

**Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0970-0401)**

---

**TITLE OF INFORMATION COLLECTION:**

ACF Office of Regional Operations Customer Feedback for Learning Experiences

**PURPOSE:**

This is a request for approval by the Office of Management and Budget (OMB), under the Federal Paperwork Reduction Act of 1995, for a new data collection task to be added to the Administration for Children and Families’ already approved generic OMB clearance # 0970-0401. The proposed information collection activity is intended to allow for customer feedback regarding webinars and events held by ACF's Office of Regional Operations (ORO). ORO includes the Central Office in Washington DC and 10 Regional Offices located across the country based on US Department of Health and Human Services Regions. ORO plans to host various national and regional online and in-person learning experiences based on needs identified by the customers of ACF. The feedback received will allow ORO staff to understand the experience of customers with each learning experience so that they can make improvements to better serve customers and meet their information needs. The surveys will include feedback questions that are structured to be of shorter length (5 minute burden) during completion of individual learning experience for online meetings and longer length (15 minutes) at the end of in-person meetings. Data will be used ORO staff to make improvements to the future learning events. They will not be used for evaluation purposes. Due to the varied structure of each learning experience for which feedback is needed, the information collection is designed to allow ORO Central and Regional Office staff to choose feedback questions tailored to the experience and reduce the potential burden on respondents of needing to answer identical questions for every instance, even when those questions may not be applicable. Tailored surveys will not exceed the times noted above.

**DESCRIPTION OF RESPONDENTS:**

Participants will include state and local human services agency staff, non-profit organization staff, or other public or private organization staff who attend learning experiences and meetings offered by ORO Central and Regional Offices. The participants will be able to provide feedback on the learning experiences, which will inform ORO's planning.
