

Non-Substantive Change Request for Information Collection 3060-1057

The Federal Communication Commission (“Commission”) is submitting a non-substantive change request to the Office of Management and Budget (OPM) to allow IHF and 325(c) applicants the **option** to upload a completed .PDF copy of their applications in the International Bureau Filing System (IBFS) and make their payment of the application filing fees electronically. Please note that this method is optional rather than mandatory. Currently, applicants re: IHF and Section 325(c) submit applications to the Commission in paper form. Additionally, applicants mail (by express or regular mail) or file in person a Form 159 with a designated bank in order to pay application filing fees. It takes approximately two to three weeks for the bank to process and credit the paid fees and forward the information to the Commission. This option will save time for the applicant, the bank and Commission staff. There are no other changes to the information collection, including burden estimates.
