IF PARENT IS AVAILBLE

AVAIL My name is _____ from RTI International. [You/Your child] responded to an advertisement we placed for research participants between the ages of 12 and 17 for a study that will help us see how well young people understand survey questions about alcohol and drug use. We would like to talk with you further about [his/her] participation in this study.

The purpose of the study is to get feedback on how easy or difficult different questions about alcohol and drug use are to answer. These questions will be presented on a laptop computer. We are doing this research to improve the questions about past drug and alcohol use in a large national survey, called the National Survey on Drug Use and Health, which is given to about 70,000 people every year.

The survey is conducted by RTI International and is funded by the Substance Abuse and Mental Health Services Administration or SAMHSA.

The interview will take about 60 minutes and be conducted between [DATE] and [DATE] at [LOCATION]. If your child qualifies and takes part in the interview, [he/she] will receive \$40 cash for completing the interview. Since your child is under 18, he or she must be accompanied to the interview by a parent or guardian who can provide permission for the child to complete the interview in person.

Is it okay if I ask your child some questions to see if he/she is eligible for the interview?

- 1 YES, AVAILABLE [ASK PARENT TO PUT CHILD ON PHONE OR TO CALL YOU DIRECTLY, GO TO CHILD SCREENING QUESTIONS]
- 2 YES, UNAVAILABLE [GO TO CHILD]
- 3 NO [Since we cannot speak with your child to determine eligibility, we cannot interview your child for this study either. Thank you for your time and interest. CONCLUDE THE CALL.]
