FMCSA Annual Grant Program Effectiveness Survey

## FORM MCSA-5888

## Background

The FMCSA intends to use this survey to collect non-sensitive information about your experience with the Performance Registration Information System Management (PRISM) program. As a grant recipient, the FMCSA is interested in hearing your views on the strengths and weaknesses of the program which will hopefully provide us with concepts on how we can improve the program's effectiveness. Your answers will be confidential and used to determine if a consensus exists amongst PRISM grant recipients.
