MINER'S HEIGHT (stocking feet) _____ cm or inches (circle)	MINER'S WEIGHT (stocking feet) _____ kg or pounds (circle)	

SPIROMETRY TEST RESULTS *			
	Trial # ____	Trial # ____	Trial # ____
FVC			
FEV1			
FEV6			
Peak Expiratory Flow			
Technician's Evaluation of Miner's Effort <input type="checkbox"/> Maximal <input type="checkbox"/> Sub-maximal <input type="checkbox"/> Uncertain			

*Report results from 3 trials, which include the highest and second highest FVC and FEV1 values and the highest Peak Expiratory Flow value, from among all acceptable curves.

Electronic copies of the volume-time and flow-volume curves for the trials above are included with this form.

Public reporting burden of this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0020).
