

This collection of information is voluntary. Public reporting burden is estimated to average 5 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. We will not collect any personal information that would allow anyone to identify you. Please note that a federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB control number. The OMB generic control number for this collection is 2127-0682.

Call to ACTION

Ladders of Opportunity: Transportation Youth Initiative

Call to Action to transportation professionals across the country to provide students with an introduction to transportation careers through jobs, internships, mentoring and/or career exploration activities over the summer and months to follow.

Over the next ten years, over fifty percent of the transportation workforce will be eligible for retirement. It is critical that the United States develop a skilled and diverse transportation workforce across a broad range of both professional and skilled transportation careers: engineers, planners, construction workers, welders, truck drivers, pilots and others. And, semi-skilled and skilled jobs in operations, maintenance and construction are in great demand today. Transportation jobs pay well, and most transportation jobs include strong benefits in addition to good wages.

Secretary Foxx invites YOU to introduce at least one student to transportation careers. Join Secretary Foxx in his Call to Action!
