Thank you for your submission of New Project materials for this research study. The Oak Ridge Site-Wide IRB has determined this project is EXEMPT FROM IRB REVIEW according to federal regulations as outlined in 10 CFR 745.101(b).

Annual follow-up is required on EXEMPT projects. Before the expiration date or within 30 days of study closure, whichever is earlier, you are to submit a continuing review with required explanations. You can submit a continuing review by navigating to the active study and clicking Create Modification / CR.

This approval is based on an appropriate risk/benefit ratio and a study design wherein the risks have been minimized. All research must be conducted in accordance with this approved submission.

Any revision to previously approved materials must be approved by this office prior to initiation. Please use the appropriate revision forms for this procedure.

All unanticipated problems or adverse events must be reported to this office (see [DOE Order 443.1B](#)). Please use the appropriate form for this procedure. All FDA and sponsor reporting requirements should also be followed.

Report all NON-COMPLIANCE issues or COMPLAINTS regarding this study to this office (see [DOE Order 443.1B](#)).

Please note that all research records must be retained for a minimum of three years after the completion of the study.

Sincerely,
The Oak Ridge Site-wide IRB
