To: **[ALL FNS REGIONAL DIRECTORS]**

Subject: “Third National Survey of WIC Participants Study” Survey

Dear **[FIRST NAME] [LAST NAME]**:

2M Research Services and its partner, Abt Associates, are working with Capital Consulting Corporation, a company that conducts research studies in health and human services, to conduct a survey for the U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS), as part of a study called “Third National Survey of WIC Participants (NSWP-III).”

FNS has commissioned this study to identify information on certification-related policies, and to obtain a description of caseload and operations from each State agency. This study will allow FNS to fulfill the requirements of the Improper Payment Elimination and Recovery Improvement Act (IPERIA). As such, we request your cooperation in the study.

Representatives working with Capital Consulting will be contacting nine State WIC Directors, requesting their participation in a pretest of the web survey. WIC State agency participation in this pretest is highly valuable and will help improve the surveys. FNS appreciates your office’s support of this activity.

Please notify each of your State WIC Directors on the attached list about the study, and encourage their assistance with any study requests. For your convenience, a letter is attached to this email that can be forwarded directly to State Agency Directors. If you have questions or need additional information, please contact me or Sarah Widor, SFPO Director.

Thank you in advance for your assistance.
