institute Experiences as a Research Mentor

Throughout this survey, we define **research mentoring** as a *complex and multidimensional teaching or coaching process whereby emerging scientists acquire the norms, standards, values, attitudes, knowledge, skills, and behaviors necessary to function as successful independent researchers from a more experienced colleague.*

The following questions focus on your experiences as a **research mentor** prior to your participation as a member of the faculty for the training institute.
