

OER Survey of New Investigators

Note to Respondents: The information you provide in this survey will remain confidential. No individual respondents will be identified, and all responses will be summarized and reported in aggregate form.

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0648). Do not return the completed form to this address.

The first question below is offered to all respondents. If (s)he selects “Not at all helpful”, the respondent will be offered the follow on question below asking her to describe the information she’d find helpful.

OER Survey of New Investigators

Please rate the information contained in the message you received from NIH that invited you to participate in this survey.

The information was:

- Very helpful
- Somewhat helpful
- Not at all helpful

Will you please briefly describe the information you would find more helpful?

Words used: 0 out of 250.

The next question is offered to all respondents.

National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

At this time, do you plan to resubmit the application for which you most recently received a summary statement?

- Definitely will resubmit
- Probably will resubmit
- Might resubmit
- Probably will NOT resubmit
- Definitely will NOT resubmit

Back
Next

11%

If the respondent enters Definitely or Probably will resubmit, (s)he is offered the following set of questions... If the respondent enters Probably/Definitely will NOT resubmit (s)he skips to question at the bottom of page 3 ...

National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

As you prepare the resubmission application, how important are the following resources in helping you prepare the application?

Please rate the following resources according to their relative importance to you.
 If there is another resource you will utilize that is not included in this list, please describe it in the space provided.

	Critically important	Very important	Somewhat important	Not very important	Not at all important	No people/resources are available to me to serve in this capacity
NIH program officer(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Colleague(s) at your institution who are established NIH principal investigator(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Colleague(s) in your scientific community outside your institution who are established NIH principal investigator(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A grant writing workshop or other formal grantsmanship training resource	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A pre-review panel that peer reviews my application prior to submission to NIH	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your doctoral and/or postdoctoral advisor	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input style="width: 250px;" type="text" value="Enter another option"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

The item order in the question above is randomized to address potential order effects on rankings.

If the respondent rates the doctoral or postdoctoral advisor as Critically or Very Important in the previous table (s)he is asked this follow-on question:

NIH National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

Does your advisor have active or recent NIH research support?

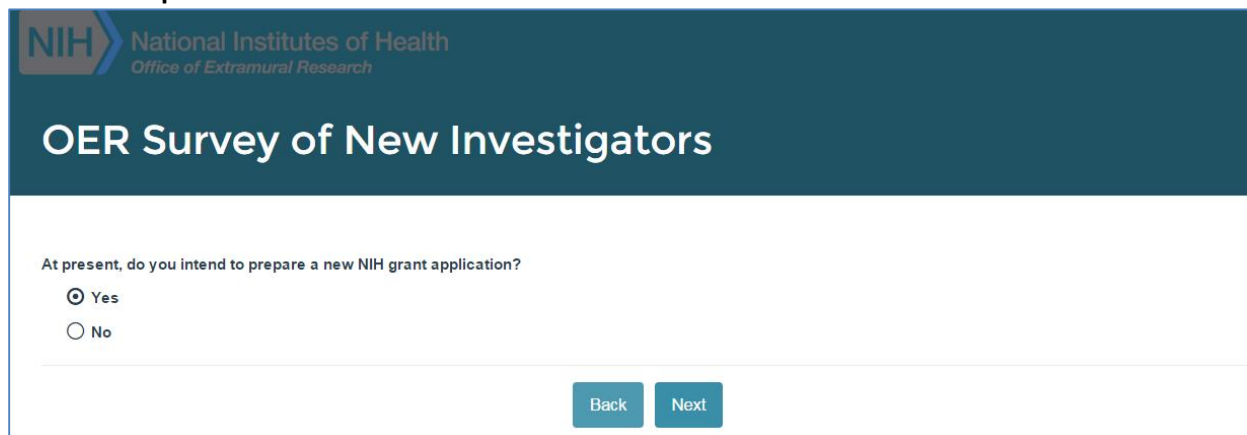

Yes

No

Not sure

Back Next

If the response to the question at the top of Page 2 is Probably/Definitely will NOT resubmit (s)he will receive this question:

NIH National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

At present, do you intend to prepare a new NIH grant application?

Yes

No

Back Next

If response to previous question is “yes”, respondent is offered the following set of questions...

National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

As you prepare a new grant submission, how important are the following resources in helping you prepare the application?

Please rate the following resources according to their relative importance to you.
 If there is another resource you will utilize that is not included in this list, please describe it.

	Critically important	Very important	Somewhat important	Not very important	Not at all important	No people/resources are available to me to serve in this capacity
Colleague(s) at your institution who are established NIH principal investigator(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
NIH program officer(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A grant writing workshop or other formal grantsmanship training resource	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your doctoral and/or postdoctoral advisor	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
A pre-review panel that peer reviews my application prior to submission to NIH	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Colleague(s) in your scientific community outside your institution who are established NIH principal investigator(s)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input style="width: 100%;" type="text" value="Enter another option"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If the response to question on page 3 is “no”, respondent is offered the following question...

National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

Will you share your reasons for choosing not to submit a new grant application at this time?

Comments

Back

All respondents are offered the following questions, regardless of their answers to the previous branching questions:

OER Survey of New Investigators

NIH is interested in the factors that contributed to your choice to apply for a research grant on the topic of your most recent application.

The list below contains some of the most common factors that influence investigators' choice of research topic.

Please rate the importance of each of these factors to your choice of research topic. If there is another important reason you would like to share, please select "Other" and describe the other factor that influenced you to pursue research in your chosen area.

A family member(s) or close personal friend encouraged me to pursue this topic.

- Critically important Very important Somewhat important Not very important Not at all important

A formative experience from my childhood influenced me to pursue this topic.

- Critically important Very important Somewhat important Not very important Not at all important

A teacher, professor, or other professional role model from my teens or early twenties influenced me to pursue this topic.

- Critically important Very important Somewhat important Not very important Not at all important

I received a paid training or professional opportunity (such as a scholarship, internship, free tuition, etc.) that influenced me to pursue this topic.

- Critically important Very important Somewhat important Not very important Not at all important

I believe that the topic of my most recent application is well suited for me.

- Critically important Very important Somewhat important Not very important Not at all important

I derive great personal satisfaction from working on this topic.

- Critically important Very important Somewhat important Not very important Not at all important

I believe the opportunities for career advancement and/or obtaining research funding to pursue this topic are promising.

- Critically important Very important Somewhat important Not very important Not at all important

Do you currently have student loans that must be repaid?

- Yes
 No

If the answer to the last question on the previous screen is “yes”, the next question will be offered, otherwise it will be skipped.

 National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

Have you applied for assistance through the NIH Loan Repayment program?

You can comment on this question if you'd like to.

Yes, I applied but did not receive the award

Yes, I received a Loan Repayment Award

No, I have not applied for a Loan Repayment Award

Comments

All respondents are offered the following question, regardless of answers to the previous branching questions:

 National Institutes of Health
Office of Extramural Research

OER Survey of New Investigators

Have you considered switching research topics or leaving biomedical research for financial reasons?

You can comment on this question if you'd like to.

Yes

No
