A. Justification

1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.

The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers the Fiduciary Program. The Fiduciary Program provides oversight to VA beneficiaries who, because of injury, disease, the infirmities of advanced age, or minority are unable to manage their VA benefits. VA currently uses VA Forms 21P-4706b and VA Form 21P-2706c for fiduciaries to submit their annual accountings. As a result of proposed rule 2900-AO53, this collection of information includes not only the submission of accountings to VA, but also disclosure to the beneficiary. VA currently uses VA Form 21P-4718a, as evidence and disclosure to support the accountings submitted by fiduciaries.

2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.

VA Form 21P-4706b, 21P-4706c, and 21P-4718a will be completed by VA appointed and recognized fiduciaries of VA beneficiaries. The information will be used by VA fiduciary hub staff to determine whether an individual is an appropriate fiduciary and properly using and maintaining an accounting of the VA beneficiaries compensation or pension payments. VA continues to use the information provided on these forms in the oversight of VA fiduciaries.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also described any consideration of using information technology to reduce burden.

VA Form 21P-4706b and 21P-4718a are available on the One-VA web site in a fillable electronic format. VA Form 21P-4706c requires a sworn signature, therefore it is not available in the fillable electronic format. VBA is currently hosting forms on a secure server and does not currently have the technology in place to allow for the complete submission of the form. Validation edits are performed to assure data information to be submitted electronically with a recognized signature technology. There currently is no utility process in place that will allow the data submitted on the form to be incorporated with an existing centralized legacy database. Veterans Online Applications (VONAPP) allows applicants to view, print, and submit applications electronically to VBA. However, VA Form 21P-4706b, 21P-4706c, and 21P-4718a are not forms scheduled to be added to VONAPP. The Department will reconsider adding the form to VONAPP when the resources become available.

4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.

The collection of information does not involve small businesses or entities.

6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.

These forms are used for VA appointed fiduciaries to submit their accountings. Without the collection of this information, VA may be negligent in overseeing fiduciaries it appoints to manage a beneficiary's VA benefits.

7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.

There are no special circumstances that require the collection to be conducted in a manner inconsistent with the guidelines of 5 CFR 1320.6.

8. a. If applicable, provide a copy and identify the date and page number of publication in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.

The Department notice was published in the Federal Register on August 3, 2015, Volume 80, No. 148 on page 46107. No comments received based on this request.

b. Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, clarity of instructions and recordkeeping, disclosure or reporting format, and on the data elements to be recorded, disclosed or reported. Explain any circumstances which preclude consultation every three years with representatives of those from whom information is to be obtained.

This submission does not involve any recordkeeping costs.

9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.

No payments or gifts to respondents have been made under this collection of information.

10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.

The records are maintained in the appropriate Privacy Act System of Records identified as “Compensation, Pension, Education, and Rehabilitation Records—VA (58VA21/22/28)” as set forth in Privacy Act Issuances, 1993 compilation found in 74 Fed. Reg. 117 (June 19, 2009).

11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

There are no questions of a sensitive nature.

12. Estimate of the hour burden of the collection of information:

Estimate of Information Collection Burden.

a. Number of Respondents is estimated at 35,000 per year for all forms.

VA Form 21-4706 is being discontinued.
VA Form 21-4706b is estimated at 28,000 per year
VA Form 21-4706c is estimated at 7,000 per year
VA Form 21-4718 is being discontinued
VA Form 21-4718a is estimated at 35,000 per year

b. Frequency of Response can be semi-annual or annually depending on the findings of the VA fiduciary hub staff.

c. Annual burden is 17,850 hours.

VA Form 21-4706 is being discontinued
VA Form 21-4706b is estimated at 12,600
VA Form 21-4706c is estimated at 3,500
VA Form 21-4718 is being discontinued
VA Form 21-4718a is estimated at 1,750

d. The estimated completion time of each form is as follows:

VA Form 21-4706 is being discontinued

 VA Form 21-4706c is 30 minutes
 VA Form 21-4718 is being discontinued
 VA Form 21-4718a is 3 minutes

These estimates are based on review by staff personnel and previous usage of this form.

e. The total estimated cost to respondents is \$446,250 (17,850 x \$25 an hour). Plus additional time required to provide a copy to the beneficiary of VA Form 21P-4706b and VA Form 21P-4706c is 2 minutes.

f. According to the U.S. Bureau of Labor Statistics Average Hourly Earnings, the median hourly earnings (all employees) of respondents is \$25. The total cost to the respondents is estimated at \$446,781.30 (17,850 x \$25 per hour + 531.3).

13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).

- a. There is no capital, start-up, operation or maintenance costs.
- b. Cost estimates are not expected to vary widely. The only cost is that for the time of the respondent.
- c. There are no anticipated capital start-up cost components or requests to provide information.

14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.

Estimated Costs to the Federal Government:

a. Processing/Analyzing costs	\$999,043.15
GS-10/5 @ \$30.88 x 35,000 x 30 minutes =	\$540,400
GS-9/5 @\$28.04 x 35,000 x 27 minutes =	\$441,630
GS-3/5 @\$14.73 x 35,000 x 3 minutes =	\$17,013.15
b. Printing and production cost	\$0
c. Total cost to government	\$999,043.15

15. Explain the reason for any burden hour changes since the last submission.

Adjustment is due to changes in the program. The expiration date placeholder has been added to the forms.

16. For collections of information whose results will be published, outline plans for tabulation and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.

The information collection is not for publication or tabulation use.

17. If seeking approval to omit the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.

We are not seeking approval for omission of expiration date.

18. Explain each exception to the certification statement identified in Item 19, "Certification for Paperwork Reduction Act Submissions," of OMB 83-I.

This submission does not contain any exceptions to the certification statement.

B. COLLECTIONS OF INFORMATION EMPLOYING STATISTICAL METHODS
