Monika Junker, DHS/NPPD/IP, monika.junker@dhs.gov, (703) 235-8229.

SUPPLEMENTARY INFORMATION: PSCP sponsors clearances for private sector partners who are responsible for critical infrastructure protection but would not otherwise be eligible for a clearance under Executive Order 12829. These partners are subject matter experts within specific industries and sectors. The PSCP requires individuals to complete a clearance request form that initiates the clearance process. DHS Sector Specialists or Protective Security Advisors email the form to the individual who then emails back the completed form, minus their date and place of birth and social security number. The clearance request form is signed by both the Federal official who nominated the applicant and the Assistant Secretary for Infrastructure Protection. Upon approval to process, the PSCP Administrator contacts the nominee to obtain the social security number, date and place of birth, and will then enter this data into e-QIP—Office of Personnel Management's secure portal for investigation processing. Once the data is entered in e-QIP, the applicant can complete the online security questionnaire. The PSCP maintains all applicants' information in the Master Roster, which contains all the information found on the clearance

request form in addition to their clearance information (date granted, level of clearance, date non-disclosure agreements signed, and type/date of investigation). The Administrator of the Master Roster maintains the information to track clearance processing and investigation information and to have the most current contact information for the participants from each sector.
