Sample Table Shell 2–Demographic Characteristics of Athletes

Sample Table Snell 2—Demographic Characteristics of Athletes			
	Number (%)		
Age			
14			
15			
16			
17			
18			
Sex			
Male			
Female			
Race			
White			
Black			
Asian			
American Indian/Alaskan Native			
Pacific Islander			
Ethnicity			
Hispanic			
Non-Hispanic			
Years Playing Sport			
0-2			
3-5			
6-9			
10+			
Diagnosed with prior concussion			
Yes			
No			
Number of prior concussions			
1			
2-4			
5+			
Diagnosed with prior sport concussion			
Yes			

No	
Number of prior sport-related concussions	
1	
2-4	
5+	

Sample Table Shell 3–Incidence Rates of Concussions among Athletes

Sample Table Shell 3—Incluence Rates of Concussions among Adhetes				
				Relative
		Athlete Exposure	Rate per 1000	Risk
	Number	(AE) Hours	AE (95% CI)	(95% CI)
Total Events				
Practice				
Game
