Instructions for Bank Identification Form (SBA Form 34)  
(Funding Net Proceeds)

---

The Small Business Administration has made arrangements to have the proceeds of the funding of SBA-Guaranteed SBIC Leverage disbursed to SBICs by wire transfer of funds to the bank accounts of the SBICs. This procedure will minimize the time lag between receipt of the proceeds of the funding and the availability of the net proceeds to the SBICs.

An SBIC's account may or may not be with a MEMBER BANK OF THE FEDERAL RESERVE SYSTEM ("MEMBER BANK"). If an SBIC's account is with a MEMBER BANK, the SBA or its agent will wire the net proceeds of the funding directly to the SBIC's bank for credit to the SBIC's bank account.

If the SBIC's account is not with a MEMBER BANK, the non-member bank or other financial institution where the funds are to be deposited must have a correspondent or affiliated bank that is a MEMBER BANK. In this case, the SBA or its agent will wire the net proceeds of the funding to the correspondent or affiliated MEMBER BANK which will then credit the SBIC's bank or financial institution for further credit to the SBIC's account.

To receive funds, each SBIC must furnish the requested information, and have an authorized official sign and date the attached form. Please submit an updated SBA Form 34 to us whenever the banking information provided changes, and you plan to draw upon an outstanding SBA commitment for Leverage. Submit any new form by both fax [Fax # (202) 205-6075], and mail [U.S. Small Business Administration, Investment Division, Funding Admin. Branch, 409 Third Street, SW, Washington, DC 20416].

Please answer the questions on the attached form and provide the information required.

CAUTION: Failure to provide any part of this information, or the filing of inaccurate information may delay your receipt of funds or prevent SBA or its agents from including your leverage request in the funding.

PLEASE NOTE: The estimated burden for completing this form is 20 minutes per response. You are not required to respond to any collection of information unless it displays a currently valid OMB approval number.
