Subject: 0920-1011 GenIC Request: 2015003-XXX Dengue_AZ
Importance: High

Attached is a GenIC request for 0920-1011, Emergency Epidemic Investigations Generic ICR.

Title (short): Dengue_AZ

External Entity Requesting CDC Assistance: Ken Komatsu, State Epidemiologist, Arizona Department of Health Services

Approval Requested By: November 15, 2014 at 3:00PM

Direct Questions To: Due to shared on-call coverage this weekend, please direct questions to BOTH Kris Bisgard (KMB6@cdc.gov) and Tony Neri (Bro0@cdc.gov)

We are direct routing this request to OMB via e-mail to initiate the **72-HOUR approval period**. We understand this request also will be entered into ROCIS for official routing.

The burden estimate for ROCIS is:

Data Collection Instrument Name	Type of Respondent	Data Collection Mode	No. Respondents (A)	No. Responses per Respondent (B)	Burden per Response in Minutes (C)	Total Burden in Hours (A x B x C)/60*
Appendix 1. Household questionnaire	Public	In-person interview	30	1	15	8
Appendix 2. Individual questionnaire	Public	In-person interview	150	1	15	38
Appendix 3. Environmental Collection	Federal and state staff	Field investigation	30	1	15	8
Appendix 4. Dengue case investigation form	Medical record staff	Chart abstraction	10	1	15	2
