

## Global Oncology Nursing Project Survey2

### Introduction

The NCI Center for Global Health would like to learn more about the activities of NCI-Designated Cancer Centers in relation to oncology nursing education and training projects in countries outside the U.S., especially in low and middle income countries (LMICs).

NCI is collecting, collating and making this data available with the intention of fostering collaboration among organizations and institutions, and developing an oncology nursing resource network to facilitate future projects.

OMB No.: 0925-XXXX

Expiration Date: xx/xx/20xx

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-XXXX).
