

March 2015

**Justification for Change
0505-0025**

In an earlier non-substantive, non-material request, the agency asked to remove these four forms, AD-3030, AD-3031, AD-3030-FS and AD-3031-FS from this package when new 2015 government-wide appropriations legislation language was passed.

Since then, the agency has learned that the use of the previous versions is still required until carryover funds subject to the felony conviction/tax delinquency restriction provisions in FY 2012, 2013 and 2014 appropriations legislation is exhausted.

With this request we would like to add back the previous versions. To distinguish them from the government-wide versions the agency has made the following changes:

AD-3030 is now AD-3030-Y
AD-3031 is now AD-3031-Y

Under the title of forms 3030-Y and 3031-Y it says – (FY 2012 and 2013only)

AD-3030-FS – no change in number as the FS already sets it apart.
AD-3031-FS – no change in number as the FS already sets it apart.

Under the title of forms 3030-FS and 3031-FS it says – (FY 2012, 2013 and 2014 only)

The addition of these forms as an alternate choice does not increase respondents or the burden.
