

**OMB BURDEN STATEMENT:** According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0925-0648. The time to complete this information collection is estimated as part of the 15 minutes, including the time for reviewing instructions and completing the information.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648).

This survey seeks your feedback on a draft version of a new informational brochure. Your responses to the survey will help the National Institute of Nursing Research (NINR) develop a final version of the brochure.

### **CONSENT FOR PARTICIPATION**

Before you take the questionnaire today, we need to ask you to formally consent to participate. Please carefully read the following statements and check the box below acknowledging that you understand each statement and agree to participate in the survey.

- a. I understand that my participation is voluntary. I can choose not to answer questions, and I can withdraw from the questionnaire at any point.
- b. I understand that all information collected in the questionnaire is secure to the extent permitted by law, and will not be disclosed to anyone but the researchers conducting this study, except as otherwise required by law. All findings will be reported in aggregate.
- c. I will not be asked any personally identifying information when responding to the questionnaire. My personal identity will be protected. A transcript of the questionnaire will be stored securely and will only be accessible to the research team. No one will be identified in reports resulting from this questionnaire.
