

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0920-1071)

TITLE OF INFORMATION COLLECTION:

Customer Satisfaction Survey for CDC AR Isolate Bank Year 2

PURPOSE:

The CDC AR Isolate Bank Customer Satisfaction Survey will capture feedback regarding ease of use, product quality, and expectations for future panels from AR Isolate Bank customers.

This survey comes two years after the AR Isolate Bank launched. Since the first satisfaction survey (OMB No. 0920-16AOU 05/27/2016), the Bank’s customer base has more than doubled and represents an even more diverse set of users. Results may inform additional new features and/or isolates to meet these new users’ needs, and may also provide insight for success stories. Results from the Year 2 survey will be compared to the previous year’s to better determine how each sector is utilizing CDC’s isolates, assess how well the customer needs have been met, and establish areas for future improvement. Feedback will also be helpful as CDC works to improve the Bank’s web interface and customer engagement process.

DESCRIPTION OF RESPONDENTS:

Respondents will be those who have received orders from the AR Isolate Bank. Respondents represent laboratorians and researchers at academic research institutions, device and drug manufacturers, hospitals and clinics, state and local health departments, and other U.S. Federal agencies.
