[OFFICIAL LETTERHEAD]

CMV Carrier Company Name Attn: Contact Name or Generic Title Contact Address 1 Contact Address 2 Contact City, State, Zip

Dear [Contact Name or Generic Title]:

The primary mission of the Federal Motor Carrier Safety Administration (FMCSA) of the US Department of Transportation is to reduce crashes, injuries and fatalities involving large trucks and buses. Recent reports show declines in both truck and bus crashes over a ten-year period. While these findings are encouraging, much work needs to be done to prevent commercial motor vehicle-related fatalities and injuries. An important group FMCSA works with to improve highway safety is the motor carrier industry. FMCSA works with companies like yours to advance our mutual goal of maximizing the well-being of your drivers and others who share the nation's highways.

FMCSA has contracted with Street Legal Industries, Inc. (Street Legal), to conduct a study to determine if there is a correlation between safety and the way drivers are paid and we are asking that you consider participating. Street Legal is conducting a two-part survey as part of the study. FMCSA will use study findings to develop guidelines commercial motor vehicle carriers can use in determining best practices for compensating drivers and to provide information that will be useful to FMCSA as policy issues are considered. The study report will be made available to the public on the FMCSA website.

Your participation in the study is voluntary. Data collected by Street Legal will be coded and your answers will be kept in strict confidence. The resulting report and dataset provided to FMCSA will be reported only in the aggregate. Personally identifiable information and information identifiable by participating company will *not* be provided to FMCSA.

The method for collecting data will be a two-part survey. The first round will consist of a short phone interview to determine how your company pays drivers. Depending on your response to that item, you may be asked additional questions. The total time anticipated for completing the first interview is anticipated to be less than ten minutes.

You may be asked to participate in a second round of data collection. Should you be selected to participate in the second round, you may be required to pull information from drivers' records. Depending on your recordkeeping system, it may take up to an hour complete the collection of driver information. You will have the option of receiving a second phone call to respond to interview questions or to complete an online, web-based form to complete a short questionnaire. It is anticipated that the interview or completing the online questionnaire will take no longer than fifteen minutes.

Should you have questions about the research study described in this letter, please contact the FMCSA contracting officer for the project:

Email Message Inviting CMV Carriers to Participate in the Impact of Driver Compensation on Commercial Motor Vehicle Safety Survey

Dear CMV Carrier Representative:

The Federal Motor Carrier Safety Administration (FMCSA) recently sent you an email message to tell you about a study that Street Legal Industries (SL) is administering for FMCSA. As you may recall from that message, the study is being conducted to determine the ways in which CMV carrier companies pay their drivers and whether pay methods correlate to driver safety.

We would like to invite you to participate in this important study by completing an online survey questionnaire. Should you participate, your information will be kept in strictest confidence. Data obtained from the survey will be coded and reported in the aggregate. Individuals completing survey questionnaires will not be identified and no individual company's data will be reported.

The survey questionnaire and instructions for completing the questionnaire can be accessed at <WEBSITE ADDRESS HERE>. The survey is presented in two parts. Every survey participant will fill out the Part 1 questionnaire. Part 1 of the questionnaire should take no longer than thirty (30) minutes to complete.

Depending on your response to certain items on Part 1 of the questionnaire, you may be asked to complete Part 2. Filling in Part 2 will also take less than thirty (30) minutes, but you will be asked to provide demographic information about your company's drivers such as average age and the numbers of drivers who are paid using various methods. The amount of time it will take for you to research information required for Part 2 will depend on your accessibility of your company's driver information.

Note that you will be able to complete part of the questionnaire, save it, and return to the survey website to complete the survey at a later time. There is an email link at the survey website to send questions about questionnaire items to the research team. You will also have the option of sending questions to the FMCSA about the study to Ms. Terri Hallquist, FMCSA <WHAT TITLE SHOULD GO HERE? > through another the email link available at the survey website.

We certainly hope that you'll participate in this important study. Thank you for your consideration.

Email Follow-Up Message Encouraging CMV Carriers to Participate in the Impact of Driver Compensation on Commercial Motor Vehicle Safety Survey

Dear CMV Carrier Representative:

We recently transmitted an email message to you containing an invitation to participate in a study that Street Legal Industries (SL) is administering for the Federal Motor Carrier Safety Administration (FMCSA). The study is being conducted to determine the ways in which CMV carrier companies pay their drivers and whether pay methods correlate to driver safety.

We urge you to participate in this important study by completing an online survey questionnaire. Should you participate, your information will be kept in strictest confidence. Data obtained from the survey will be coded and reported in the aggregate. Individuals completing survey questionnaires will not be identified and no individual company's data will be reported.

A few reminders about the survey:

- The survey questionnaire and instructions for completing the questionnaire can be accessed at <WEBSITE ADDRESS HERE>. The survey is presented in two parts. Every survey participant will fill out the Part 1 questionnaire. Part 1 of the questionnaire should take no longer than thirty (30) minutes to complete.
- Depending on your response to certain items on Part 1 of the questionnaire, you may be asked to complete Part 2. Filling in Part 2 will also take less than thirty (30) minutes, but you will be asked to provide demographic information about your company's drivers such as average age and the numbers of drivers who are paid using various methods. The amount of time it will take for you to research information required for Part 2 will depend on your accessibility of your company's driver information.
- You will be able to complete part of the questionnaire, save it, and return to the survey website
 to complete the survey at a later time. There is an email link at the survey website to send
 questions about questionnaire items to the research team. You will also have the option of
 sending questions to the FMCSA about the study to Ms. Terri Hallquist, FMCSA <WHAT TITLE
 SHOULD GO HERE?> through another the email link available at the survey website.

We certainly hope that you'll participate in this important study. Thank you for your consideration.

Email Thank You Message to CMV Carriers Who Participated in the Impact of Driver Compensation on Commercial Motor Vehicle Safety Survey

Dear CMV Carrier Representative:

We are sending this email message to you to thank you for your recent completion of the survey questionnaire for the Impact of Driver Compensation Motor Vehicle Safety Survey that Street Legal Industries is conducting for the Federal Motor Carrier Safety Administration (FMCSA). Your participation will help FMCSA in its mission to advance safety in the commercial motor carrier industry.

We anticipate that the results of our study will be available <ANTICIPATED APPROXIMATE PUBLICATION DATE HERE>. The report of the study will be available to download from the FMCSA website at <FMCSA WEB ADDRESS HERE>.

Please do not hesitate to contact me should you have any questions or comments concerning the study.
