
SUPPORTING STATEMENT FOR PAPERWORK REDUCTION ACT SUBMISSIONS

A. Justification

A1. Need for Information Collection

The Corporation for National and Community Service (CNCS) awards grants to states, local governments, institutions of higher education, non-profit organizations, Indian tribes, and U.S. Territories to operate AmeriCorps State, AmeriCorps National, AmeriCorps NCCC, AmeriCorps VISTA, Social Innovation Fund and Senior Corps programs. This information collection comprises the questions applicants answer to apply to be a Social Innovation Fund grantee.

A2. Indicate how, by whom, and for what purpose the information is to be used.

Applicants respond to the questions included in these instructions in order to apply for funding in Social Innovation Fund competitions. The Social Innovation Fund will use the information collection to select grantmaking entities that will provide technical assistance to states, local governments and Indian tribes, and nonprofit organizations to assess feasibility and encourage Pay for Success opportunities, support the transactions of Pay for Success projects and contribute to learnings in the field of performance-based contracting. challenges.

A3. Minimize Burden: Use of Improved Technology to Reduce Burden

CNCS will be eliciting and accepting applicants' response to these questions electronically via eGrants the CNCS' secure online grants management system. If applicants are unable to apply or report on-line, they can use the attached forms and instructions to submit their application.

A4. Non-Duplication

There are no other sources of information by which CNCS can meet the purposes described in A2 (above).

A5. Minimizing for economic burden for small businesses or other small entities.

This collection of information does not impact small businesses because they are not eligible to apply for grants. There is no economic burden to any other small entities beyond the cost of staff time to collect and report the data. This is minimized to the degree possible by only asking for the information absolutely necessary to assess an organization's eligibility to apply and capacity to administer a Social Innovation Fund grant.

A6. Consequences of the collection if not conducted, conducted less frequently, as well as any technical or legal obstacles to reducing burden.

The Corporation will be unable to request the necessary information to assess prospective Social Innovation Fund grantees.

A7. Special circumstances that would cause information collection to be collected in a manner requiring respondents to report more often than quarterly; report in fewer than 30 days after receipt of the request; submit more than an original and two copies; retain records for more than three years; and other ways specified in the Instructions focused on statistical methods, confidentially, and proprietary trade secrets.

There are no special circumstances that would require the collection of information in these ways.

A8. Provide copy and identify the date and page number of publication in the Federal Register of the Agency's notice. Summarize comments received and actions taken in response to comments. Specifically address comments received on cost and hour burden.

The 60 day *Notice* soliciting comments was published on Tuesday, August 13, 2013 on page 49262. No comments were received.
