We are asking people to be in a research study that will help us learn more about what people think about HIV prevention and testing messages and advertisements. RTI International, a research company in North Carolina is conducting the study. The Centers for Disease Control and Prevention (CDC) in Atlanta, Georgia is funding the research.

To see if you are a good match for this study, we will need to ask you some personal questions. Some of the questions will be about your sexual orientation, recent sexual activity, and your HIV status, if you know it. It is your choice to answer the questions. Your answers will be kept private to the extent allowed by law. You can refuse to answer any question or stop at any time.

May we ask you questions to see if you are a good match for this study?

- Yes
- No

Public reporting burden of this collection of information is estimated to average 2 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-0920)

Survey Consent

Introduction and Purpose:

You have been asked to take part in a survey as part of a research study. The purpose of the survey is to hear your opinions about HIV-related topics and messages. RTI International, a nonprofit research organization in North Carolina, is conducting the survey. The interview is sponsored by the Centers for Disease Control and Prevention (CDC).

Procedures:

The survey is about HIV-related information and messages and should take approximately 30 minutes to complete.

Risk/Discomforts:

There is no known physical risk to you from being in the study. You might feel embarrassed or upset by some questions in this survey. The survey includes questions about your background and your ideas and actions regarding HIV. It also asks your opinions about HIV ads. You can decline to answer any question for any reason. You can stop the survey at any time.

Benefits:

There is no direct benefit to you for taking this survey. However, you may learn more about HIV.

Privacy:

Your responses will be kept private to the extent allowable by law. No identifying information will be included on the survey.

Remuneration:

We will give you points redeemable for merchandise as a token of our appreciation.

Right to Refuse or Withdraw:

It is your choice to do this survey. You can choose not to answer any question. You can stop taking the survey at any time.

Persons to Contact:

If you have questions about the survey, you can call Dr. Jennifer Uhrig at 1-800-334-8571, extension 23311. She can be reached between 9 a.m. and 5 p.m., Eastern Standard Time, Monday–Friday. If you have questions about your rights as a participant, you can call RTI's Office of Research Protection toll-free at 1-866-214-2043.

Consent

Please choose one to continue with the survey:

- I have read this consent form and agree to participate in the survey.
- I have read this consent form and do not want to participate in the survey.

Public reporting burden of this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; Attn: OMB-PRA (0920-0920).

MY REASON HOPE
Test for HIV

we think you should get tested for HIV. It's the only way to know if you have it. And if you do, you can get it under control. It's not a death sentence. It's a manageable condition. And you can live a long, healthy life. So get tested. It's the best way to protect yourself and your loved ones. For more information, visit www.actagainsthiv.org.
