

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB#: 0925-0925-0648 ExpDate: 03/2018)

TITLE OF INFORMATION COLLECTION:

The NIH Extramural Loan Repayment Programs: Online Post-Application Customer Service Survey for Award Applicants

PURPOSE:

The NIH Extramural Loan Repayment Programs (LRP) FY2017 application period began on September 1st, 2016 and will end December 1st, 2016. The purpose of the currently proposed online survey, hosted on SurveyMonkey, is to garner feedback from applicants about the ease and usability of LRP systems and their experience with our Information Center (if they contacted the Center). The survey will be anonymous, and information garnered from the survey will remain internal to DLR and be used solely to make improvements to our application processes for the following year.

DESCRIPTION OF RESPONDENTS:

Respondents will be approximately 1,350, extramural, doctoral-level researchers who submitted an application to the LRPs.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?
[X] Yes [] No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

Potential respondents will be a subset of individuals who submitted an LRP application. All such individuals will be sent an email with the link to the survey hosted by SurveyMonkey after the LRP application period has closed. Based on last year application numbers, the total number of LRP applicants is expected to be approximately 2,700. DLR anticipates the number of individuals invited to participate in the survey will be half, or n=1,350. Assuming a 60% response rate obtained in prior research, the final total respondent sample is anticipated to be n=810.

Administration of the Instrument

1. How will you collect the information? (Check all that apply)
[X] Web-based or other forms of Social Media
[] Telephone
[] In-person
[] Mail
[] Other, Explain
2. Will interviewers or facilitators be used? [] Yes [X] No

Please make sure that all instruments, instructions, and scripts are submitted with the request.
